LOWELL RETURNS

Knox Carried the City by a Small Majority.

Ramsay and Dobbins go Down in Defeat—Flynn and Marcellus Fletcher Lead the Ticket—Other Returns.

Soon after the polls closed, The Sun had its stereopticon ready to cast the returns on canvas in front of the building so that the multitude anxiously awaiting the results on Merrimack square could get them at the earliest possible moment.

A crowd numbering about ten thousand filled the square and almost blocked travel until the more important returns had been cast on the canvas.

As Flynn's gains were put out, the crowd cheered and cheered itself hoarse. The democratic gains in the 26th district were also greeted with cheers and so with the announcement of every sign of democratic gain. It was mainly a democratic crowd which could not be aroused to enthusiasm by the antics of the rube Courier man with a megaphone.

The early returns which came over The Sun wire were of course incomplete But they gave the first indications of thefinal result. They are in part given below:

The announcement that Roosevelt was elected in New York was a greater damper on democratic ardor and afafterwards came the news that Fitzgerald was elected in the ninth, Naphen in the tenth and Thayer in the third defeating Congressman Walker.

But the news of Senator Flynn's defeat was all the more regretted considering that he made such an excellent run. Ramsdell also went down in defeat at Lynn after one of the most gallant fights ever made in any district.

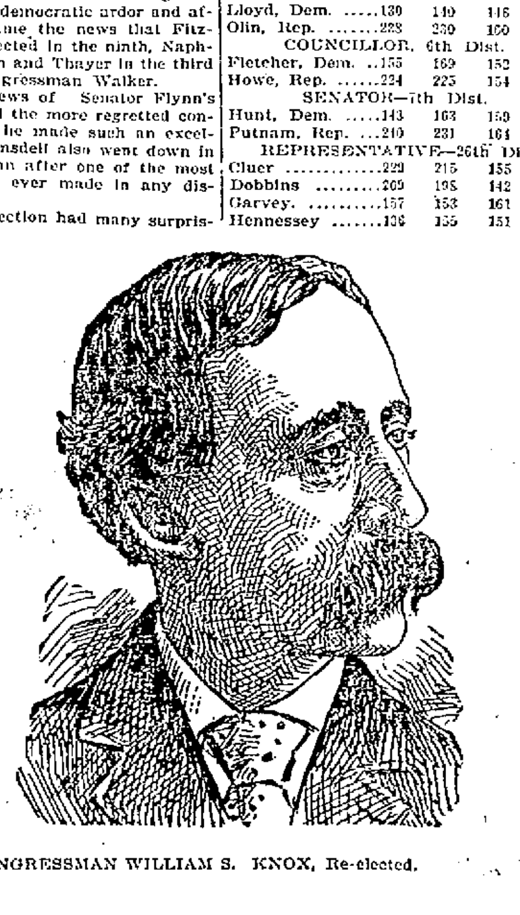

The local election had many surprises for the republicans and considerable comfort for the democrats. Ramsay went down in defeat before Lieut. Quigley, as did Dobbins before Mansfield, while John T. Sparks of Dracut is elected by a small margin. Marcellus Fletcher made a most phenomenal run, his oponent beating him by but a single vote in the entire city. Ramsay's defeat has caused rejoicing at Chelmsford and nearly everywhere Lieut. Quigley is greeted as the representative of the whole people, for all combined in electing him. The local and suburban returns follow with such outside contests as are of most interest to the people of Lowell.

REP.-ELECT QUIGLEY, 25th District.

MARCELLUS FLETCHER.

POLLED A GREAT VOTE FOR COUNCILLOR.

Hats off to the old war-horse of the democracy!

Hooray for Marcellus H. Fletcher who ran way ahead of everybody!!

Marcellus missed Lowell by just one single solitary vote.

'Cellus didn't canvass the city or stump or he would have carried it by a large majority. He simply accepted the nomination for councillor with thanks and went right along hustling for everyone but himself.

The democracy, however, stuck to the veteran worker in the ranks to a man and if some one hadn't stayed away from the polls, he would have had the honor running a tie vote.

The total councillor vote is as follows:

REP.-ELECT MANSFIELD, 25th District.

CONGRESSMAN-ELECT NAPHEN, Elected in the Tenth Cong. District.

CO. M SOLDIERS.

FIND IT HARD TO WHILE AWAY THEIR TIME.

Co. M soldiers find it hard to while away their time which passes very slow at the armory. They are looking forward to the first country walk that has been promised them by Lieut. McNulty. Various amusements are adopted to pass away the time. Card playing, bowling and racing are the principal pastimes. For the latter the drill shed is used and it furnishes a course of about 60 yards. Racing is confined to recruits, however. Several of the Santiago men tried it and the strain proved too much for them. They were sick for some time afterwards.

Yesterday the boys were allowed passes to go out and vote. Captain Mitten, Lieut. Gillow and Lieut. McNulty were on hand for a short time. They left the building to cast their ballots about the middle of the forenoon.

The menu for the day follows:

Breakfast—Oat meal, fried sausage, potatoes, rolls, bread and butter, coffee.

Dinner.—Roast beef, boiled dinner, rice soup, custard and mince pie, pudding and coffee.

Supper.—Meat hash, tripe friend in butter, potatoes, bread and butter, rolls, tea and coffee.

CAN KNOX DELIVER THEM?

Congressman Knox, as usual, got much support in this city from aspirants for liquor licenses and their friends by promising to give them licenses next May. He delivered his goods last year, which proved that he was backed up in his promises by the license commissioners, but whether he can deliver them this time or not is open to question. There may be no licenses to deliver to anyone next May.

The furniture that will be sold at Keyes' auction Thursday comes from one of the best families in Lowell.

Miss Mary Wetherspoon of Providence is visiting Lowell friends.

THE REPRESENTATIVE FIGHT.

As The Sun predicted some time ago, the democrats made a substantial gain in their representative districts, a gain which they are to hold during the coming two years. Three representatives are elected by the democrats, though the Citizen this morning questions the success of John T. Sparks, Dracut's candidate for the legislature.

The Sun's figures, those of the Mail, the registrars of voters of this city and Chairman Poore of the republican city committee all agree that Mr. Sparks is elected by a narrow majority. The Sparks fight was one in which every vote counted and the numerous Navy Yard voters who stayed away from the polls at the expense of Mr. Sparks, are deserving of severe criticism. Mr. Sparks lost six votes in Dracut through the closing of the poll at 3.30 o'clock, instead of 4 o'clock as was supposed to be the hour.

All lovers of fair play will note with satisfaction the stinging rebuke given to Mr. Ramsay by his overwhelming defeat.

In the 25th district Mr. Mansfield ran surprisingly well, getting in ahead of both Cluer and Dobbins who were cut, while Varney, the unknown, was high man.

25TH DISTRICT.

The country towns threw down party lines and ran the knife into Mr. Ramsay supporting Lieut. Quigley to a man. In the city wards, Ramsay fell behind and though the contest may result in a continued fight between the city and the towns, it is quite certain that Mr. Ramsay will never figure in them as a candidate. W. H. I. Hayes made gains Mr. Watson and Messrs Fagan and Shea received the nominal party vote. The result is as follows:

	Fagan, Dem.	Hayes, Rep.	Quigley, Dem.	Ramsay, Rep.	Shea, Dem.	Watson, Rep.
Ward Four	886	322	947	373	897	309

Totals	1342	2636	2548	2262	1937	2594

26TH DISTRICT.

The voting in the 26th district was somewhat of a surprise and when the results began to come in it looked for a time as if Messrs. Mansfield and Garvey would both sqeeze in though the votes of these two gentlemen differed, even as those of Cluer and Dobbins did. Mr. Dobbins is henceforth a dead letter politically. The vote of the district was as follows:

	Cluer, Rep.	Dobbins, Rep.	Garvey, Dem.	Hennessy, Dem.	Mansfield, Dem.	Varney, Rep.
Ward One	599	549	471	412	502	606

Totals	2453	2310	2316	2130	2471	2531

27TH DISTRICT.

Were it not for the characteristic inaccuracy of the Citizen on election figures, one might consider carefully its contentions that Mr. Sparks was not elected. But all other authorities are to the contrary and a verification of the vote will prove that he was elected by a narrow majority. Lieut.-Col. Butler Ames received a flattering vote as was expected and of course is high man in the district. The total vote:

Called It Cancer

A Sore Rapidly Grows Worse Until Cured by Hood's Sarsaparilla.

"I had what was said by a physician to be a cancer on my breast. It grew worse very fast and I made some salve and used it, but it did no good, and none of the remedies I bought did any good until I began taking Hood's Sarsaparilla. Before I had finished the first bottle of this medicine the sore began to heal. I kept on taking the medicine until I was cured. Some time afterward I had another sore on my left cheek. I took Hood's Sarsaparilla again and it had the same good effect." MRS. MARCELINE PAQUETTE, 397 Court Street, Brockton, Mass.

PEACE COMMISSION

Has Suspended Its Sessions at Paris.

Americans Asked for a Postponement and It Was Granted—No Session Therefore Was Held Today.

By Associated Press to The Sun.

Paris, Nov. 8.—The Spanish-American peace commissioners have notified the Minister of Foreign Affairs, M. Delcasse, that the joint sesion which was to have taken place today will not be held and that they will notify the ministry when they have determined upon the date of another meeting.

Later.—A semi-official note was issued announcing that the peace commissioners had informed the French Minister of Foreign Affairs that their conferences were suspended.

ASKED POSTPONEMENT.

By Associated Press to The Sun.

Paris, Nov. 8.—Inquiry developed the fact that the failure to hold a meeting of the commissions today was only due to the Americans asking for a postponement of the joint session until tomorrow, in order to allow time for the translation of the reply of the United States to the latest Spanish propositions regarding the Philippine Islands which was received this morning.

AWAIT INSTRUCTIONS.

By Associated Press to The Sun.

Paris, Nov. 8.—The Gaulois this morning, referring to today's sitting of the peace commissioners, says it will in no way modify the Spanish-American situation "as the American commission has orders to await further instructions from Washington."

The Gaulois then says these instructions will depend upon the result of the elections which the paper mentioned thinks will be favorable to the republicans adding: "The American government will eventually recognize that pecuniary compensation is due to Spain for the evacuation of the Philippine Islands and the negotiations will continue and be brought to a satisfactory conclusion in a friendly spirit.

TWO ARRESTED

FOR LARCENY OF CARPENTERS' TOOLS.

Charles McGillin and Charles McKenna while under the influence of liquor, were arrested on a charge of larceny by Lieut. Webster and Officer Peter A. Cawley yesterday. McGillin was in a Central street pawnshop endeavoring to dispose of carpenters' tools comprising a plane, a bit, stock and a spirit level. McKenna was standing guard on the outside of the pawnshop when the arrest was made. Both claimed that the tools were given them by a stranger. They will be charged with drunkenness (it being their third offence) pending a claimant as to the ownership of the tools.

A first class lot of furniture will be sold at Keyes' auction rooms, Thursday at 2.30.

TRIED TO MURDER

Oyster Thieves Attempt to Kill a Watchman

WHO HAD CAUGHT THEM AT WORK.

They Tried to Drown the Officer.

Providence, R. I., Nov. 8.—Between twelve and one o'clock this morning, an attempt was made to murder Walter Munroe, a watchman at the Greene oyster beds near Warren. Munroe discovered two oyster thieves at work and in the struggle that followed both were precipitated into the water. The thief who remained in the boat beat Munroe with an oar, while the other tried to drown him by holding his head under water. This trick failing, the thief in the boat pulled his pal from the water and both rowed away, leaving Munroe to drown, as they supposed. The latter was able to swim to the shore a quarter of a mile distant, however and aroused the farmers living in the vicinity who made a search for the murderous oyster thieves, but they could not be found.

THE MARIA TERESA

An Attempt Will be Made to Save Her.

IF THE VESSEL CAN BE FOUND.

Captain McCalla Heads the Expedition.

By Associated Press to The Sun.

Washington, Nov. 8.—The navy department is without advices concerning the Maria Teresa, but acting on newspaper statements of her reported stranding on Cat Island, in the Watling group, has sent orders to the Vulcan at Norfolk and the Potomac at Santiago to leave immediately for Cat Island and if the vessel is found to do everything possible to save her. The expedition will be under command of Captain McCalla, who commanded the Marblehead in the Spanish war and is now in charge of the Norfolk navy yard. The Vulcan should reach the scene in 48 hours and the Potomac in less time.

APPLICATION ARGUED.

By Associated Press to The Sun.

Washington, Nov. 8.—The application of John Anderson, under sentence to be hanged for murder committed on the schooner Olive Pecker, for a writ of habeas corpus, was argued in the United States supreme court today. Anderson's execution was to have taken place during August, but the application argued today operated as a stay. He will be resentenced if the court decides against him. P. J. Morris and H. G. Miller represented Anderson at today's meeting.

MILLS SOLD.

By Associated Press to The Sun.

Warren, Mass., Nov. 8.—It was learned today that a meeting of the stockholders of the West Warren Cotton mills was held in Boston yesterday, and Paymaster Charles I. Walker has brought the good news to Warren and West Warren that the mills have been sold to the Thorndyke company and that they will be started at once. They have been closed for two years, and as they employed about 500 hands it has been a serious loss to the mercantile interests of the town. The plant will be put in readiness and the shipment of cotton for manufacture will begin at once.

DEMOCRATS CONFIDENT.

By Associated Press to The Sun.

Washington, Nov. 8.—Democratic hopes were higher than ever today at democratic congressional headquarters.

Democratic headquarters were practically deserted during the day. Chairman Kerr will return to Washington during the afternoon. At democratic headquarters, however, predictions of democratic success were made with great confidence. Returns will be received at both headquarters tonight.

PANAMA ARRIVES.

By Associated Press to The Sun.

New York, November 8. The United States transport Panama, from Santiago and Havana, about whose safety fears were entertained, creating considerable excitement, prior to her arrival at Havana arrived in quarantine at 6.10 this morning.

Captain Hanlon was much surprised to learn at quarantine that any uneasiness had been felt about his ship's safety. He said that shortly after leaving Santiago, he ordered the vessel cleaned up between decks. Numerous boxes and other material were thrown overboard and drifted towards shore and this no doubt, gave rise to the report that the transport had been wrecked.

The Panama had the bodies of Capt. W. N. Dickinson and Lieut. Dennis M. Michie, 17th infantry; Lieut. Thomas A. Wansboro, 7th infantry; Sergt. M. D. Russell, 1st volunteer cavalry; and of the following privates of the Second Massachusetts volunteer infantry: Fred P. Taft, Silas Undergrave, Jr., F. Hackenser, James Wheeler, Harvey Randall, W. C. Greene and J. C. King.

There was also on board many sick soldiers belonging to regiments at Santiago, including the Fifth United States infantry, 23rd Kansas, Eighth Illinois, and Second, Third, Fifth and Ninth Immunes.

McCULLAGH'S MAN

Arrested for Disorderly Conduct in New York

MANY ARRESTS FOR ELECTION LAW VIOLATION

In New York and the Boroughs.

By Associated Press to The Sun.

New York, Nov. 8.—Otto A. Rozalsky, a former assistant district attorney and a republican, was arrested in the seventh election district of the 8th assembly district this morning. Rozalsky, who is a republican challenger, contested the right of Frank Reilly, an alleged floater for whom a warrant for illegal registration had been issued to vote. There was some discussion and Rozalsky was arrested for alleged disorderly conduct. He was taken to Eldridge street station followed by an immense and excited crowd. The police of the Eldridge street station charged the crowd but it refused to disperse until Acting Captain Zimmerman brought out the reserves. Rozalsky was discharged by Magistrate Flammer who said that the policeman had no right to arrest him. Reilly, the alleged floater, was held in $1000 bonds for trial. The court room was jammed.

Chief Devery reported that up to 10 o'clock the total number of arrests for violation of the election law was 101, and for assault four. In the boroughs of Manhattan and the Bronx, there were 88 arrests for violations and four for assault. In Brooklyn there were 12 arrests for violations of the election law, in Queens one, and in Richmond none.

Joseph Beck was held by Magistrate Wentworth in the west side police court in $100 bail for registering illegally from 157 West End avenue. He claimed that the registry clerks had made a mistake and that his address was 153 West End avenue, but he was not able to satisfy the magistrate that he had a legal residence at either place.

CONTRACTS AUTHORIZED.

By Associated Press to The Sun.

Waterville, Me., Nov. 8.—At a meeting of the stockholders of the Waterville & Wiscassett railroad held in this city, President F. C. Thayer was instructed by vote to make and sign contracts with the Kennebec Construction company to construct the said road, work to commence upon the same 20 days after signing contracts. The expense of building the aforesaid road including stations, as per agreement of construction company, is $250,000 to be paid $40,000 in cash, $50,000 in stock and $160,000 in first mortgage bonds of the company. If the open weather continues, it is probable that ground will be broken for this road during November.

Work is progressing rapidly on the Lundberg street bridge.

GENERAL MILLER

Thirteen Ladies are in the Party.

By Associated Press to The Sun.

San Francisco, Cal., Nov. 8.—The transport Newport will sail today for the Philippines with General Miller and staff. On board will be 13 ladies, wives of officers who are going and some who are at Manila.

The troops to go are the First battalion, 20th Kansas regiment, the Wyoming Light battery, assistant surgeon Charles Huffman and acting assistant surgeon Hanna, members of the hospital corps and clerks attached to headquarters.

The war department has chartered the steamer St. Paul from the Alaska commercial company to sail from this port to Manila November 17th, carrying supplies for the army stationed in the Philippines.

STEAD'S INTERVIEW.

By Associated Press to The Sun.

London, Nov. 8.—William T. Stead, writing to the Daily News from Sebastopol, having had an interview with the Czar at Livadia, reiterates his conviction of the earnestness and sincerity of the Czar's purpose in proposing disarmament. Mr. Stead says it is impossible to repeat the conversation; but he adds "My opinion is summed up in a remark which I made to a princess of the court, who meeting me as I was leaving, asked me 'Well, what is your opinion?'

"I replied simply, 'I thank God for him. If he is spared to Russia that young man will go far.'"

Mr. Stead adds that he found the Czar possessed of exceptional rapidity of perception, united with a remarkable memory and a very wide grasp of a large range of facts.

COMMITTED SUICIDE.

By Associated Press to The Sun.

Boston, Nov. 8.—John J. Jenkins, 40 years old, committed suicide this morning by taking a dose of rough on rats at his home in Somerville.

Jenkins was arrested October 23 h. for assault on his wife Mary, by throwing her from a window. She is now in the hospital. To answer to the charge Jenkins, who was out on bail, was to have appeared in court this morning and it is supposed rather than face the charge he took his life.

CHEMICAL ENGINE

Is Wanted by Residents of Belvidere.

THE ENDICOTT MEMORIAL TABLET ACCEPTED.

A Committee on Conference Appointed.

There was just a quorum present at the beginning of the regular session of the board of aldermen last night but during the evening, however, all the members showed up with the exception of Alderman Holbrook, who is ill.

Several petitions were referred to appropriate committees.

It was voted in concurrence to accept the gift of the socalled Endicott Memorial Tablet from the First Trinitarian Congregational church, the same to be placed in Memorial hall.

The proposition to approve in concurrence a lease of certain land near Lincoln square, now occupied by the lands and buildings department to A. F. Dudley was opposed by Alderman Pelree and on his motion action was deferred until the next meeting.

A petition present by Alderman Dhnon on behalf of residents of Belvidere asking that a chemical engine be stationed near the junction of Fairmount, Rogers, and Laurel streets was referred to the committee on fire department.

The matter of the use of the old school room in the Fourth street engine house by the members of the fire department for recreation purposes was referred to the committee on lands and buildings.

The board then voted to authorize the appointment of a committee in conference to consider the proposed new method of assessing taxes, and the mayor appointed Aldermen Libby, Goward and Rivet.

Alderman Pelree gave notice of the vote of the street committee to have a hearing Thursday night at 7.30 on the petition to extend Aiken street from Fort street to Merrimack street.

At 8.25 o'clock the board adjourned.

NEGATIVE SIDE WON.

At the Pawtucket church last evening a debate was held by the society. The subject was "Resolved, that all telegraph lines in the United States should be owned and controlled by the government." The speakers for the affirmative were W. T. S. Bartlett and C. F. Miles; for negative side were E. J. Ellingwood and E. S. Bourne. The negative side won. The judges were Mrs. Trevors, Mrs. Putnam, and Miss Chase. The newly elected president, Mr. Douglas Rivet, appointed the committees on debate for the ensuing year. They are as follows: Mr. Richardson, Mr. Cutler and Mr. Hoyle. The chairman of the debate was Rev. Mr. Leland.

Supt. A. K. Whitcomb of the public schools will address the teachers of Brockton next Monday afternoon on "Physical Defects."

COL. CHAS. H. ALLEN

HOW HE IS APPRECIATED BY THE SECRETARY OF NAVY.

The friends of Col. Allen of Lowell will read with interest the tribute to his ability paid him by the secretary of the navy, the Hon. John D. Long, which will appear in the Boston Sunday Herald, Nov. 3. In that issue The Boston Herald will publish for the first time the story of the naval battles of the Spanish-American war with an introduction by the secretary of the navy. The article will be illustrated by pictures of each of the engagements by Mr. L. A. Shafer and Mrs. V. H. Bailey. These illustrations outrank anything heretofore published. The Boston Herald of Nov. 13 will again demonstrate the claim of that paper to the title of New England's Greatest Newspaper.

THE BATTLE IS OVER.

The battle is over and the victory won. We have heard nothing but politics for the past few weeks and now that the smoke of the battle is over, we hear another startling announcement that will be of great interest to every lady and gentleman in Lowell. The O'Donnell & Gilbride company intend to inaugurate this week one of the greatest sacrifice sales and I might almost say give-away sales that ever took place in this city. The season has been so backward and their stock so heavy that it is almost an utter impossibility to carry such a mammoth stock. They have decided that these goods must be exchanged for cash to the people of this city. Former prices will not be considered in inaugurating this great special mark-down sale. Now ladies, there is something else in store for you. Saturday of this week this firm proposes to give a souvenir to everybody that attends their sale whether they purchase or not. Remember that this is going to be one of the greatest reduction sales this firm has ever made. See tomorrow's paper; read their immense ad. and see if there is not an opportunity to save dimes and dollars with almost every purchase at the O'Donnell & Gilbride company's sale.

LAST NIGHT'S FIRE.

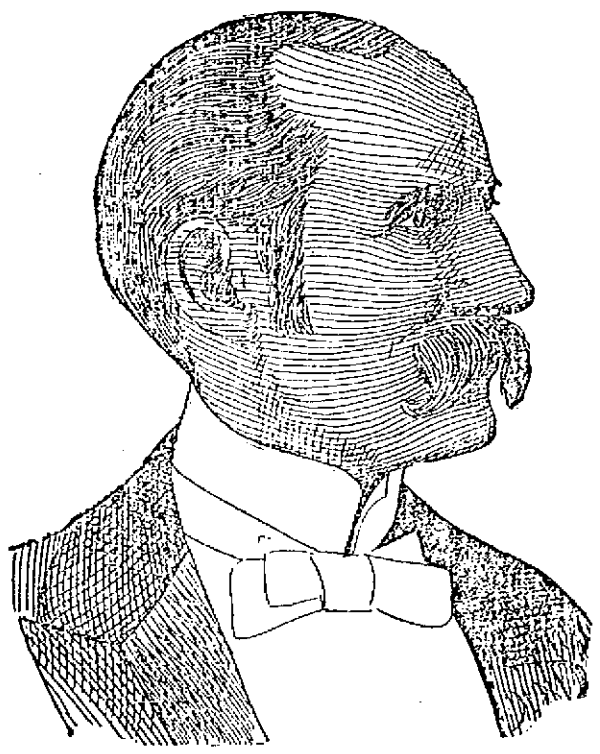

A small blaze occurred last night in the dwelling house, 852 Central street, owned by John Fahey, and occupied by H. T. Mower. The damage was not great. Insured with T. C. Lee & Co.

Dr. M. G. Parker gave an illustrated lecture on Alaska last evening before the John Eliot Literary and Social union. Its mountains, hotels, rivers and gold fields were illustrated by a large number of excellent views and the process of mining was intelligently explained.

The heirs of the late Ellen McCue desiring their several interests in their mother's estate, have determined to sell the parcel of real estate, Nos. 5, 7, and 9 Garnet street, next the corner of Middlesex street to whomsoever will bid the highest at positive auction sale tomorrow on the premises, rain or shine, promptly at 3 o'clock in the afternoon, we promise to sell without limit or reserve of any kind whatsoever, to the highest bidder at public sale the four tenement house of sixteen rooms, water closets, sewerage and city water as above located. The building is in good order and repair, is well rented; the lot has a frontage of 31½ feet, an area of 1418 square feet with a small concrete yard on one side. The income from the property is $25 a month or $336 a year. Garnet street leaves Middlesex street just opposite the new block of stores recently erected by the Appleton Manufacturing Co. The property is mighty well located, pays a good increase on the price it will sell for, has excellent future prospects, is well down town and practically on one of the most important thoroughfares and busiest business streets of Lowell. Now don't stay away from this sale and allow this property to sell for less than you would be willing to pay for it. J. E. Conant & Co. in charge.

SENATOR GEORGE E. PUTNAM, Re-elected.

A CHURCH HOME

The First Trinitarian Edifice Now Complete.

ITS BEAUTY ENHANCED BY DECORATION

For the Fair Now in Progress There.

The fair held by the First Trinitarian church people in the renovated edifice on Dutton street last night opened auspiciously with a large attendance.

Beautiful decorations had been placed on the many ornamental figures which took up prominent positions and the tables were draped with the national colors in bunting and flags. Last evening for the first time the public were given the opportunity to view the new church.

The second floor with its Nile green walls and ivory trimmings and old rose ceiling, presents a handsome appearance and the effect is greatly enhanced by many incandescent electric lights. In the drawing of the plans, effort was made to take advantage of every inch of space without the appearance of crowding and in this the architect has met with success.

In the rear of the pulpit platform is the choir loft the only one of the kind in a Protestant church in this city and also the place for the organ. The organ will be in the centre of the loft and the row of seats are facing it and gradually sloping towards it, the last rows being on the same level as the organ itself. There are 100 chairs in the choir loft and they will be taken up by the members of the chorus choir, the children on one side and the adults on the other.

All the rooms are beautiful the finish being elegant, the whole interior being attractive and handsome.

When the building was purchased by the Trinitarian church, from the old Mechanics' association, there were many relics in the attic and these became the property of the society, including Billy Phalanx the mascot which was with the Sixth all through the Porto Rico campaign. Billy looks very wise as the visitors crowd around him and shows not the slightest fear. Cassimero Rivas, the young native of Porto Rico who returned with the members of Company C to Lowell was present last night as a guest of honor.

The following executive committee has general charge of the affair: E. N. Wood, chairman; C. R. Durrant, F. M. Bill, A. F. Fyre, Mrs. J. B. Yorke, Mrs. C. T. Upton, Mrs. C. O. S. Wheeler, Mrs. George Boardman, Mrs. James Stuart Murphy, Mrs. George Ames, Mrs. L. A. Bunnell, Mrs. Edward Nichols.

The sales tables were tastefully grouped around the auditorium and were officered by the following ladies, each with a large number of assistants.

Domestic table, decorations red and white: Mrs. George Dole and Mrs. Luther Holt.

Apron table, lemon and white: Mrs. George Boardman.

Flower table, Nile green and white; Mrs. Ethel Kelly.

Fancy table, rose pink; Mrs. F. P. Crawford, Mrs. J. W. Coburn.

Handkerchief table, white and Nile green with silver tinsel: Mrs. George Ames. This table is looked after by the junior Y.P.S.C.E.

Candy table, lavender and white, with arch of hydrangeas; Mrs. Emma Riddick, Mrs. J. D. Hartwell.

GREAT GRUMBLERS.

GRUMBLING WILL CEASE, IF LOWELL PEOPLE FOLLOW THIS CITIZEN'S ADVICE.

When the kidneys are sick, they grumble.

You hear them clear through the back.

You feel them clear through the body

They grumble when overtaxed.

Know how the kidneys grumble?

It's a simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and you heed it not.

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble, and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill.

The experience of Lowell citizens proves this.

Here's a case in point:

Mr. R. J. Gilmour, residing at 51 Jenness street, who superintends the loading and unloading of cars at the Boston & Maine freight railroad depot, says: "My occupation necessitates a good deal of outsideas well as office. work and many hours on my feet. Months ago, I found my back began troubling me and that my kidneys were weak. A little cold or extra exertion increased the difficulty. There was too frequent action of the kidney secretions which weakened and annoyed me. I heard of Doan's Kidney Pills and got a box at Ellingwood & Co.'s, Merrimack and Central streets. I had taken but a few doses when I found the urinary trouble was gone and that the backache had entirely left me. I suffered from neither and am justified in backing Doan's Kidney Pills. There are many, I have no doubt, on our road, suffering as I did, and I shall be glad to tell them or others that Doan's Kidney Pills are the right thing for complaints like mine."

SIXTH REGIMENT

Will be Mustered Out of U. S. Service.

ORDER SENT TO LIEUT. COL. WEAVER.

The News is Pleasant to the Soldiers.

The work of examining the men of the Ninth Massachusetts regiment was resumed by the surgeons yesterday morning at the east armory, Boston.

The regular routine duty of mounting guard took place early and after breakfast the men were allowed to leave the armory for the purpose of casting their votes.

The captains of the various companies are all busy on their muster rolls, and this morning Capt. Joubert of Co. F, Lawrence, Capt. Mitten of Co. M, Lowell, Capt. Cannon of Co. K, Clinton, and Capt. Morris of Co. L, Natick were ordered to Boston with their clerical forces and will complete the work in this city.

These muster rolls must be in the hands of the paymaster by Monday next or possibly the regiment will be mustered out without receiving its pay.

This, Lieut. Ketchum of the Second Artillery, who is in charge of the work, will try to bviate. At the south armory everything is extremely quiet and while the rations are prepared for the full complement of men on the rolls, less than one-half embrace the opportunity of partaking of the same.

Col. Weaver, the chief mustering officer is still receiving his mail a day late from the war department on account of it being still sent to South Framingham, although the department was notified of his change of headquarters over a month ago. He has been notified by the war department that he is to muster out the Sixth Massachusetts, commencing the physical examination on January 3, the final muster out coming 20 days later.

It was thought in many quarters that the Sixth would be retained in the service and its members were looking forward with no little interest to again taking the field, but judging from the notification from the war department it has all the Massachusetts troops required.

A new flag has been substituted for the one that floated over the armory all summer. Armorer Carr raised it for the first time the day that the Sixth returned home, and it was hoisted again on Sunday when Co. M went on duty at the armory.

Eden C. Walker, who has been at Fort McPherson, Ga., for several months in the service of the army returned with his wife to Lowell yesterday. He has received his discharge from the service. He enlisted in the hospital corps and was for some time employed as a nurse. Lately, however, he has had a clerical position at Fort McPherson. Mr. Walker believes it probable that Elgin Bill and Herbert Lance and other Lowell men in the hospital corps service will have to serve out their time.

Capt. George Garity has filed the roll of his provisional company at city hall to be forwarded to the adjutant general's office. It is substantially the same roll as the one which was approved by the mayor and aldermen some time ago but it is now filed in case there is, for any reason a call for another company.

Private John Conners of the Seventh Heavy Artillery, but better known to his large number of friends in this city as "Roger" Conners, was in Lowell yesterday on a 24-hour furlough to enable him to vote.

CHEATED

The merchant who pays for advertising and doesn't get it cries out that advertising doesn't pay. He is wrong. Advertising pays if you get it. If you pay for any commodity that is never delivered, you lose money on it, just the same as you lose on advertising that you pay for but never get.

When merchants learn to buy their advertising space in the newspapers as they buy their merchandise—by measure and weight—it will pay them. Buy space by the inch per thousand of circulation and see that you get what you pay for. Then you will never be cheated in advertising and it will pay you. The Sun will give you more advertising for your money than any other paper in Lowell.

LOWELL'S GREATEST NEWSPAPER

THE SUN DISTANCED ITS COMPETITORS AS USUAL.

The people of Lowell will probably appreciate the fact that The Sun was the only paper that presented the election returns by a stereopticon last night as fast as they were flashed over the wire from every part of the country in which an election was held. The result of the contest in the Fifth district was first told by The Sun and shown on canvas to a vast multitude of spectators. And so with the returns from New York, Pennsylvania, and other points outside the state. The results of the local election were also cast upon the canvas at the earliest possible moment, so that the people who watched the figures as given out from the Sun building had the first reliable news of the election. The Sun, as usual, distanced its competitors just as it does every day in matters of news. Its enterprise yesterday and last evening is but another proof that The Sun is Lowell's leading newspaper.

SIMPLER BALLOT NEEDED.

It must be noticeable to everybody who studies election returns and especially the number of blank ballots, that the form of the ballot in this state is very complex and confusing to the average voter. But a few years ago there was such a mix-up that thousands of republicans threw their votes away by getting the names of candidates mixed, and so it is in every election. A voter will by mistake or misapprehension cast his vote for somebody for whom he did not intend to vote and against somebody for whom he did intend to vote, while many candidates are not voted for at all solely on account of the complex form of the ballot.

In many states of the union, in fact, in the majority of the states, the ballot is much more simple than in Massachusetts. The principal form and the one which is considered the simplest has the candidates of each party in one column properly headed with a circle at the top on which one cross can be placed if the voter wishes to vote the entire ticket. Then beside the name of each candidate in that column is a square in which a cross can be placed for any particular candidate in case the whole of that ticket has not been voted. In this manner the names of the candidates of each party form a vertical column, and there is no difficulty whatever in voting for the entire ticket or for any part of it. It is time that some such form of ballot were adopted in Massachusetts, because the present form of the ballot is a serious obstruction in securing the full vote of the people. No candidate gets all the votes intended for him while some candidates benefit and some lose as a result. In order to secure fair play for everybody and to facilitate the expression of the voters' choice on the ballot, it is necessary that a different form, one more simple, such as suggested here should be adopted. Massachusetts claims to be ahead of other states in many things, but she is far behind in this particular matter, and it is one of much importance. The voters may be intelligent but even the most intelligent of them in some cases make mistakes on the ballot on account of its complexity.

THE MILLS IN POLITICS.

In yesterday's selection and in the manner of bringing people to the polls, it was plainly evident that the mills of this city were working hand in hand with the republican party, and consequently against the democratic party. Their work was done under the guise of courtesies extended to those accredited by the republican city committee, while the favors thus granted were refused to democratic operatives. The courtesies extended employes were facilities for leaving the factory at any moment and proceeding to the polling booth. Hundreds of voters were called for in this way by the republican city committee and conveyed to their respective precincts, while there were hundreds of democrats who from one kind of pressure or another were prevented from going to the polls. Men who held positions of importance, such as firemen, engineers, and others who could not leave their posts until substitutes were provided, found it very difficult to get out to vote, and many of them were actually prevented because they could not leave their work. If the democratic voters had taken The Sun's advice and voted before going to work, they would have avoided this difficulty and nobody could then baffle them in the exercise of the franchise.

The action of the mills in this respect is considered an outrageous interference with the freedom of the operatives to vote as they please. It is but another reason for opposing the corporations by every fair means when they show such a desire to dominate elections. They have always acted secretly in co-operation with the republican party, and they have never failed to work the legislature through the lobbyists whenever their interests were involved in any measure that came before either branch of the general court. The action of the corporations in yesterday's election will prejudice the people of Lowell against them more than ever so that in the long run the gentlemen who offered their services so freely to Chairman Poore of the republican city committee will have reason to regret their action.

MISTAKEN IDENTITY.

Daniel Kennedy of Lynn who was supposed to have been murdered in Deering, Me., and whose supposed remains were brought to Lynn and there interred with due ceremony, has returned to the bosom of his family after a trip to the west, probably to the Alaskan gold fields. Cases of mistaken identity of this tragic character are very frequent. That which occurred recently at Taunton when Mr. Perkins brought to the railroad station what he supposed to be the remains of his daughter but which proved to be the mutilated remains of Emma Gill who however, closely resembled Miss Perkins, was perhaps the most pitiful ever heard of in this district but the old man's sorrow was soon supplanted by joy on finding that his daughter was at home, alive and well. Such experiences are dangerous to those who are troubled with heart disease.

President McKinley is not the only patriot in the republican party. There are others such as Senator Hoar who differ widely with him in his policy on the Philippines. The democrats were denounced as trying to pull down the flag that Dewey raised at Manila until men like Senator Hoar come out and endorsed the democratic position on that question.

The mules that were drafted into the army service in Cuba stood the seige as well as could be expected, notwithstanding the fact that they had no medical treatment, as the veterinary surgeon of the army was in charge of the hospitals and the corps of surgeons. Alger's selection of a surgeon turned out to be most fortunate for the mules.

The time must come when this nation will have a merchant marine as well as a fleet. The building up of such a seafaring commercial force will be the best help to the business of this country.

SCARLET FEVER.

A teacher in the West Sixth street school reported to Supt. Whitcomb yesterday that she thought one of her pupils, a boy named Scott, residing on Albion street, had scarlet fever symptoms. The matter was next reported to the health authorities and an investigation followed, which proved that the teacher's fears were correct and the boy was promptly isolated in his house and placed under medical care.

The speaking tubes in the city hall are undergoing repairs, an expert electrician having charge of the work.

There has been much difficulty experienced with these tubes, owing to an echo which emanates from said tubes when any one is speaking, making the hearing difficult.

Many favor the speaking tube telephone system such as is now in use in the buildings of the city farm and which is giving great satisfaction.

The system, if adopted would give immediate and satisfactory service from the mayor's and the city messenger's office to each department and all the little obstacles now existing obviated. So said a city official to a Sun man about the city hall.

THE ARENA OF POLITICS

RAILWAY TYRANNY.

WHY DO THE PEOPLE SUBMIT, WITH A REMEDY AT HAND?

The Government Is Robbed by the Railway Ring, and We Are All Made to Pay It Tribute—The Superior Sense of the Australians.

Dr. O. F. Taylor, editor of The Medical World, published in Philadelphia, continues to make Our Monthly Talk department a power for good in the reform field. The following is taken from the November number:

The kindly light in the darkness guides the mariner on his way and warns him from dangerous rocks. Who placed the lights in dangerous places, and who maintains them every night through all the year, and every year? The government. And they serve every ship of whatever nationality that comes within their range. And the story is only begun. When fog gathers and becomes so dense that the lights cannot penetrate it, fog horns are blown and their dismal sound is the sweetest music to the sailor in danger of being dashed upon the rocks. As the ship approaches port, buoys, lighted buoys, bell buoys, whistling buoys, etc., guide safely to the wharf or place of anchor. But years ago the government removed specially dangerous rocks, deepened channels, etc., and every year one of the largest appropriations that congress makes is the river and harbor appropriation, for the improvement of rivers and harbors. These public duties in relation to transportation by water are recognized by every country. Look about your house, upon your dinner table, etc., and you will see to what extent articles from beyond the sea enter into our daily life.

What would a country be without public roads? Imagine a town or city without public streets!

Not many of the necessities and comforts of life are produced in your immediate vicinity.

Think over all these things, and then say if you think that transportation is properly a public question. Say if you think it is an important question. When you say yes to these propositions, reflect over the fact that the mud roads and here and there a graveled road belong to the public, upon which the horse, mule and ox may be used as motive forces, while the roads of iron and steel, with the puffing, swift and never tiring locomotive, are owned and operated by private companies for private profit. Distant communities are as interdependent upon one another as adjoining communities once were, and the railroads absolutely control this interdependence. Should such control, such an important public function, be intrusted to private corporations which exist only for profit? Most other countries have long ago discovered that private control of so important a public function is inimical to the public welfare. When will we make this discovery? How long after we have made the discovery will we proceed to act upon it? The abuses are many, as most of us know, but whose fault is it? It is natural for the owners of the railroads to work for their own interests. Why don't the people work for their own interests? Not bright enough? Don't know how? Too slow?

How long will we continue to pay the railroads from eight to ten times more per pound for hauling the United States mails than the express companies pay for having their packages hauled? How much longer will we pay a rental for the postal cars equal each year to the cost of the cars, and this in addition to the monstrously high price paid for hauling the mail, while the express companies pay no rental at all? The railroads like this sort of thing, and will continue it so long as we will permit it. Those who protest against this injustice the railroads regard as disturbers, dangerous agitators, "socialists, anarchists!" They like the present condition, and they want it to continue undisturbed. But, doctor, how do you like it? Would you like to have penny postage? You can't have it while such exorbitant rates are paid to the railroads. Would you like to have a cheap and convenient package post, at about one-third the rates we have to pay to the express companies? You can't have it while such an unreasonable rate is paid to the railroads. Don't you think it is worth while to see or communicate with your senators and congressmen upon this subject? The railroads "see" them with passes. Suppose you vote for a man that can't be "seen" in this way. Write about this in your local newspaper.

The railroads hold a controlling power over the price to be paid to the farmer for his produce and the price to be paid by the consumer. Usually the rates of transportation are high until the bulk of the crop is in the hands of speculators; then the rates go down. Just why this is done, "inquire within"; that is, on the inside of the ring, if you can penetrate the deep and dark secrets there. But to those who have given attention to this subject all is as transparent as daylight. The speculators either belong to the railroad ring or "stand in" with the railroad ring. Thus the members of our most useful producing class, the farmers, are drained. When the farmer is prosperous, we all are prosperous. When the railroads rob and drain the farmers, they rob and drain us. Read Mr. Cowles' "A General Freight and Passenger Post," and Mr. Lloyd's "Wealth Against Commonwealth" for astounding accounts of discrimination and other unfair means by which the railroads contribute to the ruination of many small business concerns and build up trusts and monopolies. According to the common law, common carriers should serve the public with rigid impartiality. Rates should be constant and uniform. But instead freight rates are subject to change at any moment, and sometimes actually do change as often as several times a day, and though the law now says that rates must be uniform to all, the law is successfully evaded by rebates, false entries, etc.

Almost without exception, railroads in this country have been capitalized at from double to quadruple their actual cost. These fraudulent issues of stock and bonds have been sold to investors (who should have looked carefully into the facts before investing), and the effort is to make the railroads pay dividends or interest on this fraudulent capital. Reduce the capitalization to the actual cost and great reductions in rates could be easily afforded.

In this connection the following from the Indianapolis News may be of interest:

"Australia is a strange country and many strange things have come out of it and many good things also. The people there are, like ourselves, trying experiments in government; some of their experiments have turned out most happily; note the Australian ballot system and the Torrens land law. But anything in the way of progressive government that Australia has done in the past is likely to be overshadowed by a novel proposition that is at present being seriously discussed. In Australia the government owns the railroads, and they have been a paying branch to the government. It is proposed now to make a uniform charge on the railways for both freight and passengers, irrespective of distance. The advocates of the proposition want the railways to carry a passenger one journey as far as he wants to go for one shilling, and to haul freight from any point in the interior to the seaport for the uniform rate of five shillings a ton. That the proposal is not so crazy as it would seem at first sight may be seen when it is known that, besides owning the railways, the government owns the most of the land in the interior, which it rents out to woolgrowers. The rental of these lands is very low, owing largely to the long and expensive carriage to the market for wool and mutton, and it is said by the advocates of the uniform railway rate that the lessees of the government lands would gladly pay more rent if the proposed reduction in freight were made. Estimates have been prepared showing that the enhanced revenue from the government lands would more than compensate for the deficiency in operating the government railways. It is also pointed out that the low railway rates would have a happy effect in settling the interior of the country. Finally, the advocates of the scheme argue that, as the railways are built with public money, and as the enhanced rental of the public lands will pay interest on the public debt and at the same time create a sinking fund that will in time wipe it out, there can be no objection to the rather startling innovation they wish to introduce."

Will Silver Be Dropped?

The cat is out of the bag. What many observant people have noticed is actually taking place. The silver issue is being gradually dropped, and that by the most radical and influential Democrats at headquarters. The slogan in 1900 will be, "Down with the trusts!" The Washington correspondent of the Kansas City World, Mr. R. H. Hazard, telegraphs his paper a long story, which contains the following among other things: "From the Democratic national committee headquarters here the tip has been quietly given out, 'Drop silver,' and it will be dropped accordingly." It is pointed out that the Democrats in the big eastern states are repudiating the white metal and that other states will follow. "Even as conservative a leader as Samuel Gompers of the Federation of Labor," writes Mr. Hazard, "a man who seldom speaks on party questions, said to me yesterday: 'The laboring men of the country are sick of the silver cry. They are ready, though, to take up the fight against trusts. If the Democrats will make that their issue in the next general election, they will get the bulk of the labor vote.'" It is concluded that the agitation against trusts, the showing up of the ill treatment of soldiers and the killing of miners by soulless corporations will force silver to the rear.—Cleveland Citizen.

That's Different.

Nebraska failed to cast its electoral vote for Major McKinley, but there will be nothing in connection with the great assemblage at Omaha this week to indicate that the state will ever again be guilty of such a dereliction of duty.—Globe-Democrat.

The president's reception was nonpartisan. The citizens of Nebraska are gentlemen and ladies, and when the president visits them they give him a cordial welcome and forget all about his disgraceful politics and still more disgraceful policy. The members of the reform party of Omaha cannot yet speak above a whisper as a result of their exceeding politeness and cordiality. We will always cheer the president of the United States, but if he were a candidate for re-election today he would be buried under by 50,000 or more majority in the state of Nebraska.—Omaha Nonconformist.

The G. O. P. and Pensions.

It is claimed with a good deal of gusto by the pseudo prosperity papers that the g. o. p. is entitled to all the credit for the pension laws. Yes, your party made it possible for the retired army officers to draw princely salaries of from one hundred to several hundred dollars per month, while the poor and deserving soldier privates who slept on the ground are grudgingly given the beggarly and miserable pittance of $4 to $12 per month.—Courtland (Neb.) Herald.

Prussian Railways.

The net receipts of the Prussian railways in 1897 were 603,899,060 marks against 469,468,650 marks in 1896. The profits were 7.16 per cent in 1897 against 6.25 per cent in 1896. The receipts exceeded the estimates by 63,761,260 marks, or 14.49per cent.

THREE DEMOCRATS

The N. E. Delegation to Next Congress.

GOV. ROGER WOLCOTT, Re-elected.

Naphen Elected in the Tenth—Fitzgerald in the Ninth—Thayer in the Third District.

Boston, Nov. 9.—The vote of the state is nearly complete, and gives Governor Wolcott (Rep.) a plurality over A. S. Bruce (Dem.) of 78,117. The Democratic vote in 341 cities and towns out of 352 was 103,700, which was somewhat larger than the total vote of Williams in 1896, and 24,000 ahead of his vote of last year. Governor Wolcott's vote is 60,000 behind that of 1896 and 16,000 ahead of the vote of 1897. The congressional delegation will stand 10 Republicans and three Democrats, a gain of two by the latter, while the legislature will stand practically the same as last year, and will re-elect Lodge as senator.

The returns from the congressional districts were much slower in coming in than those for governor. There were many surprises, and the losses by the Republicans showed the result of vigorous work by the Democrats in nearly every district. While all but one of the Republicans were up for re-election, each had his majority of 1896 materially reduced, while Barrows, in the Tenth and Walker in the Third district were defeated. In nearly every case the Republican vote fell off greatly from that of 1896, although many of the candidates ran on nearly even terms with the vote for governor. While Lawrence, in the First district, ran fairly well, Gillette, in the Second, was badly cut, and his opponent gained over the vote of 1896.

Knox, in the Fifth, until the small towns came to his rescue, fared very badly and at one time it appeared as if he had been defeated.

The Republicans also hoped to carry the Ninth district with the aid of the Independent Democratic candidate, but here again they were disappointed, while in the Seventh, where Barrett had a wide margin in 1896, the warm fight of Mayor Ramsdell made great inroads into the Republican ranks, although he was treated to a surprise in his own city, which he lost by over 500 votes.

The Republican vote in the Eleventh district fell off, while the Democratic candidate, Baker, gained considerably. The vote in the Fourth district also fell off, but both sides suffered nearly equally.

In the Twelfth district Brady ran ahead of the Democratic vote of 1896; Lovering went behind his own of that year.

Greene, in the Thirteenth, ran well, while his opponent lost ground.

While Governor Wolcott was re-elected by an increased plurality over last year, the Democrats made surprising gains in nearly every congressional district, and not only succeeded in increasing its representation from one to three, but defeated Joseph H. Walker of Worcester, supposed to have been one of the strongest opponents in the whole state. The election of John R. Thayer in Walker's district, the Third, was as much a surprise to the Democrats as to the Republicans, and proved to be the sensation of the whole campaign.

THE GRANITE STATE.

Concord, N. H., Nov. 9.—The returns at hand for New Hampshire show that the Republicans have a lead indicating at least 7000 for their candidate for governor, and half that for each congressional district.

Senator Jacob H. Gallinger, chairman of the Republican state committee, issued this statement: The indications at midnight show the election of Rollins for governor by from 8000 to 10,000 majority, and that the Republicans will have from 18 to 20 of the 24 state senators, and nearly the same majority in the house as two years ago. Both Republican congressmen are elected. No returns have been received from councillor districts, but, basing the councillor vote on that for governor, I should say that all five Republican councillors are elected. It is possible that the state senate may stand the same as two years ago—21 Republicans and 3 Democrats.

The Republicans gain a senator in the Twenty-fourth district, where Yeaton is elected over Norris, and there are no present indications that we have lost more than one senator.

The following statement was made by F. W. Rollins, Republican candidate for governor: "I estimate that I am elected by from 7000 to 10,000 plurality, and that the general ticket throughout the state has been elected by a handsome margin. The house will be very strongly Republican, and the senate overwhelmingly so."

Senator Chandler: "There is a sweeping Republican victory in New Hampshire for governor, both congressmen, and the legislature; carried by popular majorities about one-half of those of 1896, when he had the greatest gain made in any two congressional districts in the Union. The Republicans of the state have had special troubles to overcome, but the complete result shows that the state approves the war with Spain, and the conduct of President McKinley in its prosecution."

AS ANTICIPATED.

New Haven, Nov. 9.—Connecticut's election resulted exactly as forecasted, and complete returns from all of the 168 towns in the state show a substantial Republican victory, in which the state ticket, headed by George C. Lounsbury of Ridgefield, for governor, received majorities of about 16,000; four Republican congressmen, all present incumbents, were returned; a general assembly, Republican, with a joint ballot vote of 217 against 79 Democrats elected, and Republican sheriffs in all of the eight counties chosen.

Comparison of the gubernatorial vote of this year with that of 1896 show that the Republican majorities of 50,000 in the presidential year were greatly reduced. In the congressional districts, three Republicans were returned with ease, while in the Second district, which had been considered doubtful, Mr. Sperry (Rep.), contrary to predictions, won over James H. Webb, his rival, by nearly 3600.

The day passed quietly and with no disorder at the polls or elsewhere. Remarkably fine weather brought a vote which was vastly larger than the leaders had expected.

RHODE ISLAND RETURNS.

Providence, Nov. 9.—The voting was light throughout the state, as the election of both Republican candidates for congress was a foregone conclusion. The revised constitution has probably been rejected. The country districts voted heavily against it, and unless the vote in the cities proves larger than expected it will not be approved.

PROBABLY THE TERESA.

Washington, Nov. 9.—A message received at the navy department from Captain Crowninshield, chief of the navigation bureau, who is in New York, called attention to the report that the Spanish cruiser Maria Teresa had been seen off Cat Island. The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan, now at Norfolk, be sent at once to make search for the derelict. The telegram was sent to the commandant of the Norfolk navy yard directing him to place the Vulcan in command of Captain McCalla, and send her with all dispatch to look for the Teresa. A similar order was cabled to Captain Converse at Guantanamo, directing him to send the big wrecking tug Potomac from that place northward on the same quest. She goes in charge of Commander J. E. Craven.

It is the belief of naval constructors that the Teresa took water aboard almost altogether through the decks, and not through the hull as would appear from the first accounts of the loss of the ship. These decks were rude temporary constructions and were entirely unsuitable for rough weather. The fact that the reports indicate that the ship settled by the head and that water ran into the coal bunkers and thence into the fire rooms goes to bear out the constructors' theory.

The Vulcan was one of the vessels which was towing the Teresa when she was supposed to have foundered.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department if the vessel did not founder outright within a very few hours after having been cut adrift she would almost certainly have fetched upon the shoal beach off Cat Island, for the wind and tide set directly on that beach. If so, the location is much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered with rocks and the wreckers worked at great disadvantage.

BURGLARS WORKED UNMOLESTED.

Ware, Mass., Nov. 9.—Burglars worked in the store of E. H. Howe at Enfield yesterday morning, wrecking the safe and securing watches and money to the amount of $200. The postoffice funds were left intact. The family living over the store were thrown from their beds by the force of the explosion, but no one dared to molest the burglars, who later cracked the safe in the store of Jared Gould, securing a considerable amount of cash.

AFTER FOREIGN CONCERNS.

Cincinnati, Nov. 9.—The grand jury sitting in Covington, Ky., yesterday returned indictments against 53 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

CLEANING HAVANA'S STREETS.

Havana, Nov. 9.—Street cleaning in this city has been undertaken on new lines by Acting Mayor Argulo. The principal feature of the new plan is utilizing the fire department as a street cleaning brigade. The main streets of the city are to be flooded by hose attached to the hydrants at the street corners and they are then to be cleaned down by the firemen.

MANSLAUGHTER CHARGED.

London, Nov. 9.—The coroner's jury which has been investigating the death Oct. 19 last of Harold Frederic, the correspondent of the New York Times, rendered a verdict of manslaughter against Kate Lyon, a member of the late Mr. Frederic's household, and Mrs. Mills, a Christian scientist.

END OF CAMP MERRIAM.

San Francisco, Nov. 9.—The United States transport Newport, bearing General Miller and staff and first battalion, Twentieth Kansas regiment and the Wyoming light battery, sailed last evening for the Philippines. This expedition is the last ordered to the Philippines, and Camp Merriam in this city is now a thing of the past, the only troops left here being those of the California department.

POLICE BOARD.

At a meeting of the board of police, Tuesday night, the license of James Mitchell as private detective was revoked.

Heman G. Stacey was appointed a special policeman for Lucking street and vicinity.

The common victualler's license of Allison Moore, at 140 Market street, was revoked.

Leave to withdraw was granted Louis Rives, a job wagon license at 511 Market street.

Allison Moore was granted a common victualler's license at 12 Kirk street and one to Charles C. Green at 52 Thorndike street, and a job wagon license was granted Ed. Judge at 99 Ludlam street.

Isaac Harris, a job teamster, was ordered to appear before the board on Thursday evening of next week to answer charges against him.

MONTHLY SOCIAL.

The Independent circle held their usual monthly social at the residence of Mrs. William Brown, 92 Grand street last night. There was an excellent supper followed by music both vocal and instrumental. A quartette whose members were Mrs. E. G. Russell, soprano, Mrs. Barnes, alto, Reuben Bridgett, tenor, Charles Dorr, bass, gave a number of selections and Arthur Barnes, piano, Frank Harrington, cornet, Bennett, clarionet, George Tyler, cymbals, etc., pleased those present as well as outside who like music. Mr. James Beede gave harmonica solos, accompanied on piano by Mrs. E. G. Russell.

CRICKET CLUB ELECTS.

The Plush Mill Cricket club held their first annual meeting Monday night and elected officers for the ensuing year as follows: President, John H. Mill; vice president, F. G. Humphries; secretary, B. Southam; financial secretary, Harrison; treasurer, J. W. Hall; executive committee, William Sykes, Alfred Hayward, John Dobbs, James Terry, William Livesey.

The club is in a good condition and expects to have a first class team for the next season.

BIG ODDS GIVEN

On Corbett as Against Pugilist Sharkey.

THE FIRST WAGER OF $1000 TO $700.

The Prominent Sports Interested in the Fight.

New York, Nov. 8.—As the date for the big heavyweight contest between Corbett and Sharkey, draws near, interest in sporting circles over the match increases daily. Many small bets have been made at even money, but Corbett is a slight favorite, according to the heavy betters. The largest bet made so far is $1,000 to $700. Geo. Considine made the wager with Bookmaker O'Neil, who took the short end. W. H. Brady, when informed that Considine had $1,600 on Corbett, asked for $250 of the $1000. It is probable that after today, when the election wagers are decided, the Corbett?Sharkey mill will be the betting event of the season.

Tom Sharkey continues to jog along with his routine schedule in preparing himself for his match with Corbett. He says he is well down to his fighting weight and is in perfect condition for his encounter. He rises at 7 o'clock and takes a spin on his wheel. He is back in time for breakfast, and then rests until 10 o'clock. After that comes a two-hour tramp along the shore roads about Fort Hamilton. He is back to his quarters at 12 o'clock and after cooling off, he is well rubbed down.

At 2.30 Sharkey starts in on his afternoon work. He uses the old Bay Ridge clubhouse on Second avenue and Fifty-fifth street for his indoor exercise. First on his schedule is boxing, and he puts in about half an hour of continuous sparring with Armstrong and his trainers in turn. Then he takes a whirl at the punching bag and he is an artist at the leather ball. He passes from the bag to a wrestling bout and keeps this up until his opponent is exhausted and can no longer stand the game. His attention is then turned to the wrist machine and other pulling devices and this is followed by a brisk rub down and his real hard work ends.

Tom fills in the balance of the day with bicycling, sprinting and strolling along the roads. Sharkey now weighs about 175 pounds stripped and while his face gives evidence of hard, persistent work, his frame does not appear fine drawn in the slightest.

The twenty-five round contest between George Dixon and Dave Sullivan which is scheduled to take place at the Lenox club on Friday night, is the most important fight at the weight decided in this vicinity for a long time. They are both fighters of exceptional ability who never lose a moment's time from the sound of the gong, and sports are sure to see an interesting contest with these boys as principals. The bout in itself means much to both. Should Sullivan defeat Dixon, it will prove that he is the natural opponent to face Ben Jordan. If Dixon is successful and he believes he will be, for he is in the most superb condition for this contest, he will be entitled to a return match when the latter comes to this country next month.

The betting men are divided as to their chance and although much money has been wagered it has all been at even money. The preliminary on the same evening will introduce Walter Burgo of Boston and Bob Gormully of Harlem at ten rounds.

Tim Callahan, the clever Philadelphian bantam, and Teddy McGovern have been matched to fight twenty rounds at the Greenwood club on November 19. Callahan was too ill to fill his engagement with Rice on Saturday night, but says there will be no disappointment when he meets McGovern. Both boys are pretty evenly matched and as a victory means much to either man there will be some hot fighting when they come together. McGovern was matched to fight Jimmy Barry at Coney Island on the 14th, but the Greater New York club did not come to terms and the match fell through. The Greenwood club has made an offer for the contest, but McGovern decided to take on Callahan first. The winner of the Callahan-McGovern fight will meet Barry.

Johnny Gorman and Young Diamond have been matched to go ten rounds as a preliminary to the twenty-round bout between Larry Becker and Geo. McFadden at the Excelsior boat club of Paterson on December 5.

COMFORTING WORDS TO WOMEN.

The Surgical Chair and its Tortures May be Avoided by Women Who Heed Mrs. Pinkham's Advice.

Woman's modesty is natural; it is charming.

To many women a full statement of their troubles to a male physician is almost impossible. The whole truth may be told to Mrs. Pinkham because she is a woman, and her advice is freely offered to all women sufferers.

Mrs. O. E. Ladd, of 19th and N Sts., Galveston, Texas, whose letter is printed below, was completely discouraged when she first wrote to Mrs. Pinkham. Here is what she says:

"Dear Mrs. Pinkham:—I wrote to you some time ago, telling you of my ills, but now I write to thank you for the good your remedies have done me. I have used two bottles of Lydia E. Pinkham's Vegetable Compound, three packages of Sanative Wash, and one box of Liver Pills, and to-day I call myself a well woman. I suffered with backache, constant headache, whites, sick stomach, no appetite, could not sleep, and was very nervous. At time of menstruation was in terrible pain. Your medicine is worth its weight in gold. I never can say enough in praise of it. I have recommended it to many friends. If only all suffering women would try it, there would be more happy homes and healthy women. I thank you for the change your medicine has made in me.

Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice, have saved thousands of women from hospital operations.

The lives of women are hard; whether at home with a ceaseless round of domestic duties or working at some regular employment, their daily tasks make constant war on health. If all women understood themselves fully and knew how exactly and soothingly Lydia E. Pinkham's Vegetable Compound acts on the female organs, there would be less suffering.

BOSTON'S DRY DOCK

SECRETARY OF THE NAVY LONG MAKES PUBLIC ITS PRINCIPAL

The big dry dock which the government is about to build at the Boston navy yard will be a type of all the other granite docks to be built by the government at other navy yards. Secretary Long has published the following particulars of the features of the dock for the guidance of bidders:

The dock will be of the following dimensions: Length, 750 feet; width on the floor, 80 feet; width at top, 111 feet; width at entrance, 95 feet; depth to floor, 40 feet; draught of water on the sill 30 feet.

The dry dock will be located parallel with the present granite dry dock and distant about 300 feet. It will be constructed of granite or concrete faced with granite. If built entirely of granite there will be used in its construction about 576,000 cubic feet of rubble masonry. If the dock is built of concrete, faced with granite, there will be about 256,000 cubic feet of cut granite and about 1,710,000 cubic feet of concrete.

The caisson will be steel gate in the form of a vessel 95 feet long, about 36 feet deep and about 25 feet beam.

The pumping plant will consist of 3 centrifugal pumps, about 45 inches in diameter driven electrically. The pumps will be submerged to the level of the dock floor and driven by the engines and motors from the power room above, through the intervention of vertical shafts. No boiler plant will be installed within the dock, as the power will be generated at the central electrical plant of the yard.

The dock contract will be let in one sum for the entire line of work, complete and in working order, including all incidental work and accessories necessary for the construction and completion of the dock and the cofferdam. When the work is advertised it will be for a dock constructed upon full plans and specifications prepared by the bureau of yards and docks and 60 days will be allowed bidders for the preparation of their offers for the work.

The materials entering into the construction of the dock must be of the best quality of their respective kinds. Preference will be given to no particular locality, and in the case of stone to no particular quarry, and any materials which are of the best quality and meet the standards laid down in the specifications will be accepted for the work.

Bids will be asked for a dock built entirely of granite, and also for one built of concrete, faced with granite.

The work will be publicly advertised in a few weeks.

COLLINSVILLE.

The now famous Tigers of Collinsville are very anxious to get a game with the Tremonts of Lowell or any other team in the vicinity whose weight on an average is 120 pounds. Jack Brennan has been elected manager by acclamation and will receive any answers to the challenge hereby given. Address J. Brennan, Collinsville, Mass., P. O. Box 10.

The concert and ball recently held by the Jolly Eight club at the Willow Dale pavilion last week out-distanced all the similar events held by this popular organization, in a financial way; and the sociability of the affair was a grand success, also. A large delegation of Lowell young folks attended, and the Cadet orchestra of Lowell furnished the music. For several years past the Jolly Eight social parties have been looked forward to by all the young people of the town.

The next party to be held will probably take place in a few weeks at the club rooms.

The hour schedule of the Lowell & Nashua considerably inconveniences the residents of this town who, if they start for Lowell after 5.20 o'clock in the evening have only a slight possibility of returning home via electrics the same evening. The people are disgusted with the new arrangement.

The Juniper Social club has recently admitted Harry Lenox to membership.

The Buck and Wing club will elect officers on Nov. 25.

BOYS' BRIGADE.

Rev. C. L. Merriam announced the following appointments at the last regular meeting and drill of the Boys' Brigade of the Highland Congregational church: Vice commandants, Fred Cates and Tennyson Simpson; captain, Henry L. Williams; first lieutenant, Charles G. Cheate; second lieutenant, Irving D. Kimball; adjutant, Ernest Mountain; quartermaster, Arthur Munro; color sergeant, Clark White; sergeant, Harold Jewett. Chas. Deane was named as officer of the week.

TEMPERANCE MEETING.

Mr. John A. Nicholls, the well known lecturer, will address a meeting at the First P. M. church, Gorham street, next Sunday evening at 6.30 o'clock.

WAR INVESTIGATION.

By Associated Press to The Sun.

Chicago, Nov. 8.—The war investigating commission today continued the examination of witnesses. General Dodge, chairman of the committee, now says that he can begin to see an end of the long investigation. After some evidence had been heard at Detroit, the commission will go to Washington. They have yet to visit Camp Meade, Pa.

According to Dr. Conner, the accumulation of papers and documents in the possession of the commission would fill a large sized room.

Dr. E. A. Smith of Clinton, Ia., was the first witness today. From August 20 to September 10, he was in charge of the Second Division, Third Army Corps hospital at Camp Thomas.

STREET COMMITTEE HEARINGS.

There will be hearings on the following petitions Thursday evening in the public hearing room.

Of A. L. Sturtevant that Brookside street be laid out and accepted.

Of Andrew Livingstone for a sidewalk of edgestone and cinders on the northwest side of Fourth avenue, from the Mammoth road to Mt. Grove street.

Of Edward F. Dean for sidewalk of edgestones and cinders, southeast side of Fourth avenue from Mt. Hope to Grove street.

Of Rev. J. Lefevre, O.M.I. provincial and others for the extension of Aiken street from bridge over northern canal at Ford street, southerly to Merrimack street.

Of Albert F. Grant for concrete sidewalk in front of premises 234 and 244 Gorham street.

Of W. F. Stevens for sidewalk or edgestones and cinders on the east side of West Meadow road from the Mammoth road to the land of one O'Donnell.

Of S. W. Abbott for sidewalk of edgestones and cinders on the north side of Burgess street to School street, and from School to Hastings street and on the east side of Hastings street 101 feet north from Burgess street.

Of Sarah D. Bassett for the laying out and acceptance of Newell street from Chelmsford street.

FLYNN GAINING.

By Associated Press to The Sun.

Lawrence, Mass., Nov. 8—A large vote is being polled in this city, the home of Alexander B. Bruce, the democratic candidate for governor, owing to the excellent weather conditions and local pride in a gubernatorial candiate. Congressman Knox is apparently receiving a fair vote, while it is thought the democratic candidate for congress, Joseph J. Flynn, will make gains in most of the wards. The city is strongly democratic.

TURNER KNOCKED OUT.

By Associated Press to The Sun.

London, Nov. 8.—At the National Sporting club last evening, Nat Smith knocked out Tom Turner with a blow over the heart in the thirteenth round of a boxing match. Turner remained unconscious and died this afternoon. Smith and his seconds have been arrested.

INVESTIGATING EXPENSES.

By Associated Press to The Sun.

Montpelier, Vt., Nov. 8.—A joint resolution was introduced in the legislature this morning, making the investigating committee appointed last week a joint committee, with the authority to summon witnesses. The purpose of the committee is to investigate the expenses of the state officers and state attorney.

The Simplest Cure for Indigestion

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn-out stomach do all the work, give it a much needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time because these Tablets will thoroughly digest all wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases:

Mr. J. O Wondly of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Kepple of Girty, Pa., writes: I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure Dyspepsia surely and lastingly by causing the food to be properly assimilated and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

CROKER'S ESTIMATE

Tammany is Getting Out a Full Vote.

The Great Leader Says the Democratic Ticket Will Have 50,000 Plurality.

By Associated Press to The Sun.

New York, Nov. 8.—The voting in the city continued extremely heavy up to 2 p. m. Richard Croker gave out the following statement this afternoon:

"Everything I have heard of up to this time makes democratic victory appear certain. It is an excellent day for voting and Tammany is getting out its full strength. The reports show that two thirds of the votes were cast by noon. I have no reason to change my figures of last night of 50,000 plurality for Van Wyck.

EXPLOSION OF GAS

In the Schooley Mine Burned Four Men.

TWO OTHERS OVERCOME BY FIRE DAMP

And One of Them is Dead.

By Associated Press to The Sun.

Scranton, Pa., Nov. 8.—A gas explosion in Schooley mine, near West Pittston, this morning seriously burned four men, James Coulter, John Metcalf, John McQuillin and James Mackin. Afterward fire damp following the explosion overcame Anthony Branke and John Valvens. Branke was dead when rescued but Valvens recovered.

DEMOCRATIC MAJORITY.

By Associated Press to The Sun.

Jacksonville, Fla., Nov. 8.—The day is bright and warm over the state. The democrats will elect their entire ticket.

Why is it that nearly all aged persons are thin?

And yet, when you think of it, what could you expect?

Three score years of wear and tear are enough to make the digestion weak. Yet the body must be fed.

In Scott's Emulsion, the work is all done; that is, the oil in it is digested, all ready to be taken into the blood. The body rests, while the oil feeds and nourishes, and the hypophosphites makes the nerves steady and strong.

SULLIVAN HELD

Cousin of "Dry Dollar" Sullivan Under Arrest.

IS ALLEGED TO HAVE ILLEGALLY REGISTERED.

His Bail Was Fixed at $1000.

By Associated Press to The Sun.

New York, Nov. 8.—Dennis Sullivan, a cousin of Senator T. D. Sullivan, was arrested today on a warrant charging him with having illegally registered from 57 Bowery, where Christopher Sullivan had a saloon. The case is one of the seventeen which Senator Grady is defending and in which an argument for a writ of habeas corpus was argued yesterday before Justice Lawrence. The case was that of Charles Perry. Judge Lawrence decided against Perry today and the warrants out for other men who registered from the same place were served. Sullivan was held in $1000 bail.

ALVARY IS DEAD.

By Associated Press to The Sun.

Berlin, Nov. 8.—Max Alvary, the popular German operatic tenor, who sang during many seasons in the United States, is dead at Tabarz, Thuringia.

It was announced in New York on August 29 last that Max Alvary, the well known German tenor, was impoverished and suffering from cancer of the stomach at his home in Thuringia and that this disease, which attacked him about two years ago, had brought him to death's door, leaving only a shadow of the robust Siegfried he presented in New York. Unexpected business losses, two years of enforced idleness and illness had completely swept away the fortune the singer had gathered, even his life insurance having been mortgaged to save his home.

DEMOCRATS SWEEPING TEXAS.

By Associated Press to The Sun.

St. Louis, Mo., Nov. 8.—A special from Austin, Texas, says: A heavy vote is being polled all over Texas. The democrats are sweeping the state and Sayers, for governor, will lead the ticket by 200,000 majority.

DYNAMITE STICKS.

By Associated Press to The Sun.

San Francisco, Cal., Nov. 8.—Two sticks of dynamite weighing nearly half a pound arrived through the mails on the Overland train. The sticks were in separate packages and both were addressed to George E. Hall, Turkish consul, San Francisco. The postmarks were indistinct, but it is thought the dynamite was mailed in Montana. Several weeks ago, Mr. Hall received a similar package but it was opened safely.

BREWERY COMBINE.

By Associated Press to The Sun.

Pittsburg, Pa., Nov. 8.—Negotiations are in progress for the formation of a corporation, capitalized at about $20,000,000 that will take in all the local breweries. The intention of the promoters is to merge the interests of the sixteen breweries in Alleghany county and operate them as one great company.

WILL REOPEN.

By Associated Press to The Sun.

Marlboro, Mass., Nov. 8—After a shut down of nearly three months, Rice & Hutchins, proprietors of the Middlesex shoe factory, announce that it will be re-opened on Thursday next. The factory was closed in August owing to a strike of the switchers who objected to the presence of one of the forewomen, whom the firm refused to discharge. The factory will ...ely be operated as a "free" shop and it is thought other manufacturers will attempt to employ non-union men. The Middlesex employs 200 hands running in full.

MANSLAUGHTER CHARGED.

By Associated Press to The Sun.

London, Nov. 8.—The coroner's jury, which has been investigating the death on October 19th last of Harold Frederick, the correspondent of the New York Times, rendered a verdict today of manslaughter against Kate Lyon, a member of the late Mr. Frederick's household and Mrs. Mills, a Christian scientist.

Chicago. St. Louis. New York. Montreal.

A well-known letter-carrier of Philadelphia, who is very popular with the officials as well as with the people he serves, and who has spent nearly twenty years in distributing mail around that busy quarter of the Quaker City bounded by the City Hall and Chestnut Street, says: "By reason of being on my feet most of the day, and because my duties compel me to be out in all kinds of weather, I now and then contract a cold, which used to result in disordering my entire system. However, I can say that during the past three years of service I have not stayed away even for one day on account of sickness, because Ripans Tabules have invariably helped and effectually cured me. I take a Tabule whenever I feel a change in the weather coming on, and whenever I feel particularly weary and sore from my day's tramp. One Tabule never fails to straighten me up and infuse new life into me. I do not hesitate to recommend them to my brother letter-carriers when they complain of the every-day sorts of ills, and I have never known them to fail. I owe a debt of gratitude to Ripans Tabules."

A new style packet containing TEN RIPANS TABULES in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced sort is intended for the poor and the economical. One dozen of the five-cent cartons (120 tabules) can be had by mail by sending forty-eight cents to the RIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (TEN TABULES) will be sent for five cents.

EMPIRE STATE

Elected Roosevelt for Chief Executive.

COL. ROOSEVELT, Elected Governor of New York State.

The Assembly Also Republican—Stone Elected in Pennsylvania—Results in Other States—Democratic House in Congress.

Forty-two states held elections yesterday. Three states, Maine, Vermont and Oregon, have already held their elections.

In 10 of the 42 states, Alabama, Arkansas, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Rhode Island and Virginia, only congressmen were voted for.

Twenty-three states, West Virginia, California, Connecticut, Delaware, Florida, Indiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New York, North Dakota, Pennsylvania, Tennessee, Texas, Utah, Washington, Wyoming and Wisconsin, each elected a legislature that will choose a United States senator.

The following states elected governors: California, Colorado, Connecticut, Idaho, Indiana, Kansas, Michigan, Minnesota, Nebraska, New Jersey, New York, Nevada, New Hampshire, Massachusetts, North Dakota, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin and Wyoming.

Official returns from all over the country indicate that 85 Republicans and 103 Democrats have certainly been elected to seats in the national house of representatives. The same districts two years ago returned to the lower house of congress 105 Republicans and 89 Democrats. Based solely upon the estimates in these districts, a Republican loss of 20 and a Democratic gain of 21 is indicated. These estimates concede to the Democrats all of the congressional districts in Greater New York except one, the Fifteenth. Following is the probable Fifty-sixth congress:

Totals	169	173	15

ABOUT TWENTY THOUSAND.

New York, Nov. 9.—The indications are that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote, when received, will probably show a falling off as compared with that for Governor Black in 1896, of about 14 per cent. In the municipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. This latter result was helped in some measure by the result in the borough of Brooklyn (Kings county), which in 1895 gave Black a plurality of 23,685, but yesterday gave a Democratic plurality of about 16,500. Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the practical reversal of pluralities, which, it is possible, is attributable to the lukewarmness of the friends of Jacob Worth, who was deposed from the chairmanship of the county committee as a consequence of his opposition to the plans of Senator Platt in the mayoralty contest last year.

The returns from many counties up the state are incomplete. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above the Bronx river of about 160,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the plurality for Roosevelt will be increased.

The figures on congressman are not accessible yet, but there are indications that the Democrats have made some gains in New York city districts. The majority of Congressman Quigg in the Fourteenth district was wiped out and William Astor Chanler was elected.

Little is known as to the votes for state senators and assemblymen. The Republicans had in the last legislature a majority of 28 on joint ballot, and leaders of the party profess confidence that there will be no material diminution of that majority. A Republican legislature will mean the election of a Republican to the United States senate in place of Senator Murphy.

Every condition was favorable to the polling of a full vote in all parts of the state. In this city there was no fulfillment of predictions of trouble at the polls. The state deputies authorized by act of the last legislature were most in evidence in the East Side districts, where the cheap lodging houses are located. The number of arrests made was below the usual record of a general election, and in many cases the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order.

Enough returns from assembly districts have been received to show the probable election of 80 Republicans and 61 Democrats, with nine districts doubtful or not heard from. Conceding all the latter to the Democrats the Republicans will still have a majority of 10 in the assembly and 14 on joint ballot. This computation, if borne out by official returns,

AUGUSTUS VAN WYCK.

will mean the election of a Republican to the United States senate in place of Edward Murphy, Jr. (Dem).

The state senate will probably stand 27 Republicans and 23 Democrats. The last senate contained 35 Republicans, 14 Democrats and 1 Independent.

NEW JERSEY REPUBLICAN.

Trenton, Nov. 8.—New Jersey has been carried by the Republicans, and Foster M. Voorhees, the Republican candidate, is elected governor by about 12,000 majority. Essex county, which was concededly the fighting ground of both sides, has gone Republican by about 6000, and both houses of the legislature will be Republican. This will insure the election of a Republican to succeed James Smith, Jr., (Dem.) in the United States senate. Ex-Congressman John Kean is conceded to be the choice of the Republicans as Senator Smith's successor. The Democrats have elected two of the eight congressmen. Salmon in the Fourth district and Daly in the Seventh.

Only one state senator has been elected by the Democrats. This will make the senate stand 14 Republicans to 7 Democrats. The assembly will probably stand 40 Republicans and 20 Democrats. This is allowing to the Republicans the two from Middlesex county, which is very close.

STONE IN PENNSYLVANIA.

Philadelphia, Nov. 9.—Because of the large ticket and the extensive cutting by independent voters, the returns from Philadelphia and Pennsylvania are slower than usual. Enough is known, however, to indicate that William A. Stone (Rep.) is elected governor by a large majority. The vote of Dr. Swallow in the state will probably be under that of last year, when he received 118,969 for state treasurer. Philadelphia is the Swallow stronghold, however, and a large vote here may increase his total beyond last year's figures. The vote on the legislature ticket in the counties where the opponents of Senator Quay have fused with the Democrats is very close. The returns so far indicate that 25 Republicans and three Democratic congressmen have been elected.

UNDECIDED AS YET.

St. Paul, Nov. 9.—Both parties are claiming the result on the state ticket. On the legislature the Democrats have all along conceded the victory to the Republicans. Returns on congressmen are insufficient to decide, although it is probable the Republicans have at least four delegates, probably more. Apparently the result will be decided by the country, as the two cities are about a standoff.

St. Paul, Nov. 9.—The Democratic state committee claims the election of Lind for governor, but will give no figures. The Globe-Democrat claims that he is elected by 10,000. The Republicans simply say that the result is still in doubt; that the returns are too meagre to decide the result. They also claim all the congressmen, although the Democrats are positive they have the Seventh district and possibly two others.

PINGREE RE-ELECTED.

Detroit, Nov. 9.—Chairman Campau of the Democratic state committee concedes the re-election of Governor Pingree by a plurality of perhaps 50,000. Chairman Nash of the Republican state committee says: "The official count will give Governor Pingree a plurality of 100,000, a gain of over 16,000 over his plurality received in the presidential election. The legislature will be strongly Republican. As to whether it will be Pingree Republican I cannot as yet say." All the Michigan Republican congressional candidates appear to be elected, although the Democrats still have hopes of carrying the Second district and do not concede the Third, Eighth and Tenth. The Democratic committee claim that one-third of the members of the legislature will be Democrats.

SURELY REPUBLICAN.

Milwaukee, Nov. 9.—Enough returns have been received to insure the election of the entire Republican state ticket by at least 50,000 plurality and a legislature overwhelmingly Republican.

NOT YET SETTLED.

Indianapolis, Nov. 9.—Chairman Martin of the Democratic state committee says the returns are not as yet sufficiently complete to determine as to the state. The Republicans have probably elected congressmen in the Sixth, Eighth, Tenth, Eleventh and First districts, though the last is not conceded. The Democrats claim the Second, Third, Fourth, Fifth, Seventh, Ninth, Twelfth and Thirteenth districts. The legislature is still in doubt. It will be impossible to give reliable figures until late today. Both parties claim all.

Chairman Martin of the Democratic committee expresses himself as confident that the Democratic state ticket is elected by about 15,000 majority, together with a majority of the legislature. The Republican chairman makes the same claim for his side.

TWO DISTRICTS IN DOUBT.

Columbus, O., Nov. 9.—Incomplete returns indicate that the Republican plurality in the state ticket will exceed the plurality of 61,161 for McKinley in 1896, and probably double the plurality of 28,105 for Bushnell for governor last year. The Republicans will elect 15

ECONOMY.

Economy is a three fold idea, and the ingredients that make up the combination are right prices, right qualities, right styles. Low prices without good quality and correct styles would not make any article economical. This is our definition of economy, no matter how much others may argue that one or more of these points are not essential. Our whole system of merchandising is today built upon this foundation and will be carried out upon these lines today, tomorrow and forever.

A visit to our store will convince you that our stock is the finest selected and our price the lowest to be found in the city.

EMPIRE STATE.

(Continued.)

of the 21 congressmen, and four districts will be carried by the Democrats. Two districts, the Third and Twelfth, are in doubt.

SAYERS AN EASY WINNER.

Austin, Nov. 9.—A heavy vote was polled all over Texas. The Democrats swept the state, and Sayers (Dem.) for governor will, it is expected, lead the ticket by 200,000 majority. Hawley (Rep.) will be returned from the Galveston district.

THE VOTE IN ALABAMA.

Birmingham, Ala., Nov. 9.—Returns indicate the election of every Democratic congressman in the state. The vote was exceedingly light in all districts except the Fourth and Seventh.

ALL DEMOCRATS.

Atlanta, Nov. 9.—All the Democratic candidates to congress are elected. Returns show that the Democrats have carried all of the 11 congressional districts of the state. This leaves the Georgia delegation politically unchanged.

LOUISIANA DEMOCRATIC.

New Orleans, Nov. 9.—Reports received assure the election of six Democratic congressmen from Louisiana. The Louisiana delegation is therefore solidly Democratic, as before.

SILVER CONGRESSMEN.

Richmond, Nov. 9.—Virginia returns a solidly Democratic delegation of 10 members. The feature of the election was the breaking away from General Walker in the Republican stronghold of the district, where he was defeated by Rhea. The congressmen are all silver men.

DEMOCRATIC LEGISLATURE.

Helena, Mont., Nov. 9.—Late returns make sure the election of A. J. Campbell (Dem.) to congress by a plurality of 7000. The state legislature will be Democratic.

DEMOCRATS ELECT DELEGATION.

Arkansas, Nov. 9.—Congress: First district, P. D. McCulloch (Dem.) elected; Second, J. S. Little (Dem.) elected; Third, Thomas C. McRae (Dem.) elected; Fourth, W. I. Terry (Dem.) elected; Sixth, S. Brundidge (Dem.) elected.

REPUBLICAN GAINS.

Fargo, N. D., Nov. 9.—Reports from over the state are very meagre, but indicate slight Republican gains over 1896. An estimate on the state gives the Republican ticket 4500 majority.

DEMOCRATIC GAINS.

Richmond, Nov. 9.—Scattering and unofficial returns indicate Democrats return congressmen from the eight districts claimed; further returns from ninth district not sufficient to approximate result. Returns from Tenth shows heavy Democratic gains and indicate election of Quarles (Dem.), if so, a gain of one congressman for the Democrats.

RETURNS COME IN SLOWLY.

Chicago, Nov. 9.—The indications are that the Republicans have elected their entire state ticket, but the figures are coming in slowly from outside of Chicago and nothing can be estimated with safety. The Democrats in many counties have shown gains over the vote of 1896, and they have apparently secured several congressmen in Cook county and some outside of it.

GRAY WILL BE RETIRED.

Wilmington, Del., Nov. 9.—Returns received from the state thus far indicate that the Republicans have elected their state, congressional and legislative tickets. This estimate, if verified by the full returns, indicates the election of a Republican successor to United States Senator Gray and a gain of one Republican congressman. The adherents of Edward H. Addicks claim that he will control a majority of the Republicans elected to the legislature, and he will be the next senator from Delaware.

IN MISSISSIPPI.

Jackson, Miss., Nov. 9.—Mississippi congressional results: First district, John M. Allen (Dem.) elected; Second, Thomas Spight (Dem.) elected; Third, Thomas C. Catchings (Dem.) elected; Fourth, Andrew F. Fox (Dem.) elected; Fifth, John S. Williams (Dem.) elected; Seventh, Patrick Henry (Dem.) elected.

COCKRELL SAFE.

St. Louis, Nov. 9.—Chairman Cook claims the election of the entire Democratic state ticket by a plurality of 35,000, the election of 13 and possibly 14 congressmen, and the return of a safe majority to the legislature, insuring the re-election of United States Senator Cockrell.

At Democratic state headquarters enough returns had been received from 40 out of 114 counties in Missouri to indicate that the Democratic state and congressional tickets have received majorities equal to those of 1896.

A DEMOCRATIC GAIN.

Baltimore, Nov. 9.—Semi-official returns make it reasonably certain that Maryland has returned four Republican and two Democratic congressmen, after an extraordinarily close election. This is a Democratic gain of two. The districts obtained a majority of the popular vote in Baltimore city for the first time in six years.

BUT FEBLE RESISTANCE.

Jacksonville, Fla., Nov. 9.—The vote in this state, judging from returns now in, is from 10 to 20 percent lighter for both parties than in 1896. The whole Democratic ticket is elected. The light vote is due to the feble resistance offered. The constitutional amendment, requiring that bonds of state officers be in sound surety and guarantee companies was carried overwhelmingly. The Republicans and Populists will not elect altogether over five members of the legislature, if that many. The legislature elected will choose a successor to Senator Samuel Pasco.

A TURNOVER, PROBABLY.

Lincoln, Neb., Nov. 9.—Scattering precinct returns indicate a political surprise in Nebraska, for they forecast the almost certain election of Hayward (Rep.) by a majority of not less than 5000. This will be a reversal of the verdict of 1896 by nearly 15 000. The count thus far is wholly on governor, so far as the state ticket is concerned, and as it is the belief that Hayward is running ahead of his ticket slightly, it should make the results on the remaining state officers very close. The most surprising feature is the strength displayed by Republican legislative candidates in some counties.

DEMOCRATS GIVE IT UP.

Des Moines, Nov. 9.—The Democratic state committee concedes the state to the Republicans by 25,000, and claims to have elected Weaver in the Sixth district by 1000 to 1200. The Republican state central committee claims the state by more than 50,000, and the election of every Republican congressman by large majorities.

GAGE'S BIG VOTE.

San Francisco, Nov. 9.—Returns from scattering counties indicate that Gage (Rep.), for governor, is polling a larger proportionate vote than that cast for McKinley. The Republican state committee claims that Gage has been elected governor by 30,000 plurality.

FUSIONISTS AHEAD.

Denver, Nov. 9.—Returns from some of the 1520 precincts in this state indicate that Thomas (fusion) is elected over Wolcott by 29,000 to 40,000. Thomas seems to have carried this county by 8000.

CLAIMED BY BOTH.

Topeka, Nov. 9.—Chairman Albaugh of the Republican state committee claims the state for Stanley (Rep.) for governor by 5000, and Chairman Riddle of the fusion committee claims the state for Leedy, fusion, by 11,000.

M'MILLIN AND NEWLANDS.

NATIONAL TEXTILE UNION.

MEETING OF THE EXECUTIVE COUNCIL HELD IN BOSTON YESTERDAY.

The executive council of the National Union of Textile operatives held a meeting in Boston Sunday and among the subjects discussed was that of sending a delegate or two through the south to try to induce the operatives there to organize trade unions.

A member of the council said that he was of the opinion that the unions in this section should take up the matter of organization in the south before it does any more work in New England. He talked with the accuracy of a man filled up with trades union facts and while he admitted that there was plenty of work yet to be done in New Bedford and other parts of New England he was well prepared to show that the most urgent work is awaiting at the southern textile circles.

Certain prominent trades unionists in New England who are not in politics, have collected a mass of figures to prove that unless something is soon done to check continuous running of mills in the south, a change will have to be made in the wage schedule of the northern mills, or they will have to go out of the business.

Matthew Hart, the secretary of the New Bedford Weavers' union, is a member of the council; he is convinced that immediate action should be taken to organize the mill operatives in the southern textile centres. He talked of the matter in the vein of one who is prepared to side with the men who are urging southern organization as a means of improving trade.

He said he thought he Weavers' union in Fall River so strong in a financial way that it would not ask any outside aid in fighting a one-mill strike and while the temper of the working people remained as it now is no outside assistance would be required in the labor of resisting reductions in wages.

MRS. TOOMEY RECOVERING.

Mrs. Winifred Toomey, residing at the corner of Pond and Concord street, who was poisoned by eating canned salmon last Friday evening, is recovering. She is still confined to bed but she is reported out of danger. Her neice who also partook of the salmon, has entirely recovered.

SOLDIERS' BANQUET.

For Wednesday evening a meeting is called by Mayor Bennett to take initial steps towards providing a banquet to Lowell soldiers who have recently returned from the Spanish war. The committee comprises Mayor Bennett as chairman with the same members who had charge of the demonstration to the Sixth regiment on their return to Lowell from Porto Rico.

The reception is not to be given alone to the Lowell members of the Sixth and Ninth regiments as many are led to beelieve but to all Lowell soldiers who enlisted from this city as well as those members of out-of-town companies but who are still resident sof Lowell.

MUSIC HALL.

A great show was the verdict of the large audience which gathered at Music Hall last evening to witness Blondell & Fennessey's farce comedy entitled, "A Cheerful Idiot." The Blondells in the leading roles were clever and kept the audience in an uproar. Ed Armstrong as Mr. Quakerdy repeated his success of the previous evening. Michael Finn in his dancing specialty responded to several encores. De Veaux and De Veaux in their musical act, made a decided hit. Armstrong and Porter were pleasing as were the Blondells in their specialties. This afternoon and evening closes the engagement.

FOR AMERICA CUP

To Race the Colonia and Emerald

A NEW YORK YACHT CLUB SCHOONER.

Features of the Boats in Preparation.

New York, Nov. 8.—While the trials of the big ninety-footers and the race for the America's cup will attract the attention of the public next Sunday, yachtsmen anticipate one of the best seasons ever known in the history of the sport, and already any number of orders have been placed for steam and sailing craft of all sorts of sizes and descriptions.

Yachtsmen in view of the possible visit of the big schooner Rainbow and the mammoth two-sticker which Watson is building for Mr. Coates, will be pleased to hear that a well-known member of the New York Yacht club has decided to build an eight-five foot steel racing schooner from designs of Gardner and Cox. The new boat, while properly in the class of Ariel and Marguerite, will be raced against the Colonia and Emerald.

According to Designer William Gardner, the new yacht will be an enlarged Quissetta of the centreboard type, of about thirteen feet draught, the limit of her class. If the new boat is anything like as good in proportion as the Quissetta ,the Colonia will have her work cut out for her and there should be some splendid schooner racing this summer.

In addition to the schooner, Gardner and Cox have designed big steam yachts for Eugene S. Tompkins of Boston; J. H. Cassatt of Philadelphia, and Richard Stevens of Hoboken.

The Tompkins boat is 140 feet on the water line, 170 feet over all, 20 feet beam 8 feet draught and will have a speed of 17 knots. She has triple expansion engines of the four-cylinder type, which are to be driven by four Almy boilers. The Cassatt boat is of the ocean cruising type, 110 feet on the water line, 168 feet over all, 21 feet beam, 11 feet draught and will have a speed of 12 knots. The boat for Mr. Stevens will be 123 feet on the water line, 150 feet over all, 20 feet beam, 8 feet draught, and will have a speed of 15 1-2 knots.

CRISP GOSSIP.

Claire street was one of the fastest built streets in this city. That is, more buildings have been erected on that particular street in the city in proportion to the time an order was introduced and passed in the city council that Claire street be accepted as a public highway. Two years ago where now stand rows of neat appearing structures, was the old "Thompson's field," as it was known to the small boy in that part of the city.

Judge Hadley remarked yesterday that it was an ideal election day. The sky was cloudless and the temperature neither too warm nor too cold. "Many state election days have seen several inches of snow on the ground, as the older residents will remember," the judge said.

A curious story is told by a volunteer of the Sixth Massachusetts regiment, just back from Porto Rico, says a contemporary. He got leave to go into Ponce one day and he at once started out to get some jelly, a sweet he had been hankering for for weeks. He hunted about the shops for some time before he found a place where such things were kept. On a high shelf he saw what he was after. Pointing to the row of jellies he made the Spaniard pull down a couple of tumblers. The price was stiff and he thought he couldn't afford more than one tumbler. While the dealer was preparing to wrap the tumbler in a paper a label pasted on the bottom of the glass caught his eye. He saw something written on it and taking the tumbler in his hand he saw in his own mother's writing. "Contributed by Mrs. ——." The signature was his own mother's. He tried to have the dealer explain where he got the jelly but couldn't. It had probably been stolen from a batch of supplies landed from one of the American transports.

SOCIAL AND FRATERNAL.

Garfield Colony, Pilgrim Fathers held their regular meeting last night and for the good of the order had a very interesting entertainment and the usual social time. Arrangements are being made for an entertainment to be held in two weeks.

In honor of the women and friends who are assisting in the arrangements for the Foresters' bazaar, Court Merrimack gave a dance in its hall last night There were 60 couples present. J. J. Kelly was general manager, Thomas F. Brennan, floor director and D. P. Shea chief aid. Keyes' orchestra furnished the music.

Gen. Flake lodge, I.O.G.T., at a meeting at Highland M. E. church, Monday evening, elected the following officers: Chief templar, D. B. Burdick; vice templar, Edith McDonald; recording secretary, Howard Harlow; treasurer, L. S. Wood; chaplain, Lizzie Oatman; marshal, Frank Wotton; sentinel, Geo. McDonald; deputy marshal, George Smith; assistant sentinel, Bessie Rent. The officers were installed by Deputy Grand Chief Templar, O. B. Gardner. The financial secretary's report showed the lodge, to be in excellent financial condition and the recording secretary's report showed the largest increase in members in the district. There were remarks by Brothers Burdick, Gardner, Wood, Smith and McDonald and also by Sisters McDonald, Jones and Oatman.

Wamesit Lodge, Knights of Pythias, has voted to hold a series of whist parties, the first to be held Nov. 21. The following were appointed a committee on arrangements: F. B. Wright, C. L. Joy, A. H. Butterfield, A. A. Melvin and Harry Irvin.

We stand back of every pair, just the same as though the profit had not been removed. To be sure there are outs which have caused the discounts like extreme sizes, narrow toes, past season's styles and little trifles that injure nothing but the sale. The high grade material and fine quality workmanship are just as noticeable in these condemned lots as will be seen in our season's stock. There is $2000 to be saved by the prudent ladies of Lowell in selecting their footwear this week.

LOWELL RETURNS

Knox Carried the City by a Small Majority.

Ramsay and Dobbins go Down in Defeat—Flynn and Marcellus Fletcher Lead the Ticket—Other Returns.

Soon after the polls closed, The Sun had its stereopticon ready to cast the returns on canvas in front of the building so that the multitude anxiously awaiting the results on Merrimack square could get them at the earliest possible moment.

A crowd numbering about ten thousand filled the square and almost blocked travel until the more important returns had been cast on the canvas.

As Flynn's gains were put out, the crowd cheered and cheered itself hoarse. The democratic gains in the 26th district were also greeted with cheers and so with the announcement of every sign of democratic gain. It was mainly a democratic crowd which could not be aroused to enthusiasm by the antics of the rube Courier man with a megaphone.

The early returns which came over The Sun wire were of course incomplete But they gave the first indications of the final result. They are in part given below:

The announcement that Roosevelt was elected in New York was a great damper on democratic ardor and afterwards came the news that Fitzgerald was elected in the ninth, Naphen in the tenth and Thayer in the third defeating Congressman Walker.

But the news of Senator Flynn's defeat was all the more regretted considering that he made such an excellent run. Ramsdell also went down in defeat at Lynn after one of the most gallant fights ever made in any district.

The local election had many surprises for the republicans and considerable comfort for the democrats. Ramsay went down in defeat before Lieut. Quigley, as did Dobbins before Mansfield, while John T. Sparks of Dracut is elected by a small margin. Marcellus Fletcher made a most phenomenal run, his opponent beating him by but a single vote in the entire city. Ramsay's defeat has caused rejoicing at Chelmsford and nearly everywhere Lieut. Quigley is greeted as the representative of the whole people, for all combined in electing him. The local and suburban returns follow with such outside contests as are of most interest to the people of Lowell.

CONGRESSMAN WILLIAM S. KNOX, Re-elected.

POLICE COURT

Charles J. McKenna and Charles McGillikan were only charged with drunkenness this morning, but it is posible that when they reappear Nov. 11, to whence they were continued, they will answer another complaint, as when arrested by Lieut. Webster and Officer Cawley yesterday, the men had in their possession kits of carpenters tools which the police believe were stolen from some residence.

All because of a custom of the Syrians for the members of a household to arise if in a sitting position upon the arrival of a visitor, Kekal Tecklas was arrested on a complaint of a countrywoman for threatening. It appears that Tecklas and the complainant bear each other no love, at least the latter does not care to cultivate any further acquaintance with Tecklas. A few nights ago Tecklas visited the boarding house of the plaintiff, and in accordance with the unwritten law, every one arose with the exception of the defendant. This evidently angered Tecklas, and according to the testimony, he rushed at the woman and clinching her by the bosom he attempted to throw her to the ground, but was interrupted in his attempt by three friends of the complainant.

John H. Clark, alleged larceny, was again continued to Nov. 20.

Thomas Maynard was found guilty of threatening his wife and was held in $100 to keep the peace for six months.

WILLIAM O'LOUGHLIN

INJURED AT LOWELL BLEACHERY.

William O'Loughlin, aged 16 years, residing at 19 Kinsman street and employed in the Lowell Bleachery, had his arm caught in machinery at 11.35 o'clock this forenoon and was removed to St. John's hospital in the ambulance. It was feared that his arm would have to be amputated but an examination by the hospital surgeon proved that no bones were broken. The unfortunate lad is a son of Patrick O'Loughlin, a well known employe of the Lowell Gas company.

CONG. KNOX.

TAKES HISRE-ELECTION TO MEAN AN INDORSEMENT OF McKINLEY.

Lawrence, Nov. 8—Congressman Knox said tonight that he felt grateful to the voters of the district. He thought that his re-election was an indorsement of President McKinley's administration. He said that he thought the republicans would have lost the district had the voters not admired President McKinley's patriotic stand and that they wished to sustain him.

FRENCH SQUADRON

Reported to be Ready to go to Sea.

All Cruisers and Torpedo Boats are at Toulon and Ready for Action—Admiral Fournier is Summoned to Paris.

By Associated Press to The Sun.

Paris, Nov. 9.—The Echo de Paris today publishes a dispatch from Toulon which says the entire French Mediterranean squadron is ready for sea. It adds that Admiral Fournier, its commander, received a cipher dispatch yesterday evening, whereupon he signalled to the Forbin, a third class cruiser, to bank her fires and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon where all the vessels are reported ready for action and where the arsenals and ship yards have been worked all night.

Later, it developed that Admiral Fournier has been summoner to Paris.

BRUCE PLEASED

Democratic Candidate is Pleased With His Vote.

MR. FITZGERALD SHOULD LEARN A LESSON.

So Says Hon. George Fred Williams.

Candidate Bruce was seen at the Parker house, Boston, last night just before he left for his home in Lawrence. Said he:

"Governor Wolcott is not any better pleased with is vote tonight than I am with the 100,000 odd I received at the hands of the plain, hardworking people of the old bay state.

"The general result is all that I could wish for. The vote of today demonstrates that the democracy of this state is waking up and is girding on its armor for the great fight of 1900. It seems to be a republican year from what I have seen of the returns but our gains are splendid when we consider that at the beginning of the campaign our party organization was practically demoralized. In many of the towns we hadn't any organization at all.

"It is a great satisfaction to me to carry the city of Lawrence where the people know me.

"I wish to pay a tribute to my associate on the ticket, Mr. Slattery. He is a loyal fellow, a tireless and conscientious worker for our great cause and the party made no mistake when it nominated him.

"I desire to thank the state committee for its good work and also the press of the state, for the manner in which it has treated me in the campaign."

WHAT WILLIAMS SAYS.

George Fred Williams had this to say of the result:

"I am more than satisfied with the result. Mr. Bruce, according to the latest estimates, came pretty well up to the vote that was cast for me in 1896.

"This is a substantial gain, inasmuch as 1896 was a presidential year. It plainly shows the advance of our cause and the indorsement of the action taken by the state committee at Worcester.

"According to the best estimates which can now be made, Gov. Wolcott falls off 23 per cent from his vote of '96. Our gain can best be measured from this heavy falling off. We have increased our congressional representation by the election of a man who threw down the gauntlet at once on the Chicago platform.

"The whole fight against Mr. Naphen was made on account of his firm stand for the party policy, and his election is a notice to future candidates that nothing can be gained by attempting to evade the platform of the party. Had Mr. Fitzgerald taken a like ground the opposition to him would have been broken from the start, and he would not have been fighting today for his life. I hope he will learn the lesson Mr. Naphen has taught him.

"Mr. Baker and Mr. Ramsdell, who stood in a like position as Mr. Naphen have, according to reports, made heavy gains. The sum total of the situation is that the democratic policy of 1900 is fixed beyond a peradventure. Our state committee is to be congratulated on these results. Mr. Drinkwater and Mr. McNary have shown their capacity for handling the party's affairs to the satisfaction of all democrats, and they will continue the work they have begun to build up the party vote and organize the state thoroughly."

TALKED POLITICS

Then These Men Came to Blows

AND ONE HAD HIS SKULL FRACTURED.

No Arrests Have Yet Been Made.

By Associated Press to The Sun.

Canaan, Conn., Nov. 9.—News has been received at Sharon station to the effect that a serious altercation which may result in the death of one of the participants took place there yesterday afternoon. Charles Murphy of Wassaic, N. Y., aged 30 years was struck on the head with a large stone alleged to have been thrown by George Haskins of Sharon. These two men and several others, it is said, had been drinking and disagreed upon politics. Murphy's skull was fractured and he is in a dangerous condition. No arrests have been made.

CRUISER BUFFALO.

By Associated Press to The Sun.

Newport, R. I., Nov. 9.—Cruiser Buffalo, Commander J. N. Hemphill, which left New York a few days ago for Manila, put in here during the night to await orders. She had on board a considerable number of men, about 750 for the ships of Admiral Dewey's fleet, but a number deserted before the vessel left New York. It is not known yet whether the Buffalo will proceed to the Pacific by way of the Suez canal or around Cape Horn.

TAKING RETURNS.

The usual crowd assembled at city hall last evening to gather the returns as they came in to the city clerk's office. The first return, that of precinct 1 of ward nine came in first at 6.15 o'clock and precinct 2 of the same ward came in half an hour later. Then after a pause of half an hour, the others began to come in and they came with a rush, the last getting in about 10.30 or thereabouts. The reporters occupied a room adjacent to the state aid office and the returns were read to them by Registrar of Voters John Farley. It was the registrars, by the way, who first discovered that John T. Sparks was a winner and they stuck to their contention despite the claims of republicans and republican papers. There was no excitement at city hall.

WON BY 81.

By Associated Press to The Sun.

Worcester, Mass., Nov. 9.—The third congressional district complete gives Thayer, dem., 11,053; Walker, rep., 11,912.

DEATHS.

McCRANN—Patrick K. McCrann, 60 years, died early this morning at her home, 22 Claire street, after a lingering illness. Mr. McCrann was the pioneer resident of Claire street. When he first built his residence there was not another house on the street. Deceased leaves a widow and ten children five sons and five daughters. Among the surviving sons are Lawrence McCrann, known in the "Mahatma" world as Lawrence Crane and Sergt. Patrick McCrann of the Fifth regular infantry now stationed at Fort McPherson.

GRAHAM—George, infant son of Robert M. and Hannah Graham died this morning at 108 Shaw street. Funeral this afternoon. Interment was in the Edson cemetery.

SECRETARY KERR

Shows That Democrats Control the House.

HE FIGURES 192 MEMBERS ELECTED.

The Figures Given are All Right.

By Associated Press to The Sun.

Washington, Nov. 9.—At the headquarters of the democratic congressional committee, the utmost confidence was expressed that the democrats had carried the house of representatives. Secretary Kerr said:

"I am prepared to increase the figures I gave you three hours ago. We have elected 192 members of the next house. This, to my mind, is beyond doubt. We have taken nothing for granted but are figuring on absolute advices. Here is a statement of the members we have elected from various states:

"Alabama, 9; Arkansas, 6; California, 3; Colorado, 2; Florida, 2; Georgia, 11; Idaho, 1; Illinois, 11; Indiana, 6; Iowa, 1; Kansas, 4; Kentucky, 10; Louisiana, 6; Maryland 2; Massachusetts, 3; Michigan, 3; Minnesota, 1; Mississippi, 7; Missouri, 11; Montana, 1; Nebraska, 3; Nevada, 1; New Jersey, 3; New York, 16; North Carolina, 8; Ohio, 6; Pennsylvania, 9; South Carolina, 7; South Dkota, 2; Tennessee, 8; Texas, 12; Virginia, 10; Utah, 1; Washington, 2; West Virginia, 1; Wisconsin, 1; and Wyoming, 1. This makes a total of 192, and I am perfectly satisfied that there will be little variation from these figures."

Mr. M. A. Maguire of this city has been visiting at Milford, N. H., stopping at the Hotel Howison.

FUNERALS.

PROCTOR—The funeral of George W. Proctor will take place from his late residence in Chelmsford Centre Thursday afternoon at 2 o'clock.

FORD—The remains of David S. Ford arrived in Lowell this afternoon from Danforth, Me., where he died Oct. 24, and the interment took place in the Edson cemetery.

JOHNSON—Sad and impressive services were held this afternoon in the Edson cemetery over the remains of Charles S. Johnson, aged 27 years, who died in Worcester. Rev. Smith T. Ford performed the Baptist rites of the dead and a large gathering of the friends of deceased were present. The funeral took place at three o'clock from the residence of Mrs. Johnson, 13 Lagrange court and the cortege consisted of friends and relatives and a delegation from Court General Shields, F. of A., of which deceased was a leading member. The bearers were George Welch, John Riley, Harry Saunders, Thomas Rourke, Walter Coughlin, and Mr. Doherty. P. H. Savage had charge of the funeral arrangements. Among the floral tokens of esteem received were: Mammoth pillow from the widow of deceased; spray of chrysanthemums, Bushow family; spray of pinks and roses, Ambrose family; spray of pinks, Mason family; mammoth anchor on mound inscribed "Friend" Harry Saunders.

BODY FOUND.

By Associated Press to The Sun.

Vineyard Haven, Mass., Nov. 9.—G. P. Wilcox of Pasque Island discovered the body of a man washed ashore on that island early this morning. Mr. Wilcox is of the opinion that it is the body of Mark Watson of New Bedford who in company with two others was recently drowned while making the trip from New Bedford to Hens and Chickens' lightship.

THE WEATHER.

By Associated Press to The Sun.

Boston, Nov. 9.—Forecast for Boston and vicinity: Colder tonight; Thursday threatening, probably with rain; northto northeast winds.

MARCELLUS FLETCHER.

POLLED A GREAT VOTE FOR COUNCILLOR.

Hats off to the old war-horse of the democracy!

Hooray for Marcellus H. Fletcher who ran way ahead of everybody!!

Marcellus missed Lowell by just one single solitary vote.

'Cellus didn't canvass the city or stump or he would have carried it by a large majority. He simply accepted the nomination for councillor with thanks and went right along hustling for everyone but himself.

The democracy, however, stuck to the veteran worker in the ranks to a man and if some one hadn't stayed away from the polls, he would have had the honor of running a tie vote.

The total councillor vote is as follows:

COUNCILLOR.

	Fletcher	Howe

THE REPRESENTATIVE FIGHT.

As The Sun predicted some time ago, the democrats made a substantial gain in their representative districts, a gain which they are to hold during the coming two years. Three representatives are elected by the democrats, though the Citizen this morning questions the success of John T. Sparks, Dracut's candidate for the legislature.

The Sun's figures, those of the Mail, the registrars of voters of this city and Chairman Poore of the republican city committee all agree that Mr. Sparks is elected by a narrow majority. The Sparks fight was one in which every vote counted and the numerous Navy Yard voters who stayed away from the polls at the expense of Mr. Sparks, are deserving of severe criticism. Mr. Sparks lost six votes in Dracut through the closing of the poll at 3.30 o'clock, instead of 4 o'clock as was supposed to be the hour.

All lovers of fair play will note with satisfaction the stinging rebuke given to Mr. Ramsay by his overwhelming defeat.

In the 26th district Mr. Mansfield ran surprisingly well, getting in ahead of both Cluer and Dobbins who were cut, while Varney, the unknown, was high man.

25TH DISTRICT.

The country towns threw down party lines and ran the knife into Mr. Ramsay supporting Lieut. Quigley to a man. In the city wards, Ramsay fell behind and though the contest may result in a continued fight between the city and the towns, it is quite certain that Mr. Ramsay will never figure in them as a candidate. W. H. I. Hayes made gains and Mr. Watson and Messrs Fagan and Shea received the nominal party vote. The result is as follows:

	Fagan, Dem.	Hayes, Rep.	Quigley, Dem.	Ramsay, Rep.	Shea, Dem.	Watson, Rep.
Ward Four	886	322	947	373	897	309
Ward Seven	551	825	586	749	544	768
Ward Eight	325	1132	484	978	319	1153

Dunstable	22	33	49	14	22	33
Tyngsboro	25	51	59	23	21	54
Totals	1312	2036	25[illegible]	2262	1937	2594

26TH DISTRICT.

The voting in the 26th district was somewhat of a surprise and when the results began to come in it looked for a time as if Messrs. Mansfield and Garvey would both sqeeze in though the votes of these two gentlemen differed, even as those of Cluer and Dobbins did. Mr. Dobbins is henceforth a dead letter politically. The vote of the district was as follows:

	Cluer, Rep.	Dobbins, Rep.	Garvey, Dem.	Hennessey, Dem.	Mansfield, Dem.	Varney, Rep.
Ward One	599	519	471	442	502	606
Ward Two	179	176	852	774	880	239
Ward Three	894	870	419	381	454	901
Ward Three	594	870	419	381	454	901
Ward Six	781	715	574	542	635	785
Totals	2453	2310	2316	2139	2471	2531

27TH DISTRICT.

Were it not for the characteristic inaccuracy of the Citizen on election figures, one might consider carefully its contentions that Mr. Sparks was not elected. But all other authorities are to the contrary and a verification of the vote will prove that he was elected by a narrow majority. Lieut.-Col. Butler Ames received a flattering vote as was expected and of course is high man in the district. The total vote:

	Ames, Rep.	Farmer, Rep.	O'Connor, Dem.	Sparks, Dem.
Ward Five	340	270	787	772
Ward Nine	792	667	560	563

By Associated Press to The Sun.

The following is the result of the voting at Dunstable: Governor—Wolcott, 49; Bruce, 21. For representative —Quigley, dem., 49; Hayes and Watson, rep., 33 each; Fagan and Shea, dem., 22 each; and Ramsay, rep., 14.

TYNGSBORO.

By Associated Press to The Sun.

Quigley defeats Ramsay by 36 votes in Tyngsboro as follows: Quigley, 59; Ramsay, 23.

WILMINGTON.

By Associated Press to The Sun.

The following is Wilmington's vote For governor—Wolcott, 93; Bruce, 19. For congress—Knox, 89; Flynn, 22. For representatives—Farmer, 80; Ames, 69. O'Connor, 22; Sparks, 20.

NORTH READING.

By Associated Press to The Sun.

The vote in North Reading for congressman and representatives is as follows: Knox, 104; Flynn, 17. For representatives—Ames, 99: Farmer, 92; Sparks, 14; O'Connor, 13.

CHELMSFORD.

GIVES QUIGLEY A ROUSING VOTE

Precinct two, Chelmsford, gave Quigley a rousing vote, of 141 over Ramsay. The result of the representatives ballot is as follows: Quigley, 159; Watson, 94; Hayes, 90; Fagan, 78; Shea, 76; Ramsay, 48.

CONGRESSIONAL.

THIRD DISTRICT.

This district includes the southeastern part of Worcester county and Hopkinston in Middlesex county. Its only city is Worcester. Joseph H. Walker, Rep. was elected in 1896 for a fifth term by 11,808 plurality over John O'Gara, Dem. Thayer, 11,093; Walker, 11,012; Thayer's majority, 81.

SEVENTH DISTRICT.

This district includes two Charlestown wards of Boston, Everett, Malden, Chelsea and Lynn, and a few adjoining towns. William E. Barrett, Rep., was elected in 189- by 12,150 plurality over Philip J. Doherty, Dem. Ramsdell, Dem., 12,319; Roberts, Rep., 16,559; Robert's majority, 4240.

NINTH DISTRICT.

Fitzgerald, Dem., 10,165; Gallivan, 4827; Krebs, 5404; Bradman, 410. Fitzgerald's plurality, 4761.

TENTH DISTRICT.

Naphen, 16,854; Barrows, 13815; Naphen, Dem., majority 3069.

Representative Candidate Garvey in the 26th district said this morning: "I am very well satisfied with my vote and I want to thank my friends for the support they gave me. The result throughout the city shows that the democratic party can win in the city election if we only stand together. Democrats should start in at once and boom up matters for the city election."

The result of the New York election reached Lowell before the second precinct of Tewksbury.

ELECTION NOTES

Ex-Representative Dobbins on learning last night that for a certainty he had been defeated said:

"I'll take my medicine like a little man. If the party can stand it, I can, but it will take a long time to bring the district back to what it formerly was."

Rep. Ramsay could not be found last night in any of his accustomed downtown haunts.

Rep. Butler Ames remained at home and received the news of the election by telephone.

Newspaper Row, Merrimack square, was blocked from early evening until midnight when The Sun's "Goodnight" was given. The Sun, as usual, was the first newspaper to give out official figures by the stereopticon on its mammoth canvas.

The democratic headquarters in Associate building was open all night and there was great jubilation over the election of the three democratic representatives, Quigley, Mansfield, and Sparks.

At city hall there was not the usual crowd that congregates on the night of a city election but some came early and stayed late. The returns began to come in shortly after 6 o'clock, precinct 1 of ward nine being the first to arrive. The board of registrars were on hand to assist City Clerk Dudman in receiving the precinct boxes, the latter official being busy with the board of aldermen.

At the Lincoln club, the returns were received second hand from the republican headquarters.

Considerable money was won by the Middlesex street hotel clerks on the election of Quigley over Ramsay.

Most of the wagers made in Lowell yesterday were on the result of the New York election. Considerable money changed hands.

The lightness of the early vote gave many reason to believe that "General Apathy" was very much in evidence; but the result of the total vote shows that considerable hustling was done during the latter part of the day.

Just think of it. One of the oldest residents of ward nine, a man who has lived at his present home for over 30 years couldn't, for the life of him, tell whether the number of his residence was 11 or 17.

Secretary Bell and a small number of city committee members held forth at the republican headquarters.

Lieut. Quigley called at The Sun office last night and received the congratulations of a host of friends on his election. Among the number who felicitated him on his success as a vote-getter were the Hon. Fisher Pearson, Lieut. Gardner Pearson, Chairman J. J. O'Connor of the democratic city committee and Councilman Frank Fagan.

TWO ARRESTED

FOR LARCENY OF CARPENTERS' TOOLS.

Charles McGillin and Charles McKenna while under the influence of liquor, were arrested on a charge of larceny by Lieut. Webster and Officer Peter A. Cawley yesterday. McGillin was in a Central street pawnshop endeavoring to dispose of carpenters' tools comprising a plane, a bit, stock and a spirit level. McKenna was standing guard on the outside of the pawnshop when the arrest was made. Both claimed that the tools were given them by a stranger. They will be charged with drunkenness (it being their third offence) pending a claimant as to the ownership of the tools.

REP.-ELECT MANSFIELD, 25th District.

Called It Cancer

A Sore Rapidly Grows Worse Until Cured by Hood's Sarsaparilla.

"I had what was said by a physician to be a cancer on my breast. It grew worse very fast and I made some salve and used it, but it did no good, and none of the remedies I bought did any good until I began taking Hood's Sarsaparilla. Before I had finished the first bottle of this medicine the sore began to heal. I kept on taking the medicine until I was cured. Some time afterward I had another sore on my left cheek. I took Hood's Sarsaparilla again and it had the same good effect." MRS. MARCELINE PAQUETTE, 397 Court Street, Brockton, Mass.

CROKER HOPEFUL

Does Not Concede Election of Roosevelt.

WOODRUFF PROBABLY DEFEATED FOR LIEUT-GOV.

Quigg Lost in Congressional Contest.

New York, Nov. 8—Richard Croker said tonight:

"I do not concede the election of Col. Roosevelt, and, what is more, I say that it is remarkably queer that, while the figures as they have come to us and to others show tremendous democratic gains, and show that we have carried nearly every important city in the state yet it is said we are beaten.

"If Roosevelt gets a plurality out of today's voting it will be so small that the soldier vote will overcome it. It will require only about two-thirds of the military ballots to overcome what figures Rosevelt can show and I am satisfied that we can get them. I will not, however, concede a republican victory tonight, when the figures show so well for democracy.

"Gold democrats have hurt us by keeping alive the silver issue which we threw away but with all that we have elected congressmen in New York and have obtained in the cities an expression of belief that they should have home rule. They can get it from the democratic party."

There is a possibility that Elliot F. Danforth, democrat, will be the next lieutenant-governor, his republican opponent, Woodruff, having been slaughtered unmercifully throughout the state.

The legislature is republican. The democrats made a great fight to secure control of that body, it being the ambition of Senator Murphy's life to be re-elected to the senate.

Quigg's defeat in the 14th district by Chanler while not unexpected, will create surprise outside the state. Mr. Quigg, the last time he ran for congress had a majority of nearly 10,000. Mr. Chanler's canvass was managed by the old campaigning force of former Mayor Hugh J. Grant and a most remarkable canvass has torn the district almost wide open.

Mr. Quigg discovered too late that he had lost his personal popularity and many republicans and independent voters who supported him before voted and worked against him, because of the part he took in the municipal campaign a year ago, in keeping General Tracy in the field, thus turning the city over to Tammany.

FINAL RETURNS.

By Associated Press to The Sun.

Philadelphia, Nov. 9.—It was nearly 6 o'clock this morning before the returns from the last Philadelphia ward were received and the net result was a great surprise. Stone, rep., carried the city by a plurality of 85,900, which with his plurality in the state outside of Philadelphia county will probably run the republican plurality for the head of the ticket up to 150,000 over Jenks, dem.

Late returns from the 12th congressional district show that Stanley Davenport, dem., has probably been elected by a small plurality over Morgan B. Williams, rep., the present member. The other congressional candidates remain unchanged from last night's reports.

BRIGGS CHOSEN.

By Associated Press to The Sun.

New York, Nov. 9.—The third congressional district, Edmund H. Briggs, dem., is elected over Prendergast, rep., and in the fifth district, Frank Wilson, dem., over Bennett, rep.

CO. M SOLDIERS.

FIND IT HARD TO WHILE AWAY THEIR TIME.

Co. M soldiers find it hard to while away their time which passes very slow at the armory. They are looking forward to the first country walk that has been promised them by Lieut. McNulty. Various amusements are adopted to pass away the time. Card playing, bowling and racing are the principal pastimes. For the latter the drill shed is used and it furnishes a course of about 50 yards. Racing is confined to recruits, however. Several of the Santiago men tried it and the strain proved too much for them. They were sick for some time afterwards.

Yesterday the boys were allowed passes to go out and vote. Captain Mitten, Lieut. Gillow and Lieut. McNulty were on hand for a short time. They left the building to cast their ballots about the middle of the forenoon.

The menu for the day follows:

Breakfast—Oat meal, fried sausage, potatoes, rolls, bread and butter, coffee.

Dinner.—Roast beef, boiled dinner, rice soup, custard and mince pie, pudding and coffee.

Supper.—Meat hash, tripe fried in batter, potatoes, bread and butter, rolls, tea and coffee.

The Lowell High school football eleven will play the Lawrence High school football team at Glen Forest tomorrow afternoon.

A first class lot of furniture will be sold at Keyes' auction rooms, Thursday at 2.30.

BIG OVERCOAT DEAL.

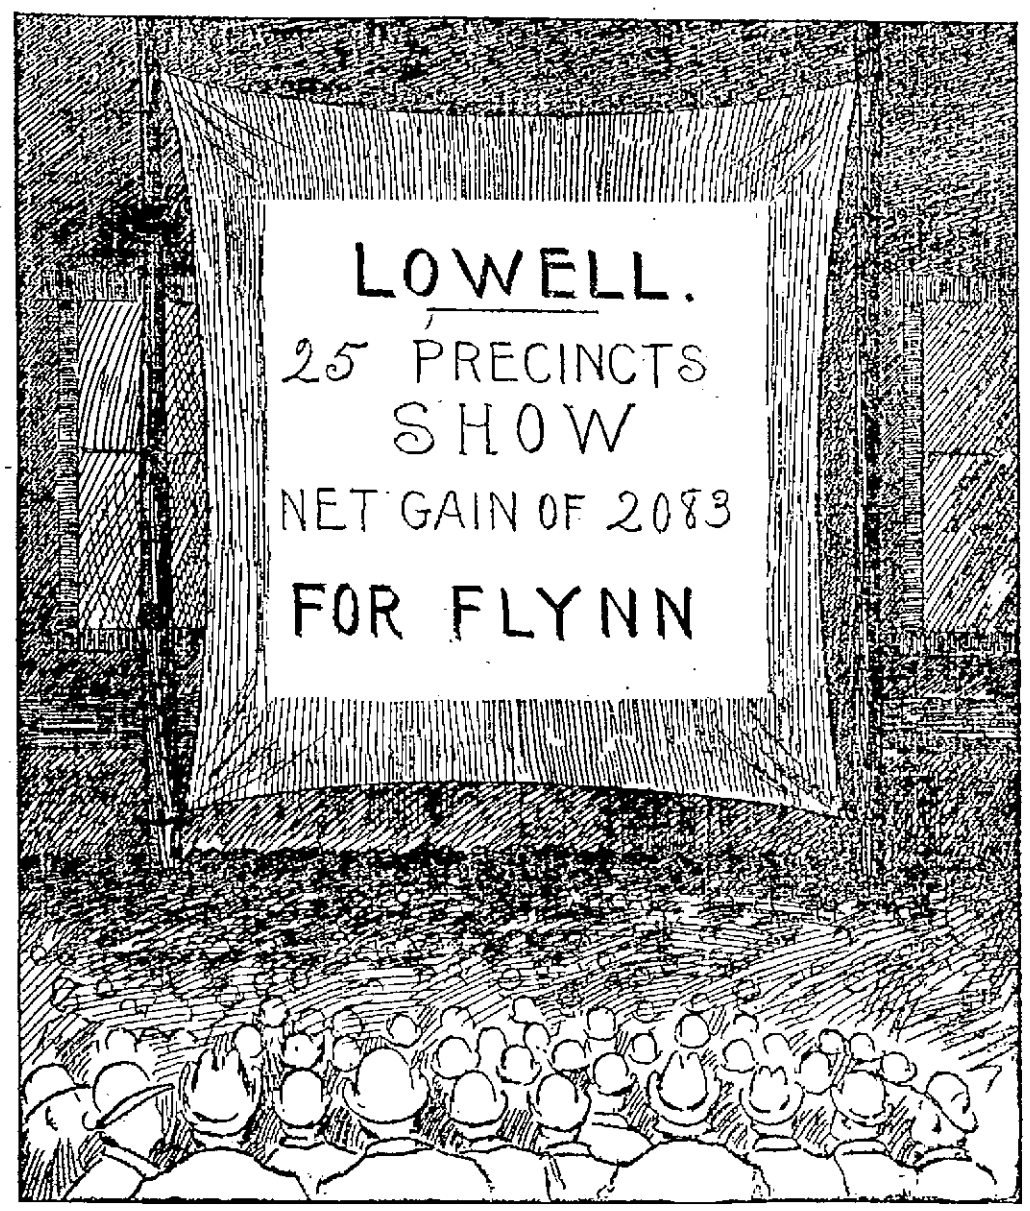

Watch tomorrow's papers and profit by the greatest overcoat sale ever seen in Lowell.

Mr. O'Hearn's visit to New York last week will be a profitable affair for the people of Lowell,—prospective overcoat buyers.

Read O'Hearn & Dowd's announcement tomorrow and be sure to see the beautiful line of fine overcoats that have fallen into their hands.

CAN KNOX DELIVER THEM?

Congressman Knox, as usual, got much support in this city from aspirants for liquor licenses and their friends by promising to give them licenses next May. He delivered his goods last year, which proved that he was backed up in his promises by the license commissioners, but whether he can deliver them this time or not is open to question. There may be no licenses to deliver to anyone next May.

CHEMICAL ENGINE

Is Wanted by Residents of Belvidere.

THE ENDICOTT MEMORIAL TABLET ACCEPTED.

A Committee on Conference Appointed.

There was just a quorum present at the beginning of the regular session of the board of aldermen last night but during the evening, however, all the members showed up with the exception of Alderman Holbrook, who is ill.

Several petitions were referred to appropriate committees.

It was voted in concurrence to accept the gift of the so-called Endicott Memorial Tablet from the First Trinitarian Congregational church, the same to be placed in Memorial hall.

The proposition to approve in concurrence a lease of certain land near Lincoln square, now occupied by the lands and buildings department to A. F. Dudley was opposed by Alderman Peirce and on his motion action was deferred until the next meeting.

A petition present by Alderman Dimon on behalf of residents of Belvidere asking that a chemical engine be stationed near the junction of Fairmount, Rogers, and Laurel streets was referred to the committee on fire department.

The matter of the use of the old school room in the Fourth street engine house by the members of the fire department for recreation purposes was referred to the committee on lands and buildings.

The board then voted to authorize the appointment of a committee in conference to consider the proposed new method of assessing taxes, and the mayor appointed Aldermen Libby, Goward and Rivet.

Alderman Peirce gave notice of the vote of the street committee to have a hearing Thursday night at 7.30 on the petition to extend Aiken street from Ford street to Merrimack street.

At 8.25 o'clock the board adjourned.

NEGATIVE SIDE WON.

At the Pawtucket church last evening a debate was held by the society. The subject was "Resolved, that all telegraph lines in the United States should be owned and controlled by the government." The speakers for the affirmative were W. T. S. Bartlett and C. F. Miles; for negative side were E. J. Ellingwood and E. S. Bourne. The negative side won. The judges were Mrs. Trevors, Mrs. Putnam, and Miss Chase. The newly elected president, Mr. Douglas Rivet, appointed the committees on debate for the ensuing year. They are as follows: Mr. Richardson, Mr. Cutler and Mr. Hoyle. The chairman of the debate was Rev. Mr. Leland.

Supt. A. K. Whitcomb of the public schools will address the teachers of Brockton next Monday afternoon on "Physical Defects."

COL. CHAS. H. ALLEN

HOW HE IS APPRECIATED BY THE SECRETARY OF NAVY.

The friends of Col. Allen of Lowell will read with interest the tribute to his ability paid him by the secretary of the navy, the Hon. John D. Long, which will appear in the Boston Sunday Herald, Nov. 3. In that issue The Boston Herald will publish for the first time the story of the naval battles of the Spanish-American war with an introduction by the secretary of the navy. The article will be illustrated by pictures of each of the engagements by Mr. L. A. Shafer and Mrs. V. H. Bailey. These illustrations outrank anything heretofore published. The Boston Herald of Nov. 13 will again demonstrate the claim of that paper to the title of New England's Greatest Newspaper.

THE BATTLE IS OVER.

The battle is over and the victory won. We have heard nothing but politics for the past few weeks and now that the smoke of the battle is over, we hear another startling announcement that will be of great interest to every lady and gentleman in Lowell. The O'Donnell & Gilbride company intend to inaugurate this week one of the greatest sacrifice sales and I might almost say give-away sales that ever took place in this city. The season has been so backward and their stock so heavy that it is almost an utter impossibility to carry such a mammoth stock. They have decided that these goods must be exchanged for cash to the people of this city. Former prices will not be considered in inaugurating this great special mark-down sale. Now ladies, there is something else in store for you. Saturday of this week this firm proposes to give a souvenir to everybody that attends their sale whether they purchase or not. Remember that this is going to be one of the greatest reduction sales this firm has ever made. See tomorrow's paper; read their immense ad. and see if there is not an opportunity to save dimes and dollars with almost every purchase at the O'Donnell & Gilbride company's sale.

The building is in good order and repair, is well rented; the lot has a frontage of 31½ feet, an area of 1418 square feet with a small concrete yard on one side. The income from the property is $28 a month or $336 a year. Garnet street leaves Middlesex street just opposite the new block of stores recently erected by the Appleton Manufacturing Co. The property is mighty well located, pays a good increase on the price it will sell for, has excellent future prospects, is well down town and practically on one of the most important thoroughfares and busiest business streets of Lowell. Now don't stay away from this sale and allow this property to sell for less than you would be willing to pay for it. J. E. Conant & Co. in charge.

A CHURCH HOME

The First Trinitarian Edifice Now Complete.

ITS BEAUTY ENHANCED BY DECORATION

For the Fair Now in Progress There.

The fair held by the First Trinitarian church people in the renovated edifice on Dutton street last night opened auspiciously with a large attendance.

Beautiful decorations had been placed on the many ornamental figures which took up prominent positions and the tables were draped with the national colors in bunting and flags. Last evening for the first time the public were given the opportunity to view the new church.

The second floor with its Nile green walls and ivory trimmings and old rose ceiling, presents a handsome appearance and the effect is greatly enhanced by many incandescent electric lights. In the drawing of the plans, effort was made to take advantage of every inch of space without the appearance of crowding and in this the architect has met with success.

In the rear of the pulpit platform is the choir loft the only one of the kind in a Protestant church in this city and also the place for the organ. The organ will be in the centre of the loft and the row of seats are facing it and gradually sloping towards it, the last rows being on the same level as the organ itself. There are 160 chairs in the choir loft and they will be taken up by the members of the chorus choir, the children on one side and the adults on the other.

All the rooms are beautiful the finish being elegant, the whole interior being attractive and handsome.

When the building was purchased by the Trinitarian church, from the old Mechanics' association, there were many relics in the attic and these became the property of the society, including Billy Phalanx the mascot which was with the Sixth all through the Porto Rico campaign. Billy looks very wise as the visitors crowd around him and shows not the slightest fear. Casimero Rivas, the young native of Porto Rico who returned with the members of Company C to Lowell was present last night as a guest of honor.

The following executive committee has general charge of the affair: E. N. Wood, chairman; C. R. Durrant, F. M. Hill, A. F. Pyre, Mrs. J. B. Yorke, Mrs. C. T. Upton, Mrs. C. O. S. Wheeler, Mrs. George Boardman, Mrs. James Stuart Murphy, Mrs. George Ames, Mrs. L. A. Butman, Mrs. Edward Nichols.

The sales tables were tastefully grouped around the auditorium and were officered by the following ladies, each with a large number of assistants.

Domestic table, decorations red and white: Mrs. George Dale and Mrs. Luther Holt.

Apron table, lemon and white: Mrs. George Boardman.

Flower table, Nile green and white; Mrs. Ethel Kelly.

Fancy table, rose pink; Mrs. F. P. Crawford, Mrs. J. W. Coburn.

Handkerchief table, white and Nile green with silver thusel: Mrs. George Ames. This table is looked after by the junior Y.P.S.C.E.

Candy table, lavender and white, with arch of hydrangeas; Mrs. Emma Riddick, Mrs. J. D. Hartwell.

Lemonade table, national colors, Clifford Carey with several young men assistants.

In the large rom below tables were spread for the kettledrum which was in charge of Mrs. C. O. S. Wheeler and Mrs. Millard Davis. Mrs. C. G. Sherman managed the kitchen most efficiently. The cake table was looked after by Mrs. George Farnham and Mr. A. J. Bates.

At each of the 12 tables there was a squire and dame as follows: Mr. and Mrs. C. T. Upton, Mr. and Mrs. C. O. S. Wheeler, Mr. and Mrs. O. A. Brigham, Rev. and Mrs. George F. Kenngott, Mr. and Mrs. George Ames, Mr. and Mrs. J. V. Pepin, Mr. and Mrs. William Wright, Mr. and Mrs. O. F. Frye, Mr. and Mrs. D. A. Eaton, Mr. and Mrs. Charles Grant, Mr. Estabrook and Miss Cornell, Mr. E. N. Wood and Miss Grace Wood.

GREAT GRUMBLERS.

GRUMBLING WILL CEASE IF LOWELL PEOPLE FOLLOW THIS CITIZEN'S ADVICE.

When the kidneys are sick, they grumble.

You hear them clear through the back.

You feel them clear through the body

They grumble when overtaxed.

Know how the kidneys grumble?

It's a simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and you need it not.

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble, and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill.

The experience of Lowell citizens proves this.

Here's a case in point:

Mr. R. J. Gilmour, residing at 54 Jenness street, who superintends the loading and unloading of cars at the Boston & Maine freight railroad depot, says: "My occupation necessitates a good deal of outsideas well as office work and many hours on my feet. Months ago, I found my back began troubling me and that my kidneys were weak. A little cold or extra exertion increased the difficulty. There was too frequent action of the kidney secretions which weakened and annoyed me. I heard of Doan's Kidney Pills and got a box at Ellingwood & Co.'s, Merrimack and Central streets, I had taken but a few doses when I found the urinary trouble was gone and that the backache had entirely left me. I suffered from neither and am justified in backing Doan's Kidney Pills. There are many, I have no doubt, on our road, suffering as I did, and I shall be glad to tell them or others that Doan's Kidney Pills are the right thing for complaints like mine."

SIXTH REGIMENT

Will be Mustered Out of U. S. Service.

ORDER SENT TO LIEUT. COL. WEAVER.

The News is Pleasant to the Soldiers.

The work of examining the men of the Ninth Massachusetts regiment was resumed by the surgeons yesterday morning at the east armory, Boston.

The regular routine duty of mounting guard took place early and after breakfast the men were allowed to leave the armory for the purpose of casting their votes.

The captains of the various companies are all busy on their muster rolls, and this morning Capt. Joubert of Co. F, Lawrence, Capt. Mitten of Co. M, Lowell, Capt. Cannon of Co. K, Clinton, and Capt. Morris of Co. L, Natick were ordered to Boston with their clerical forces and will complete the work in this city.

These muster rolls must be in the hands of the paymaster by Monday next or possibly the regiment will be mustered out without receiving its pay.

This, Lieut. Ketchum of the Second Artillery, who is in charge of the work, will try to hviate. At the south armory everything is extremely quiet and while the rations are prepared for the full complement of men on the rolls, less than one-half embrace the opportunity of partaking of the same.

Col. Weaver, the chief mustering officer is still receiving his mail a day late from the war department on account of it being still sent to South Framingham, although the department was notified of his change of headquarters over a month ago. He has been notified by the war department that he is to muster out the Sixth Massachusetts, commencing the physical examination on January 3, the final muster out coming 20 days later.

It was thought in many quarters that the Sixth would be retained in the service and its members were looking forward with no little interest to again taking the field, but judging from the notification from the war department it has all the Massachusetts troops required.

A new flag has been substituted for the one that floated over the armory all summer. Armorer Carr raised it for the first time the day that the Sixth returned home, and it was hoisted again on Sunday when Co. M went on duty at the armory.

Eden C. Walker, who has been at Fort McPherson, Ga., for several months in the service of the army returned with his wife to Lowell yesterday. He has received his discharge from the service. He enlisted in the hospital corps and was for some time employed as a nurse. Lately, however, he has had a clerical position at Fort McPherson. Mr. Walker believes it probable that Elgin Bill and Herbert Lance and other Lowell men in the hospital corps service will have to serve out their time.

Capt. George Garity has filed the roll of his provisional company at city hall to be forwarded to the adjutant general's office. It is substantially the same roll as the one which was approved by the mayor and aldermen some time ago but it is now filed in case there is, for any reason a call for another company.

Private John Conners of the Seventh Heavy Artillery, but better known to his large number of friends in this city as "Roger" Conners, was in Lowell yesterday on a 24-hour furlough to enable him to vote.

CHEATED

The merchant who pays for advertising and doesn't get it cries out that advertising doesn't pay. He is wrong. Advertising pays if you get it. If you pay for any commodity that is never delivered, you lose money on it, just the same as you lose on advertising that you pay for but never get.

When merchants learn to buy their advertising space in the newspapers as they buy their merchandise—by measure and weight—it will pay them. Buy space by the inch per thousand of circulation and see that you get what you pay for. Then you will never be cheated in advertising and it will pay you. The Sun will give you more advertising for your money than any other paper in Lowell

LOWELL'S GREATEST NEWSPAPER

THE SUN DISTANCED ITS COMPETITORS AS USUAL.

The people of Lowell will probably appreciate the fact that The Sun was the only paper that presented the election returns by a stereopticon last night as fast as they were flashed over the wire from every part of the country in which an election was held. The result of the contest in the Fifth district was first told by The Sun and shown on canvas to a vast multitude of spectators. And so with the returns from New York, Pennsylvania, and other points outside the state. The results of the local election were also cast upon the canvas at the earliest possible moment, so that the people who watched the figures as given out from the Sun building had the first reliable news of the election. The Sun, as usual, distanced its competitors just as it does every day in matters of news. Its enterprise yesterday and last evening is but another proof that The Sun is Lowell's leading newspaper.

SIMPLER BALLOT NEEDED.

It must be noticeable to everybody who studies election returns and especially the number of blank ballots, that the form of the ballot in this state is very complex and confusing to the average voter. But a few years ago there was such a mix-up that thousands of republicans threw their votes away by getting the names of candidates mixed, and so it is in every election. A voter will by mistake or misapprehension cast his vote for somebody for whom he did not intend to vote and against somebody for whom he did intend to vote, while many candidates are not voted for at all solely on account of the complex form of the ballot.

In many states of the union, in fact, in the majority of the states, the ballot is much more simple than in Massachusetts. The principal form and the one which is considered the simplest has the candidates of each party in one column properly headed with a circle at the top on which one cross can be placed if the voter wishes to vote the entire ticket. Then beside the name of each candidate in that column is a square in which a cross can be placed for any particular candidate in case the whole of that ticket has not been voted. In this manner the names of the candidates of each party form a vertical column, and there is no difficulty whatever in voting for the entire ticket or for any part of it. It is time that some such form of ballot were adopted in Massachusetts, because the present form of the ballot is a serious obstruction in securing the full vote of the people. No candidate gets all the votes intended for him while some candidates benefit and some lose as a result. In order to secure fair play for everybody and to facilitate the expression of the voters' choice on the ballot, it is necessary that a different form, one more simple, such as suggested here should be adopted. Massachusetts claims to be ahead of other states in many things, but she is far behind in this particular matter, and it is one of much importance. The voters may be intelligent but even the most intelligent of them in some cases make mistakes on the ballot on account of its complexity.

THE MILLS IN POLITICS.

In yesterday's selection and in the manner of bringing people to the polls, it was plainly evident that the mills of this city were working hand in hand with the republican party, and consequently against the democratic party. Their work was done under the guise of courtesies extended to those accredited by the republican city committee, while the favors thus granted were refused to democratic operatives. The courtesies extended employes were facilities for leaving the factory at any moment and proceeding to the polling booth. Hundreds of voters were called for in this way by the republican city committee and conveyed to their respective precincts, while there were hundreds of democrats who from one kind of pressure or another were prevented from going to the polls. Men who held positions of importance, such as firemen, engineers, and others who could not leave their posts until substitutes were provided, found it very difficult to get out to vote, and many of them were actually prevented because they could not leave their work. If the democratic voters had taken The Sun's advice and voted before going to work, they would have avoided this difficulty and nobody could then baffle them in the exercise of the franchise.

The action of the mills in this respect is considered an outrageous interference with the freedom of the operatives to vote as they please. It is but another reason for opposing the corporations by every fair means when they show such a desire to dominate elections. They have always acted secretly in co-operation with the republican party, and they have never failed to work the legislature through the lobbyists whenever their interests were involved in any measure that came before either branch of the general court. The action of the corporations in yesterday's election will prejudice the people of Lowell against them more than ever so that in the long run the gentlemen who offered their services so freely to Chairman Poore of the republican city committee will have reason to regret their action.

MISTAKEN IDENTITY.

Daniel Kennedy of Lynn who was supposed to have been murdered in Deering, Me., and whose supposed remains were brought to Lynn and there interred with due ceremony, has returned to the bosom of his family after a trip to the west, probably to the Alaskan gold fields. Cases of mistaken identity of this tragic character are very frequent. That which occurred recently at Taunton when Mr. Perkins brought to the railroad station what he supposed to be the remains of his daughter but which proved to be the mutilated remains of Emma Gill who however, closely resembled Miss Perkins, was perhaps the most pitiful ever heard of in this district but the old man's sorrow was soon supplanted by joy on finding that his daughter was at home, alive and well. Such experiences are dangerous to those who are troubled with heart disease.

President McKinley is not the only patriot in the republican party. There are others such as Senator Hoar who differ widely with him in his policy on the Philippines. The democrats were denounced as trying to pull down the flag that Dewey raised at Manila until men like Senator Hoar come out and endorsed the democratic position on that question.

The mules that were drafted into the army service in Cuba stood the seige as well as could be expected, notwithstanding the fact that they had no medical treatment, as the veterinary surgeon of the army was in charge of the hospitals and the corps of surgeons. Alger's selection of a surgeon turned out to be most fortunate for the mules.

The time must come when this nation will have a merchant marine as well as a fleet. The building up of such a seafaring commercial force will be the first help to the business of this country.

SCARLET FEVER.

A teacher in the West Sixth street school reported to Supt. Whitcomb yesterday that she thought one of her pupils, a boy named Scott, residing on Albion street, had scarlet fever symptoms. The matter was next reported to the health authorities and an investigation followed, which proved that the teacher's fears were correct and the boy was promptly isolated in his home and placed under medical care.

The speaking tubes in the city hall are undergoing repairs, an expert electrician having charge of the work.

There has been much difficulty experienced with these tubes, owing to an echo which emanates from said tubes when any one is speaking, making the hearing difficult.

Many favor the speaking tube telephone system such as is now in use in the buildings of the city farm and which is giving great satisfaction.

The system, if adopted would give immediate and satisfactory service from the mayor's and the city messenger's office to each department and all the little obstacles now existing obviated. So said a city official to a Sun man about the city hall.

THE ARENA OF POLITICS

RAILWAY TYRANNY.

WHY DO THE PEOPLE SUBMIT, WITH A REMEDY AT HAND?

The Government Is Robbed by the Railway Ring, and We Are All Made to Pay It Tribute—The Superior Sense of the Australians.

Dr. O. F. Taylor, editor of The Medical World, published in Philadelphia, continues to make Our Monthly Talk department a power for good in the reform field. The following is taken from the November number:

The kindly light in the darkness guides the mariner on his way and warns him from dangerous rocks. Who placed the lights in dangerous places, and who maintains them every night through all the year, and every year? The government. And they serve every ship of whatever nationality that comes within their range. And the story is only begun. When fog gathers and becomes so dense that the lights cannot penetrate it, fog horns are blown and their dismal sound is the sweetest music to the sailor in danger of being dashed upon the rocks. As the ship approaches port, buoys, lighted buoys, bell buoys, whistling buoys, etc., guide safely to the wharf or place of anchor. But years ago the government removed specially dangerous rocks, deepened channels, etc., and every year one of the largest appropriations that congress makes is the river and harbor appropriation, for the improvement of rivers and harbors. These public duties in relation to transportation by water are recognized by every country. Look about your house, upon your dinner table, etc., and you will see to what extent articles from beyond the sea enter into our daily life.

What would a country be without public roads? Imagine a town or city without public streets!

Not many of the necessities and comforts of life are produced in your immediate vicinity.

Think over all these things, and then say if you think that transportation is properly a public question. Say if you think it is an important question. When you say yes to these propositions, reflect over the fact that the mud roads and here and there a graveled road belong to the public, upon which the horse, mule and ox may be used as motive forces, while the roads of iron and steel, with the puffing, swift and never tiring locomotive, are owned and operated by private companies for private profit. Distant communities are as interdependent upon one another as adjoining communities once were, and the railroads absolutely control this interdependence. Should such control, such an important public function, be intrusted to private corporations which exist only for profit? Most other countries have long ago discovered that private control of so important a public function is inimical to the public welfare. When will we make this discovery? How long after we have made the discovery will we proceed to act upon it? The abuses are many, as most of us know, but whose fault is it? It is natural for the owners of the railroads to work for their own interests. Why don't the people work for their own interests? Not bright enough? Don't know how? Too slow?

How long will we continue to pay the railroads from eight to ten times more per pound for hauling the United States mails than the express companies pay for having their packages hauled? How much longer will we pay a rental for the postal cars equal each year to the cost of the cars, and this in addition to the monstrously high price paid for hauling the mail, while the express companies pay no rental at all? The railroads like this sort of thing, and will continue it so long as we will permit it. Those who protest against this injustice the railroads regard as disturbers, dangerous agitators, "socialists, anarchists!" They like the present condition, and they want it to continue undisturbed. But, doctor, how do you like it? Would you like to have penny postage? You can't have it while such exorbitant rates are paid to the railroads. Would you like to have a cheap and convenient package post, at about one-third the rates we have to pay to the express companies? You can't have it while such an unreasonable rate is paid to the railroads. Don't you think it is worth while to see or communicate with your senators and congressmen upon this subject? The railroads "see" them with passes. Suppose you vote for a man that can't be "seen" in this way. Write about this in your local newspaper.

The railroads hold a controlling power over the price to be paid to the farmer for his produce and the price to be paid by the consumer. Usually the rates of transportation are high until the bulk of the crop is in the hands of speculators; then the rates go down. Just why this is done, "inquire within"; that is, on the inside of the ring, if you can penetrate the deep and dark secrets there. But to those who have given attention to this subject all is as transparent as daylight. The speculators either belong to the railroad ring or "stand in" with the railroad ring. Thus the members of our most useful producing class, the farmers, are drained. When the farmer is prosperous, we all are prosperous. When the railroads rob and drain the farmers, they rob and drain us. Read Mr. Cowles' "A General Freight and Passenger Post," and Mr. Lloyd's "Wealth Against Commonwealth" for astounding accounts of discrimination and other unfair means by which the railroads contribute to the ruination of many small business concerns and build up trusts and monopolies. According to the common law, common carriers should serve the public with rigid impartiality. Rates should be constant and uniform. But instead freight rates are subject to change at any moment, and sometimes actually do change as often as several times a day, and though the law now says that rates must be uniform to all, the law is successfully evaded by rebates, false entries, etc.

Almost without exception, railroads in this country have been capitalized at from double to quadruple their actual cost. These fraudulent issues of stock and bonds have been sold to investors (who should have looked carefully into the facts before investing), and the effort is to make the railroads pay dividends or interest on this fraudulent capital. Reduce the capitalization to the actual cost and great reductions in rates could be easily afforded.

In this connection the following from the Indianapolis News may be of interest:

"Australia is a strange country and many strange things have come out of it and many good things also. The people there are, like ourselves, trying experiments in government; some of their experiments have turned out most happily; note the Australian ballot system and the Torrens land law. But anything in the way of progressive government that Australia has done in the past is likely to be overshadowed by a novel proposition that is at present being seriously discussed. In Australia the government owns the railroads, and they have been a paying branch to the government. It is proposed now to make a uniform charge on the railways for both freight and passengers, irrespective of distance. The advocates of the proposition want the railways to carry a passenger one journey as far as he wants to go for one shilling, and to haul freight from any point in the interior to the seaport for the uniform rate of five shillings a ton. That the proposal is not so crazy as it would seem at first sight may be seen when it is known that, besides owning the railways, the government owns the most of the land in the interior, which it rents out to woolgrowers. The rental of these lands is very low, owing largely to the long and expensive carriage to the market for wool and mutton, and it is said by the advocates of the uniform railway rate that the lessees of the government lands would gladly pay more rent if the proposed reduction in freight were made. Estimates have been prepared showing that the enhanced revenue from the government lands would more than compensate for the deficiency in operating the government railways. It is also pointed out that the low railway rates would have a happy effect in settling the interior of the country. Finally, the advocates of the scheme argue that, as the railways are built with public money, and as the enhanced rental of the public lands will pay interest on the public debt and at the same time create a sinking fund that will in time wipe it out, there can be no objection to the rather startling innovation they wish to introduce."

Will Silver Be Dropped?

The cat is out of the bag. What many observant people have noticed is actually taking place. The silver issue is being gradually dropped, and that by the most radical and influential Democrats at headquarters. The slogan in 1900 will be, "Down with the trusts!" The Washington correspondent of the Kansas City World, Mr. R. H. Hazard, telegraphs his paper a long story, which contains the following among other things: "From the Democratic national committee headquarters here the tip has been quietly given out, 'Drop silver,' and it will be dropped accordingly." It is pointed out that the Democrats in the big eastern states are repudiating the white metal and that other states will follow. "Even as conservative a leader as Samuel Gompers of the Federation of Labor," writes Mr. Hazard, "a man who seldom speaks on party questions, said to me yesterday: 'The laboring men of the country are sick of the silver cry. They are ready, though, to take up the fight against trusts. If the Democrats will make that their issue in the next general election, they will get the bulk of the labor vote.'" It is concluded that the agitation against trusts, the showing up of the ill treatment of soldiers and the killing of miners by soulless corporations will force silver to the rear.—Cleveland Citizen.

That's Different.

Nebraska failed to cast its electoral vote for Major McKinley, but there will be nothing in connection with the great assemblage at Omaha this week to indicate that the state will ever again be guilty of such a dereliction of duty.—Globe-Democrat.

The president's reception was nonpartisan. The rest were of Nebraska are gentlemen and ladies, and when the president visits them they give him a cordial welcome and forget all about his disgraceful politics and still more disgraceful policy. The members of the reform party of Omaha cannot yet speak above a whisper as a result of their exceeding politeness and cordiality. We will always cheer the president of the United States, but if he were a candidate for re-election today he would be buried under by 50,000 or more majority in the state of Nebraska.—Omaha Nonconformist.

The G. O. P. and Pensions.

It is claimed with a good deal of gusto by the pseudo prosperity papers that the g. o. p. is entitled to all the credit for the pension laws. Yes, your party made it possible for the retired army officers to draw princely salaries of from one hundred to several hundred dollars per month, while the poor and deserving soldier privates who slept on the ground are grudgingly given the beggarly and miserable pittance of $4 to $12 per month.—Courtland (Neb.) Herald.

Prussian Railways.

The net receipts of the Prussian railways in 1897 were 503,899,060 marks against 469,468,060 marks in 1896. The profits were 7.15 per cent in 1897 against 6.26 per cent in 1896. The receipts exceeded the estimates by 63,761,260 marks, or 14.40 per cent.

THREE DEMOCRATS

The N. E. Delegation to Next Congress.

GOV. ROGER WOLCOTT, Re-elected.

Naphen Elected in the Tenth—Fitzgerald in the Ninth—Thayer in the Third District.

Boston, Nov. 9.—The vote of the state is nearly complete, and gives Governor Wolcott (Rep.) a plurality over A. B. Bruce (Dem.) of 78,111. The Democratic vote in 311 cities and towns out of 352 was 103,700, which was somewhat larger than the total vote of Williams in 1896, and 24,000 ahead of his vote of last year. Governor Wolcott's vote is 60,000 behind that of 1896 and 16,000 ahead of the vote of 1897. The congressional delegation will stand 10 Republicans and three Democrats, a gain of two by the latter, while the legislature will stand practically the same as last year, and will re-elect Lodge as senator.

The returns from the congressional districts were much slower in coming in than those for governor. There were many surprises, and the losses by the Republicans showed the result of vigorous work by the Democrats in nearly every district. While all but one of the Republicans were up for re-election, each had his majority of 1896 materially reduced, while Barrows, in the Tenth and Walker in the Third district were defeated. In nearly every case the Republican vote fell off greatly from that of 1896, although many of the candidates ran on nearly even terms with the vote for governor. While Lawrence, in the First district, ran fairly well, Gillette, in the Second, was badly cut, and his opponent gained over the vote of 1896.

Knox, in the Fifth, until the small towns came to his rescue, fared very badly and at one time it appeared as if he had been defeated.

The Republicans also hoped to carry the Ninth district with the aid of the Independent Democratic candidate, but here again they were disappointed, while in the Seventh, where Barrett had a wide margin in 1896, the warm fight of Mayor Ramsdell made great inroads into the Republican ranks, although he was treated to a surprise in his own city, which he lost by over 500 votes.

The Republican vote in the Eleventh district fell off, while the Democratic candidate, Baker, gained considerably. The vote in the Fourth district also fell off, but both sides suffered nearly equally.

In the Twelfth district Brady ran ahead of the Democratic vote of 1896; Lovering went behind his own of that year.

Greene, in the Thirteenth, ran well, while his opponent lost ground.

While Governor Wolcott was re-elected by an increased plurality over last year, the Democrats made surprising gains in nearly every congressional district, and not only succeeded in increasing its representation from one to three, but defeated Joseph H. Walker of Worcester, supposed to have been one of the strongest opponents in the whole state. The election of John R. Thayer in Walker's district, the Third, was as much a surprise to the Democrats as to the Republicans, and proved to be the sensation of the whole campaign.

THE GRANITE STATE.

Concord, N. H., Nov. 9.—The returns at hand for New Hampshire show that the Republicans have a lead indicating at least 7000 for their candidate for governor, and half that for each congressional district.

Senator Jacob H. Gallinger, chairman of the Republican state committee, issued this statement: The indications at midnight show the election of Rollins for governor by from 5000 to 10,000 majority, and that the Republicans will have from 18 to 20 of the 24 state senators, and nearly the same majority in the house as two years ago. Both Republican congressmen are elected. No returns have been received from councillor districts, but, basing the councillor vote on that for governor, I should say that all five Republican councillors are elected. It is possible that the state senate may stand the same as two years ago—21 Republicans and 3 Democrats.

The Republicans gain a senator in the Twenty-fourth district, where Yeaton is elected over Norris, and there are no present indications that we have lost more than one senator.

The following statement was made by F. W. Rollins, Republican candidate for governor: "I estimate that I am elected by from 7000 to 10,000 plurality, and that the general ticket throughout the state has been elected by a handsome margin. The house will be very strongly Republican, and the senate overwhelmingly so."

Senator Chandler: "There is a sweeping Republican victory in New Hampshire for governor, both congressmen, and the legislature; carried by popular majorities about one-half of those of 1896, when he had the greatest gain made in any two congressional districts in the Union. The Republicans of the state have had special troubles to overcome, but the complete result shows that the state approves the war with Spain, and the conduct of President McKinley in its prosecution."

AS ANTICIPATED.

New Haven, Nov. 9.—Connecticut's election resulted exactly as forecasted, and complete returns from all of the 168 towns in the state show a substantial Republican victory, in which the state ticket, headed by George C. Lounsbury of Ridgefield, for governor, received majorities of about 15,000; four Republican congressmen, all present incumbents, were returned; a general assembly, Republican, with a joint ballot vote of 217 against 79 Democrats elected, and Republican sheriffs in all of the eight counties chosen.

Comparison of the gubernatorial vote of this year with that of 1896 show that the Republican majorities of 59,000 in the presidential year were greatly reduced. In the congressional districts, three Republicans were returned with ease, while in the Second district, which had been considered doubtful, Mr. Sperry (Rep.), contrary to predictions, won over James H. Webb, his rival, by nearly 3000.

The day passed quietly and with no disorder at the polls or elsewhere. Remarkably fine weather brought a vote which was vastly larger than the leaders had expected.

RHODE ISLAND RETURNS.

Providence, Nov. 9.—The voting was light throughout the state, as the election of both Republican candidates for congress was a foregone conclusion. The revised constitution has probably been rejected. The country districts voted heavily against it, and unless the vote in the cities proves larger than expected it will not be approved.

PROBABLY THE TERESA.

Washington, Nov. 9.—A message received at the navy department from Captain Crowninshield, chief of the navigation bureau, who is in New York, called attention to the report that the Spanish cruiser Maria Teresa had been seen off Cat Island. The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan, now at Norfolk, be sent at once to make search for the derelict. The telegram was sent to the commandant of the Norfolk navy yard directing him to place the Vulcan in command of Captain McCalla and send her with all dispatch to look for the Teresa. A similar order was cabled to Captain Converse at Guantanamo, directing him to send the big wrecking tug Potomac from that place northward on the same quest. She goes in charge of Commander J. E. Craven.

It is the belief of naval constructors that the Teresa took water aboard almost altogether through the decks, and not through the hull as would appear from the first accounts of the loss of the ship. These decks were rude temporary constructions and were entirely unsuitable for rough weather. The fact that the reports indicate that the ship settled by the head and that water ran into the coal bunkers and thence into the fire rooms goes to bear out the constructors' theory.

The Vulcan was one of the vessels which was towing the Teresa when she was supposed to have foundered.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department if the vessel did not founder outright within a very few hours after having been cut adrift she would almost certainly have fetched upon the shoal beach off Cat Island, for the wind and tide set directly on that beach. If so, the location is much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered with rocks and the wreckers worked at great disadvantage.

BURGLARS WORKED UNMOLESTED

Ware, Mass., Nov. 9.—Burglars worked in the store of E. H. Howe at Enfield yesterday morning, wrecking the safe and securing watches and money to the amount of $200. The postoffice funds were left intact. The family living over the store were thrown from their beds by the force of the explosion, but no one dared to molest the burglars, who later cracked the safe in the store of Jared Gould, securing a considerable amount of cash.

AFTER FOREIGN CONCERNS.

Cincinnati, Nov. 9.—The grand jury sitting in Covington, Ky., yesterday returned indictments against 53 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

CLEANING HAVANA'S STREETS.

Havana, Nov. 9.—Street cleaning in this city has been undertaken on new lines by Acting Mayor Angulo. The principal feature of the new plan is utilizing the fire department as a street cleaning brigade. The main streets of the city are to be flooded by hose attached to the hydrants at the street corners and they are then to be cleaned down by the firemen.

MANSLAUGHTER CHARGED.

London, Nov. 9.—The coroner's jury which has been investigating the death Oct. 19 last of Harold Frederic, the correspondent of the New York Times, rendered a verdict of manslaughter against Kate Lyon, a member of the late Mr. Frederic's household, and Mrs. Mills, a Christian scientist.

END OF CAMP MERRIAM.

San Francisco, Nov. 9.—The United States transport Newport, bearing General Miller and staff and first battalion, Twentieth Kansas regiment and the Wyoming light battery, sailed last evening for the Philippines. This expedition is the last ordered to the Philippines, and Camp Merriam in this city is now a thing of the past, the only troops left here being those of the California department.

POLICE BOARD.

At a meeting of the board of police, Tuesday night, the license of James Mitchell as private detective was revoked.

Heman G. Stacey was appointed a special policeman for Cushing square and vicinity.

The common victualler's license of Allison Moore, at 130 Market street, was revoked.

Leave to withdraw was granted Lewis Hives, a job wagon license at 5.5 Market street.

Allison Moore was granted a common victualler's license at 12 Kirk street and one to Charles C. Green at 52 Thorndike street, and a job wagon license was granted Ed. Judge at 50 Lindsay street.

Isaac Harris, a job teamster, was ordered to appear before the board on Tuesday evening of next week to answer charges against him.

MONTHLY SOCIAL.

The Independent circle held their usual monthly social at the residence of Mrs. William Brown, 92 Grand street last night. There was an excellent supper followed by music both vocal and instrumental. A quartette whose members were Mrs. E. G. Russell, soprano, Mrs. Barnes, alto, Reuben Driscoll, tenor, Charles Dorr, bass, gave a number of selections and Arthur Barnes, piano, Frank Harrington, cornet, Bennett, clarionet, George Tolman, cymbals, etc., pleased those present as well as outside who listened to music. Mr. James Beede gave harmonica solos, accompanied on the piano by Mrs. E. G. Russell.

CRICKET CLUB ELECTION.

The Plush Mill Cricket club held its first annual meeting Monday night and elected officers for the ensuing year as follows: President, John H. Mills; vice president, F. G. Humphries; secretary, B. Southam; financial secretary, Alfred Harrison; treasurer, J. W. Hartley; committee, William Sykes, Alfred Ashworth, John Dobbs, James Terry, William Flescey.

The club is in a good condition and expects to have a first class team for next season.

BIG ODDS GIVEN

On Corbett as Against Pugilist Sharkey.

THE FIRST WAGER OF $1000 TO $700.

The Prominent Sports Interested in the Fight.

New York, Nov. 8.—As the date for the big heavyweight contest between Corbett and Sharkey, draws near, interest in sporting circles over the match increases daily. Many small bets have been made at even money, but Corbett is a slight favorite, according to the heavy betters. The largest bet made so far is $1,000 to $700. Geo. Considine made the wages with Bookmaker O'Neil, who took the short end. W. H. Brady, when informed that Considine had $1,600 on Corbett, asked for $250 of the $1000. It is probable that after today, when the election wagers are decided, the Corbett?Sharkey will will be the betting event of the season.

Tom Sharkey continues to jog along with his routine schedule in preparing himself for his match with Corbett. He says he is well down to his fighting weight and is in perfect condition for his encounter. He rises at 7 o'clock and takes a spin on his wheel. He is back in time for breakfast, and then rests until 10 o'clock. After that comes a two-hour tramp along the shore roads about Fort Hamilton. He is back to his quarters at 12 o'clock and after cooling off, he is well rubbed down.

At 2.30 Sharkey starts in on his afternoon work. He uses the old Bay Ridge clubhouse on Second avenue and Fifty-fifth street for his indoor exercise. First on his schedule is boxing, and he puts in about half an hour of continuous sparring with Armstrong and his trainers in turn. Then he takes a whirl at the punching bag and he is an artist at the leather ball. He passes from the bag to a wrestling bout and keeps this up until his opponent is exhausted and can no longer stand the game. His attention is then turned to the wrist machine and other pulling devices and this is followed by a brisk rub down and his real hard work ends.

Tom fills in the balance of the day with bicycling, sprinting and strolling along the roads. Sharkey now weighs about 175 pounds stripped and while his face gives evidence of hard, persistent work, his frame does not appear fine drawn in the slightest.

The twenty-five round contest between George Dixon and Dave Sullivan which is scheduled to take place at the Lenox club on Friday night, is the most important fight at the weight decided in this vicinity for a long time. They are both fighters of exceptional ability who never lose a moment's time from the sound of the gong, and sports are sure to see an interesting contest with these boys as principals. The bout in itself means much to both men. Should Sullivan defeat Dixon, it will prove that he is the natural opponent to face Ben Jordan. If Dixon is successful and he believes he will be, for he is in the most superb condition for this contest, he will be entitled to a return match when the latter comes to this country next month.

The betting men are divided as to their chance and although much money has been wagered it has all been at even money. The preliminary on the same evening will introduce Walter Burgo of Boston and Bob Gormully of Harlem at ten rounds.

Tim Callahan, the clever Philadelphian bantam, and Teddy McGovern have been matched to fight twenty rounds at the Greenwood club on November 19. Callahan was too ill to fill his engagement with Rice on Saturday night, but says there will be no disappointment when he meets McGovern. Both boys are pretty evenly matched and as a victory means much to either man there will be some hot fighting when they come together. McGovern was matched to fight Jimmy Barry at Coney Island on the 11th, but the Greater New York club did not come to terms and the match fell through. The Greenwood club has made an offer for the contest, but McGovern decided to take on Callahan first. The winner of the Callahan-McGovern fight will meet Barry.

Johnny Gorman and Young Diamond have been matched to go ten rounds as a preliminary to the twenty-round bout between Larry Becker and Geo. McFadden at the Excelsior boat club of Paterson on December 5.

The Simplest Cure for Indigestion

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn-out stomach do all the work, give it a much needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time because these Tablets will thoroughly digest all wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases:

Mr. J. O Wondly of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Kepple of Girly, Pa., writes: I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure Dyspepsia surely and lastingly by causing the food to be properly assimilated and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

COMFORTING WORDS TO WOMEN.

The Surgical Chair and its Tortures May be Avoided by Women Who Heed Mrs. Pinkham's Advice.

Woman's modesty is natural; it is charming.

To many women a full statement of their troubles to a male physician is almost impossible. The whole truth may be told to Mrs. Pinkham because she is a woman, and her advice is freely offered to all women sufferers.

Mrs. O. E. Ladd, of 19th and N Sts., Galveston, Texas, whose letter is printed below, was completely discouraged when she first wrote to Mrs. Pinkham. Here is what she says:

"Dear Mrs. Pinkham:—I wrote to you some time ago, telling you of my ills, but now I write to thank you for the good your remedies have done me. I have used two bottles of Lydia E. Pinkham's Vegetable Compound, three packages of Sanative Wash, and one box of Liver Pills, and to-day I call myself a well woman. I suffered with backache, constant headache, whites, sick stomach, no appetite, could not sleep, and was very nervous. At time of menstruation was in terrible pain. Your medicine is worth its weight in gold. I never can say enough in praise of it. I have recommended it to many friends. If only all suffering women would try it, there would be more happy homes and healthy women. I thank you for the change your medicine has made in me.

Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice, have saved thousands of women from hospital operations.

The lives of women are hard; whether at home with a ceaseless round of domestic duties or working at some regular employment, their daily tasks make constant war on health. If all women understood themselves fully and knew how exactly and soothingly Lydia E. Pinkham's Vegetable Compound acts on the female organs, there would be less suffering.

BOSTON'S DRY DOCK.

SECRETARY OF THE NAVY LONG MAKES PUBLIC ITS PRINCIPAL

The big dry dock which the government is about to build at the Boston navy yard will be a type of all the other granite docks to be built by the government at other navy yards. Secretary Long has published the following particulars of the features of the dock for the guidance of bidders:

The dock will be of the following dimensions: Length, 750 feet; width on the floor, 80 feet; width at top, 114 feet; width at entrance, 95 feet; depth to floor, 40 feet; draught of water on the sill 30 feet.

The dry dock will be located parallel with the present granite dry dock and distant about 300 feet. It will be constructed of granite or concrete faced with granite. If built entirely of granite there will be used in its construction about 570,000 cubic feet of rubble masonry. If the dock is built of concrete, faced with granite, there will be about 255,000 cubic feet of cut granite and about 1,710,000 cubic feet of concrete.

The caisson will be steel gate in the form of a vessel 95 feet long, about 26 feet deep and about 25 feet beam.

The pumping plant will consist of 3 centrifugal pumps, about 45 inches in diameter driven electrically. The pumps will be submerged to the level of the dock floor and driven by the engines and motors from the power room above, through the intervention of vertical shafts. No boiler plant will be installed within the dock, as the power will be generated at the central electrical plant of the yard.

The dock contract will be let in one sum for the entire line of work, complete and in working order, including all incidental work and accessories necessary for the construction and completion of the dock and the cofferdam. When the work is advertised it will be for a dock constructed upon full plans and specifications prepared by the bureau of yards and docks and 60 days will be allowed bidders for the preparation of their offers for the work.

The materials entering into the construction of the dock must be of the best quality of their respective kinds. Preference will be given to no particular locality, and in the case of stone to no particular quarry, and any materials which are of the best quality and meet the standards laid down in the specifications will be accepted for the work.

Bids will be asked for a dock built entirely of granite, and also for one built of concrete, faced with granite. The work will be publicly advertised in a few weeks.

COLLINSVILLE.

The now famous Tigers of Collinsville are very anxious to get a game with the Tremonts of Lowell or any other team in the vicinity whose weight on an average is 120 pounds. Jack Brennan has been elected manager by acclamation and will receive any answers to the challenge hereby given. Address J. Brennan, Collinsville, Mass., P. O. Box 10.

The concert and ball recently held by the Jolly Eight clug at the Willow Dale pavilion last weey out-distanced all the similar events held by this popular organization, in a financial way; and the sociability of the affair was a grand success, also. A large delegation of Lowell young folks attended, and the Cadet orchestra of Lowell furnished the music. For several years past the Jolly Eight social parties have been looked forward to by all the young people of the town.

The next party to be held will probably take place in a few weeks at the club rooms.

The hour schedule of the Lowell & Nashua considerably inconveniences the residents of this town who, if they start for Lowell after 8.20 o'clock in the evening have only a slight possibility of returning home via electrics the same evening. The people are disgusted with the new arrangement.

The Juniper Social club has recently admitted Harry Lenox to membership.

The Buck and Wing club will elect officers on Nov. 25.

BOYS' BRIGADE.

Rev. C. L. Merriam announced the following appointments at the last regular meeting and drill of the Boys' Brigade of the Highland Congregational church: Vice commandants, Fred Cates and Tennyson Simpson; captain, Henry L. Williams; first lieutenant, Charles G. Choate; second lieutenant, Irving D. Kimball; adjutant, Ernest Mountain; quartermaster, Arthur Munro; color sergeant, Clark White; sergeant, Harold Jewett. Chas. Deane was named as officer of the week.

TEMPERANCE MEETING.

Mr. John A. Nicholls, the well known lecturer, will address a meeting at the First P. M. church, Gorham street, next Sunday evening at 6.30 o'clock.

WAR INVESTIGATION.

By Associated Press to The Sun.

Chicago, Nov. 8.—The war investigating commission today continued the examination of witnesses. General Dodge, chairman of the committee, now says that he can begin to see an end of the long investigation. After some evidence had been heard at Detroit, the commission will go to Washington. They have yet to visit Camp Meade, Pa.

According to Dr. Conner, the accumulation of papers and documents in the possession of the commission would fill a large sized room.

Dr. E. A. Smith of Clinton, Ia., was the first witness today. From August 20 to September 10, he was in charge of the Second Division, Third Army Corps hospital at Camp Thomas.

STREET COMMITTEE HEARINGS.

There will be hearings on the following petitions Thursday evening in the public hearing room.

Of A. L. Sturtevant that Brookside street be laid out and accepted.

Of Andrew Livingstone for a sidewalk of edgestone and cinders on the northwest side of Fourth avenue, from the Mammoth road to Mt. Grove street.

Of Edward F. Dean for sidewalk of edgestones and cinders, southeast side of Fourth avenue from Mt. Hope to Grove street.

Of Rev. J. Lefevre, O.M.I. provincial and others for the extension of Aiken street from bridge over northern canal at Ford street, southerly to Merrimack street.

Of Albert F. Grant for concrete sidewalk in front of premises 234 and 244 Gorham street.

Of W. F. Stevens for sidewalk or edgestones and cinders on the east side of West Meadow road from the Mammoth road to the land of one O'Donnell.

Of S. W. Abbott for sidewalk of edgestones and cinders on the north side of Burgess street to School street, and from School to Hastings street and on the east side of Hastings street 101 feet north from Burgess street.

Of Sarah D. Bassett for the laying out and acceptance of Newell street from Chelmsford street.

FLYNN GAINING.

By Associated Press to The Sun.

Lawrence, Mass., Nov. 8—A large vote is being polled in this city, the home of Alexander B. Bruce, the democratic candidate for governor, owing to the excellent weather conditions and local pride in a gubernatorial candiate. Congressman Knox is apparently receiving a fair vote, while it is thought the democratic candidate for congress, Joseph J. Flynn, will make gains in most of the wards. The city is strongly democratic.

TURNER KNOCKED OUT.

By Associated Press to The Sun.

London, Nov. 8.—At the National Sporting club last evening, Nat Smith knocked out Tom Turner with a blow over the heart in the thirteenth round of a boxing match. Turner remained unconscious and died this afternoon. Smith and his seconds have been arrested.

INVESTIGATING EXPENSES.

By Associated Press to The Sun.

Montpelier, Vt., Nov. 8.—A joint resolution was introduced in the legislature this morning, making the investigating committee appointed last week a joint committee, with the authority to summon witnesses. The purpose of the committee is to investigate the expenses of the state officers and state attorney.

CROKER'S ESTIMATE

Tammany is Getting Out a Full Vote.

The Great Leader Says the Democratic Ticket Will Have 50,000 Plurality.

By Associated Press to The Sun.

New York, Nov. 8.—The voting in the city continued extremely heavy up to 2 p. m. Richard Croker gave out the following statement this afternoon:

"Everything I have heard of up to this time makes democratic victory appear certain. It is an excellent day for voting and Tammany is getting out its full strength. The reports show that two thirds of the votes were cast by noon. I have no reason to change my figures of last night of 50,000 plurality for Van Wyck.

EXPLOSION OF GAS

In the Schooley Mine Burned Four Men.

TWO OTHERS OVERCOME BY FIRE DAMP

And One of Them is Dead.

By Associated Press to The Sun.

Scranton, Pa., Nov. 8.—A gas explosion in Schooley mine, near West Pittston, this morning seriously burned four men, James Coulter, John Metcalf, John McQuillin and James Mackin. Afterward fire damp following the explosion overcame Anthony Branke and John Valvens. Branke was dead when rescued but Valvens recovered.

DEMOCRATIC MAJORITY.

SULLIVAN HELD

Cousin of "Dry Dollar" Sullivan Under Arrest.

IS ALLEGED TO HAVE ILLEGALLY REGISTERED.

His Bail Was Fixed at $1000.

By Associated Press to The Sun.

New York, Nov. 8.—Dennis Sullivan, a cousin of Senator T. D. Sullivan, was arrested today on a warrant charging him with having illegally registered from 57 Bowery, where Christopher Sullivan had a saloon. The case is one of the seventeen which Senator Grady is defending and in which an argument for a writ of habeas corpus was argued yesterday before Justice Lawrence. The case was that of Charles Perry. Judge Lawrence decided against Perry today and the warrants out for other men who registered from the same place were served. Sullivan was held in $1000 bail.

ALVARY IS DEAD.

By Associated Press to The Sun.

Berlin, Nov. 8.—Max Alvary, the popular German operatic tenor, who sang during many seasons in the United States, is dead at Tabarz, Thuringia.

It was announced in New York on August 20 last that Max Alvary, the well known German tenor, was impoverished and suffering from cancer of the stomach at his home in Thuringia and that this disease, which attacked him about two years ago, had brought him to death's door, leaving only a shadow of the robust Siegfried he presented in New York. Unexpected business losses, two years of enforced idleness and illness had completely swept away the fortune the singer had gathered, even his life insurance having been mortgaged to save his home.

DEMOCRATS SWEEPING TEXAS.

By Associated Press to The Sun.

St. Louis, Mo., Nov. 8.—A special from Austin, Texas, says: A heavy vote is being polled all over Texas. The democrats are sweeping the state and Sayers, for governor, will lead the ticket by 200,000 majority.

DYNAMITE STICKS.

By Associated Press to The Sun.

San Francisco, Cal., Nov. 8.—Two sticks of dynamite weighing nearly half a pound arrived through the mails on the Overland train. The sticks were in separate packages and both were addressed to George E. Hall, Turkish consul, San Francisco. The postmarks were indistinct, but it is thought the dynamite was mailed in Montana. Several weeks ago, Mr. Hall received a similar package but it was opened safely.

BREWERY COMBINE.

By Associated Press to The Sun.

Pittsburg, Pa., Nov. 8.—Negotiations are in progress for the formation of a corporation, capitalized at about $20,000,000 that will take in all the local breweries. The intention of the promoters isto merge the interests of the sixteen breweries in Allegheny county and operate them as one great company.

WILL REOPEN.

By Associated Press to The Sun.

Marlboro, Mass., Nov. 8—After a shut down of nearly three months, Rice & Hutchins, proprietors of the Middlesex shoe factory, announce that it will be re-opened on Thursday next. The factory was closed in August owing to a strike of the switchers who objected to the presence of one of the forewomen, whom the firm refused to discharge. The factory will soon be operated as a "free" shop and it is thought other manufacturers will attempt to employ non-union men. The Middlesex employs 200 hands running in full.

MANSLAUGHTER CHARGED.

By Associated Press to The Sun.

London, Nov. 8.—The coroner's jury, which has been investigating the death on October 19th last of Harold Frederick, the correspondent of the New York Times, rendered a verdict today of manslaughter against Kate Lyon, a member of the late Mr. Frederick's household and Mrs. Mills, a Christina scientist.

GONE TO MACON.

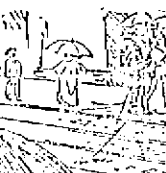

By Associated Press to The Sun.

Lexington, Ky., Nov. 8.—Major General Wilson and staff have gone to Macon, Ga. The Second Missouri goes to Albany today. The Sixteenth Indiana to Columbus Wednesday. The Eighth Massachusetts to Americus on Thursday, the Twelfth New York to Americus and the Third Kentucky to Columbus Friday. The other five regiments leave next week. Paymasters have arrived to pay some regiments before departure.

A well-known letter-carrier of Philadelphia, who is very popular with the officials as well as with the people he serves, and who has spent nearly twenty years in distributing mail around that busy quarter of the Quaker City bounded by the City Hall and Chestnut Street, says: "By reason of being on my feet most of the day, and because my duties compel me to be out in all kinds of weather, I now and then contract a cold, which used to result in disordering my entire system. However, I can say that during the past three years of service I have not stayed away even for one day on account of sickness, because Ripans Tabules have invariably helped and effectually cured me. I take a Tabule whenever I feel a change in the weather coming on, and whenever I feel particularly weary and sore from my day's tramp. One Tabule never fails to straighten me up and infuse new life into me. I do not hesitate to recommend them to my brother letter-carriers when they complain of the every-day sorts of ills, and I have never known them to fail. I owe a debt of gratitude to Ripans Tabules."

A new style (containing two RIPANS TABULES in a paper carton (without glass) is now for sale at some drug stores—FIVE CENTS. This low-priced style is intended for the poor and the economical. One dozen of the five-cent cartons (60 tabules) can be had by mail by sending forty-eight cents to the RIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (six tabules) will be sent for five cents.

EMPIRE STATE

USES ITS.

Elected Roosevelt for Chief Executive.

COL. ROOSEVELT, Elected Governor of New York State.

The Assembly Also Republican—Stone Elected in Pennsylvania—Results in Other States—Democratic House in Congress.

Forty-two states held elections yesterday. Three states, Maine, Vermont and Oregon, have already held their elections.

In 16 of the 42 states, Alabama, Arkansas, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Rhode Island and Virginia, only congressmen were voted for.

Twenty-three states, West Virginia, California, Connecticut, Delaware, Florida, Indiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New York, North Dakota, Pennsylvania, Tennessee, Texas, Utah, Washington, Wyoming and Wisconsin, each elected a legislature that will choose a United States senator.

The following states elected governors: California, Colorado, Connecticut, Idaho, Indiana, Kansas, Michigan, Minnesota, Nebraska, New Jersey, New York, Nevada, New Hampshire, Massachusetts, North Dakota, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin and Wyoming.

Official returns from all over the country indicate that 55 Republicans and 103 Democrats have certainly been elected to seats in the national house of representatives. The same districts two years ago returned to the lower house of congress 105 Republicans and 89 Democrats. Based solely upon the estimates in these districts, a Republican loss of 20 and a Democratic gain of 21 is indicated. These estimates concede to the Democrats all of the congressional districts in Greater New York except one, the Fifteenth. Following is the probable Fifty-sixth congress:

State.	Dem.	Rep.	Pop.
Alabama	9	1	..

Totals	169	173	15

ABOUT TWENTY THOUSAND.

New York, Nov. 9.—The indications are that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote, when received, will probably show a falling off as compared with that for Governor Black in 1896, of about 14 percent. In the municipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. This latter result was helped in some measure by the result in the borough of Brooklyn (Kings county), which in 1896 gave Black a plurality of 23,682, but yesterday gave a Democratic plurality of about 16,800. Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the practical reversal of pluralities, which, it is possible, is attributable to the lukewarmness of the friends of Jacob Worth, who was deposed from the chairmanship of the county committee as a consequence of his opposition to the plans of Senator Platt in the mayoralty contest last year.

The returns from many counties up the state are incomplete. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above the Bronx river of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the plurality for Roosevelt will be increased.

The figures on congressman are not accessible yet, but there are indications that the Democrats have made some gains in New York city districts. The majority of Congressman Quigg in the Fourteenth district was wiped out and William Astor Chanler was elected.

Little is known as to the votes for state senators and assemblymen. The Republicans had in the last legislature a majority of 28 on joint ballot, and leaders of the party profess confidence that there will be no material diminution of that majority. A Republican legislature will mean the election of a Republican to the United States senate in place of Senator Murphy.

Every condition was favorable to the polling of a full vote in all parts of the state. In this city there was no fulfillment of predictions of trouble at the polls. The state deputies authorized by act of the last legislature were most in evidence in the East Side districts, where the cheap lodging houses are located. The number of arrests made was below the usual record of a general election, and in many cases the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order.

Enough returns from assembly districts have been received to show the probable election of 80 Republicans and 51 Democrats, with nine districts doubtful or not heard from. Conceding all the latter to the Democrats the Republicans will still have a majority of 10 in the assembly and 14 on joint ballot. This computation, if borne out by official returns,

AUGUSTUS VAN WYCK.

will mean the election of a Republican to the United States senate in place of Edward Murphy, Jr. (Dem).

The state senate will probably stand 27 Republicans and 23 Democrats. The last senate contained 35 Republicans, 14 Democrats and 1 independent.

NEW JERSEY REPUBLICAN.

Trenton, Nov. 9.—New Jersey has been carried by the Republicans, and Foster M. Voorhees, the Republican candidate, is elected governor by about 13,000 majority. Essex county, which was concededly the fighting ground of both sides, has gone Republican by about 5000, and both houses of the legislature will be Republican. This will insure the election of a Republican to succeed James Smith, Jr., (Dem.) in the United States senate. Ex-Congressman John Kean is conceded to be the choice of the Republicans as Senator Smith's successor. The Democrats have elected two of the eight congressmen. Salmon in the Fourth district and Daly in the Seventh.

Only one state senator has been elected by the Democrats. This will make the senate stand 14 Republicans to 7 Democrats. The assembly will probably stand 40 Republicans and 20 Democrats. This is allowing to the Republicans the two from Middlesex county, which is very close.

STONE IN PENNSYLVANIA.

Philadelphia, Nov. 9.—Because of the large ticket and the extensive cutting by independent voters, the returns from Philadelphia and Pennsylvania are slower than usual. Enough is known, however, to indicate that William A. Stone (Rep.) is elected governor by a large majority. The vote of Dr. Swallow in the state will probably be under that of last year, when he received 118,969 for state treasurer. Philadelphia is the Swallow stronghold, however, and a large vote here may increase his total beyond last year's figures. The vote on the legislature ticket in the counties where the opponents of Senator Quay have fused with the Democrats is very close. The returns so far indicate that 25 Republicans and three Democratic congressmen have been elected.

UNDECIDED AS YET.

St. Paul, Nov. 9.—Both parties are claiming the result on the state ticket. On the legislature the Democrats have all along conceded the victory to the Republicans. Returns on congressmen are insufficient to decide, although it is probable the Republicans have at least four delegates, probably more. Apparently the result will be decided by the country, as the two cities are about a standoff.

St. Paul, Nov. 9.—The Democratic state committee claims the election of Lind for governor, but will give no figures. The Globe-Democrat claims that he is elected by 10,000. The Republicans simply say that the result is still in doubt; that the returns are too meagre to decide the result. They also claim all the congressmen, although the Democrats are positive they have the Seventh district and possibly two others.

PINGREE RE-ELECTED.

Detroit, Nov. 9.—Chairman Campau of the Democratic state committee concedes the re-election of Governor Pingree by a plurality of perhaps 50,000. Chairman Nash of the Republican state committee says: "The official count will give Governor Pingree a plurality of 100,000, a gain of over 16,000 over his plurality received in the presidential election. The legislature will be strongly Republican. As to whether it will be Pingree Republican I cannot as yet say." All the Michigan Republican congressional candidates appear to be elected, although the Democrats still have hopes of carrying the Second district and do not concede the Third, Eighth and Tenth.

The Democratic committee claim that one-third of the members of the legislature will be Democrats.

SURELY REPUBLICAN.

Milwaukee, Nov. 9.—Enough returns have been received to insure the election of the entire Republican state ticket by at least 20,000 plurality and a legislature overwhelmingly Republican.

NOT YET SETTLED.

Indianapolis, Nov. 9.—Chairman Martin of the Democratic state committee says the returns are not as yet sufficiently complete to determine as to the state. The Republicans have probably elected congressmen in the Sixth, Eighth, Tenth, Eleventh and First districts, though the last is not conceded. The Democrats claim the Second, Third, Fourth, Fifth, Seventh, Ninth, Twelfth and Thirteenth districts. The legislature is still in doubt. It will be impossible to give reliable figures until late today. Both parties claim all.

Chairman Martin of the Democratic committee expresses himself as confident that the Democratic state ticket is elected by about 15,000 majority, together with a majority of the legislature. The Republican chairman makes the same claim for his side.

TWO DISTRICTS IN DOUBT.

Columbus, O., Nov. 9.—Incomplete returns indicate that the Republican plurality in the state ticket will exceed the plurality of 51,109 for McKinley in 1896, and probably double the plurality of 28,105 for Bushnell for governor last year. The Republicans will elect 15

EMPIRE STATE.

(Continued.)

of the 21 congressmen, and four districts will be carried by the Democrats. Two districts, the Third and Twelfth, are in doubt.

SAYERS AN EASY WINNER.

Austin, Nov. 9.—A heavy vote was polled all over Texas. The Democrats swept the state, and Sayers (Dem.) for governor will, it is expected, lead the ticket by 200,000 majority. Hawley (Rep.) will be returned from the Galveston district.

THE VOTE IN ALABAMA.

Birmingham, Ala., Nov. 9.—Returns indicate the election of every Democratic congressman in the state. The vote was exceedingly light in all districts except the Fourth and Seventh.

ALL DEMOCRATS.

Atlanta, Nov. 9.—All the Democratic candidates to congress are elected. Returns show that the Democrats have carried all of the 11 congressional districts of the state. This leaves the Georgia delegation politically unchanged.

LOUISIANA DEMOCRATIC.

New Orleans, Nov. 9.—Reports received assure the election of six Democratic congressmen from Louisiana. The Louisiana delegation is therefore solidly Democratic, as before.

SILVER CONGRESSMEN.

Richmond, Nov. 9.—Virginia returns a solidly Democratic delegation of 10 members. The feature of the election was the breaking away from General Walker in the Republican stronghold of the district, where he was defeated by Rhea. The congressmen are all silver men.

DEMOCRATIC LEGISLATURE.

Helena, Mont., Nov. 9.—Late returns make sure the election of A. J. Campbell (Dem.) to congress by a plurality of 7000. The state legislature will be Democratic.

DEMOCRATS ELECT DELEGATION.

Arkansas, Nov. 8.—Congress: First district, P. D. McCulloch (Dem.) elected; Second, J. S. Little (Dem.) elected; Third, Thomas C. McRae (Dem.) elected; Fourth, W. I. Terry (Dem.) elected; Sixth, S. Brundidge (Dem.) elected.

REPUBLICAN GAINS.

Fargo, N. D., Nov. 9.—Reports from over the state are very meagre, but indicate slight Republican gains over 1896. An estimate on the state gives the Republican ticket 4500 majority.

DEMOCRATIC GAINS.

Richmond, Nov. 9.—Scattering and unofficial returns indicate Democrats return congressmen from the eight districts claimed; further returns from ninth district not sufficient to approximate result. Returns from Tenth shows heavy Democratic gains and indicate election of Quarles (Dem.), if so, a gain of one congressman for the Democrats.

RETURNS COME IN SLOWLY.

Chicago, Nov. 9.—The indications are that the Republicans have elected their entire state ticket, but the figures are coming in slowly from outside of Chicago, and nothing can be estimated with accuracy. The Democrats in many counties have shown gains over the vote of 1896, and they have apparently secured several congressmen in Cook county and some outside of it.

GRAY WILL BE RETIRED.

Wilmington, Del., Nov. 9.—Returns received from the state thus far indicate that the Republicans have elected their state, congressional and legislative tickets. This estimate, if verified by the full returns, indicates the election of a Republican successor to United States Senator Gray and a gain of one Republican congressman. The adherents of Edward H. Addicks claim that he will control a majority of the Republicans elected to the legislature, and he will be the next senator from Delaware.

IN MISSISSIPPI.

Jackson, Miss., Nov. 9.—Mississippi congressional results: First district, John M. Allen (Dem.) elected; Second, Thomas Spight (Dem.) elected; Third, Thomas C. Catchings (Dem.) elected; Fourth, Andrew F. Fox (Dem.) elected; Fifth, John S. Williams (Dem.) elected; Seventh, Patrick Henry (Dem.) elected.

COCKRELL SAFE.

St. Louis, Nov. 9.—Chairman Cook claims the election of the entire Democratic state ticket by a plurality of 35,000, the election of 13 and possibly 14 congressmen, and the return of a safe majority to the legislature, insuring the re-election of United States Senator Cockrell.

At Democratic state headquarters enough returns had been received from 40 out of 114 counties in Missouri to indicate that the Democratic state and congressional tickets have received majorities equal to those of 1896.

A DEMOCRATIC GAIN.

Baltimore, Nov. 9.—Semi-official returns make it reasonably certain that Maryland has returned four Republican and two Democratic congressmen, after an extraordinarily close election. This is a Democratic gain of two. The districts obtained a majority of the popular vote in Baltimore city for the first time in six years.

BUT FEBLE RESISTANCE.

Jacksonville, Fla., Nov. 9.—The vote in this state, judging from returns now in, is from 10 to 20 percent lighter for both parties than in 1896. The whole Democratic ticket is elected. The light vote is due to the feble resistance offered. The constitutional amendment, requiring that bonds of state officers be in sound surety and guarantee companies was carried overwhelmingly. The Republicans and Populists will not elect altogether over five members of the legislature, if that many. The legislature elected will choose a successor to Senator Samuel Pasco.

A TURNOVER, PROBABLY.

Lincoln, Neb., Nov. 9.—Scattering precinct returns indicate a political surprise in Nebraska, for they forecast the almost certain election of Hayward (Rep.) by a majority of not less than 2000. This will be a reversal of the verdict of 1896 by nearly 15 000. The count thus far is wholly on governor, so far as the state ticket is concerned, and as it is the belief that Hayward is running ahead of his ticket slightly, it should make the results on the remaining state officers very close. The most surprising feature is the strength displayed by Republican legislative candidates in some counties.

DEMOCRATS GIVE IT UP.

Des Moines, Nov. 9.—The Democratic state committee concedes the state to the Republicans by 25,000, and claims to have elected Weaver in the Sixth district by 1000 to 1200. The Republican state central committee claims the state by more than 50,000, and the election of every Republican congressman by large majorities.

GAGE'S BIG VOTE.

San Francisco, Nov. 9.—Returns from scattering counties indicate that Gage (Rep.), for governor, is polling a larger proportionate vote than that cast for McKinley. The Republican state committee claims that Gage has been elected governor by 30,000 plurality.

FUSIONISTS AHEAD.

Denver, Nov. 9.—Returns from some of the 1820 precincts in this state indicate that Thomas (fusion) is elected over Wolcott by 29,000 to 40,000. Thomas seems to have carried this county by 8000.

CLAIMED BY BOTH.

Topeka, Nov. 9.—Chairman Albaugh of the Republican state committee claims the state for Stanley (Rep.) for governor by 5000, and Chairman Riddle of the fusion committee claims the state for Leedy, fusion, by 11,000.

M'MILLIN AND NEWLANDS.

Reno, Nev., Nov. 9.—Indications point to the election of McMillin (Rep.) for governor and Newlands (silver) for congress.

DEMOCRATIC TICKET SUCCESSFUL

Columbia, S. C., Nov. 9.—The Democratic state ticket was elected without opposition. A very light vote was cast.

DEMOCRATIC LANDSLIDE.

By Associated Press to The Sun.

Wilmington, N. C.—New Hanover, democratic by about 1000 majority; Richmond by 300 to 600, gain 1500. Democratic state senator in doubt but democrats think they have elected him. Bellamy elected to congress by a large majority; looks like a democratic landslide.

REPRESENTATIVES ELECTED.

By Associated Press to The Sun.

New Bedford, Mass.—Lowe rep., Ross, dem., representatives elected in the 7th district, Bristol district. Bruce, 827; Wolcott, 2132.

The town of Fairhaven, 13th congressional gave Greene, rep., 190; Luce, dem., 24. Bruce 24; Wolcott, 190.

LYNN FOR ROBERTS.

By Associated Press to The Sun.

Lynn, Mass., Nov. 8.—Roberts (rep) for congress carries the city over Ramsdells (dem.) by 639 votes.

NEW HAVEN.

By Associated Press to The Sun.

New Haven, Nov. 8.—Congressional, 1st district, E. S. Henry, (rep.) elected; 3d district, Charles A. Russell (rep.) elected; 4th district, E. J. Hill (rep.), elected.; 2nd district doubtful.

TWO CONGRESSMEN.

By Associated Press to The Sun.

Providence, R. I., Nov. 8.—Congress, 1st district, Melville Bull, rep., elected; 2nd district, A. B. Capron, rep., elected.

TAUNTON ELECTIONS.

By Associated Press to The Sun.

Taunton, Mass.—Donovan, dem., rep., elected; third Bristol.

Reed, rep., representative, elected, fourth Bristol.

Briggs, rep., representative, elected fifth Bristol.

PITTSBURG REPUBLICAN.

By Associated Press to The Sun.

Pittsburg, Pa.—Congress, Twenty-second district, John Dalzell, rep., elected; twenty-third, W. R. Graham rep., elected.

NEW YORK ELECTION.

By Associated Press to The Sun.

New York—One election district out of the 1513 in Greater New York gives Roosevelt 140; Van Wyck, 1,269.

VAN WYCK GAINS.

By Associated Press to The Sun.

New York—Eleven out of 3,222 election districts outside of Greater New York give Roosevelt 1,600; Van Wyck, 522. Same districts in 1896 gave Black 2,033; Porter, 946; Griffin, 35.

ROOSEVELT'S LOSS.

By Associated Press to The Sun.

Rochester, N. Y.—Complete, Roosevelt, 14,129; Van Wyck, 13,709; plurality for Roosevelt, 420. McKinley's plurality in 1896 was 6,233; Black's, 4,196 Wallace in 1897, 1,067.

FORTY DISTRICTS.

By Associated Press to The Sun.

New York—Forty districts out of 3,222 election districts outside Greater New York give Roosevelt 6,168; Van Wyck, 3,397. Same election districts in 1896 gave Black 7,351; Porter, 3,597; Griffin, 1,489.

VOTE IN 1896.

By Associated Press to The Sun.

New York—Comparisons of the votes of the governor are made with that of 1896, when on a total vote of 1,423,876, Black, rep., had a plurality over Porter, regular dem., of 212,992. In Greater New York, Black's plurality over Porter was 35,365. The national democratic candidate for governor received 15,116 votes in the four counties embraced in Greater New York and 261,056 in the state.

MORE RETURNS.

By Associated Press to The Sun.

New York.—318 districts out of 3222 outside of Greater New York give Roosevelt 61,409; Van Wyck, 42,449. Same in 1896 gave Black 61,441; Porter 41,035; Griffin 1348. 349 districts out of 3,222 election districts outside Greater New York give Roosevelt 50,053; Van Wyck, 46,383. Same in 1896 gave Black 86,301; Porter 44,000; Griffin, 1455.

649 election districts of the 1,513 in Greater New York give Roosevelt 80,888; Van Wyck, 110,924.

NATIONAL TEXTILE UNION.

MEETING OF THE EXECUTIVE COUNCIL HELD IN BOSTON YESTERDAY.

The executive council of the National Union of Textile operatives held a meeting in Boston Sunday and among the subjects discussed was that of sending a delegate or two through the south to try to induce the operatives there to organize trade unions.

A member of the council said that he was of the opinion that the unions in this section should take up the matter of organization in the south before it does any more work in New England. He talked with the accuracy of a man filled up with trades union facts and while he admitted that there was plenty of work yet to be done in New Bedford and other parts of New England he was well prepared to show that the most urgent work is awaiting at the southern textile circles.

Certain prominent trades unionists in New England who are not in politics, have collected a mass of figures to prove that unless something is soon done to check continuous running of mills in the south, a change will have to be made in the wage schedule of the northern mills, or they will have to go out of the business.

Matthew Hart, the secretary of the New Bedford Weavers' union, is a member of the council; he is convinced that immediate action should be taken to organize the mill operatives in the southern textile centres. He talked of the matter in the vein of one who is prepared to side with the men who are urging southern organization as a means of improving trade.

He said he thought he Weavers' union in Fall River so strong in a financial way that it would not ask any outside aid in fighting a one-mill strike and while the temper of the working people remained as it now is no outside assistance would be required in the labor of resisting reductions in wages.

MRS. TOOMEY RECOVERING.

Mrs. Winifred Toomey, residing at the corner of Pond and Concord street, who was poisoned by eating canned salmon last Friday evening, is recovering. She is still confined to bed but she is reported out of danger. Her neice who also partook of the salmon, has entirely recovered.

E. Brown, Tom Williston, W. H. Dodge.

SOLDIERS' BANQUET.

For Wednesday evening a meeting is called by Mayor Bennett to take initial steps towards providing a banquet to Lowell soldiers who have recently returned from the Spanish war. The committee comprises Mayor Bennett as chairman with the same members who had charge of the demonstration to the Sixth regiment on their return to Lowell from Porto Rico.

The reception is not to be given alone to the Lowell members of the Sixth and Ninth regiments as many are led to believe but to all Lowell soldiers who enlisted from this city as well as those members of out-of-town companies but who are still resident of Lowell.

MUSIC HALL.

A great show was the verdict of the large audience which gathered at Music Hall last evening to witness Blondell & Fennessey's farce comedy entitled, "A Cheerful Idiot." The Blondells in the leading roles were clever and kept the audience in an uproar. Ed Armstrong as Mr. Quakerdy repeated his success of the previous evening. Michael Flan in his dancing specialty responded to several encores. De Veaux and De Veaux in their musical act, made a decided hit. Armstrong and Porter were pleasing as were the Blondells in their specialties. This afternoon and evening closes the engagement.

FOR AMERICA CUP

To Race the Colonia and Emerald

A NEW YORK YACHT CLUB SCHOONER.

Features of the Boats in Preparation.

New York, Nov. 8.—While the trials of the big ninety-footers and the race for the America's cup will attract the attention of the public next Sunday, yachtsmen anticipate one of the best seasons ever known in the history of the sport, and already any number of orders have been placed for steam and sailing craft of all sorts of sizes and descriptions.

Yachtsmen in view of the possible visit of the big schooner Rainbow and the mammoth two-stacker which Watson is building for Mr. Coates, will be pleased to hear that a well-known member of the New York Yacht club has decided to build an eight-five foot steel racing schooner from designs of Gardner and Cox. The new boat, while properly in the class of Ariel and Marguerite, will be raced against the Colonia and Emerald.

According to Designer William Gardner, the new yacht will be an enlarged Quissetta of the centreboard type, of about thirteen feet draught, the limit of her class. If the new boat is anything like as good in proportion as the Quissetta, the Colonia will have her work cut out for her and there should be some splendid schooner racing this summer.

In addition to the schooner, Gardner and Cox have designed big steam yachts for Eugene S. Tompkins of Boston; J. G. Cassatt of Philadelphia, and Richard Stevens of Hoboken.

The Tompkins boat is 140 feet on the water line, 170 feet over all, 20 feet beam 8 feet draught and will have a speed of 17 knots. She has triple expansion engines of the four-cylinder type, which are to be driven by four Almy boilers. The Cassatt boat is of the ocean cruising type, 140 feet on the water line, 168 feet over all, 21 feet beam, 11 feet draught and will have a speed of 12 knots. The boat for Mr. Stevens will be 123 feet on the water line, 160 feet over all, 20 feet beam, 8 feet draught, and will have a speed of 15 1-2 knots.

CRISP GOSSIP.

Claire street was one of the fastest built streets in this city. That is, more buildings have been erected on that particular street in the city in proportion to the time an order was introduced and passed in the city council that Claire street be accepted as a public highway. Two years ago where now stand rows of neat appearing structures, was the old "Thompson's field," as it was known to the small boy in that part of the city.

Judge Hadley remarked yesterday that it was an ideal election day. The sky was cloudless and the temperature neither too warm nor too cold. "Many state election days have seen several inches of snow on the ground, as the older residents will remember," the Judge said.

A curious story is told by a volunteer of the Sixth Massachusetts regiment, just back from Porto Rico, says a contemporary. He got leave to go into Ponce one day and he at once started out to get some jelly, a sweet he had been hankering for for weeks. He hunted about the shops for some time before he found a place where such things were kept. On a high shelf he saw what he was after. Pointing to the row of jellies he made the Spaniard pull down a couple of tumblers. The price was stiff and he thought he couldn't afford more than one tumbler. While the dealer was preparing to wrap the tumbler in a paper a label pasted on the bottom of the glass caught his eye. He saw something written on it and taking the tumbler in his hand he saw in his own mother's writing. "Contributed by Mrs. ——." The signature was his own mother's. He tried to have the dealer explain where he got the jelly but couldn't. It had probably been stolen from a batch of supplies landed from one of the American transports.

SOCIAL AND FRATERNAL.

Garfield Colony, Pilgrim Fathers held their regular meeting last night and for the good of the order had a very interesting entertainment and the usual social time. Arrangements are being made for an entertainment to be held in two weeks.

In honor of the women and friends who are assisting in the arrangements for the Foresters' bazaar, Court Merrimack gave a dance in its hall last night There were 60 couples present. J. J. Kelly was general manager, Thomas F. Brennan, floor director and D. P. Shea chief aid. Keyes' orchestra furnished the music.

Gen. Fiske lodge, I.O.G.T., at a meeting at Highland M. E. church, Monday evening, elected the following officers: Chief templar, D. R. Burdick; vice templar, Edith McDonald; recording secretary, Howard Harlow; treasurer, L. S. Wood; chaplain, Lizzie Oatman; marshal, Frank Wotton; sentinel, Geo. McDonald; deputy marshal, George Smith; assistant sentinel, Bessie Bent. The officers were installed by Deputy Grand Chief Templar, O. H. Gardner. The financial secretary's report showed the lodge to be in excellent financial condition and the recording secretary's report showed the largest increase in members in the district. There were remarks by Brothers Burdick, Gardner, Wood, Smith and McDonald and also by Sisters McDonald, Jones and Oatman.

Wamesit Lodge, Knights of Pythias, has voted to hold a series of whist parties, the first to be held Nov. 21. The following were appointed a committee on arrangements: F. B. Wright, C. L. Jay, A. H. Butterfield, A. A. Melvin and Harry Irvin.

Burt's Goods are not included in this list. All lines of this make have already been marked down from $5.00 to $3.50.

We stand back of every pair, just the same as though the profit had not been removed. To be sure there are outs which have caused the discounts like extreme sizes, narrow toes, past season's styles and little trifles that injure nothing but the sale. The high grade material and fine quality workmanship are just as noticeable in these condemned lots as will be seen in our season's stock. There is $2000 to be saved by the prudent ladies of Lowell in selecting their footwear this week.

WHITE MEN AROUSED

Say They Will Assert Their Supremacy.

Adopt Resolutions Calling for Expulsion of Certain Negroes and Resignation of Mayor and Chief of Police.

By Associated Press to The Sun.

Washington, Nov. 9.—A special from Wilmington, N. C., gives the details of a mass meeting of 600 citizens of that city at the court house there today "to assert the supremacy of the white man."

Ex-Representative Waddell presided and read a series of resolutions reciting the determination of the white citizens to forever rule the city and to commence the work immediately declaring that hereafter the white labor should be given preference over colored and calling for the banishment of Alex. Manley, the negro newspaper publisher who printed an objectionable editorial recently. Resolutions were adopted favoring the expulsion of Manley as proposed, urging the employment of white labor as far as possible and a resolution reciting that the mayor and chief of police having demonstrated their incapacity and their continuance in office being a menace, they should resign.

A committee of 25 was appointed to carry into effect the resolutions adopted. It is understood that Manley has already left the city. The mayor and chief of police say that they will serve out their terms.

SHE TOOK POISON

Myra Holmes Said She Wanted to Die.

YOUNG LADY'S SISTER SUMMONED AID

But Victim Died Before Help Arrived.

By Associated Press to The Sun.

Middleboro, Mass., Nov. 9.—The suicide of Miss Myra Holmes, the 23-year-old daughter of George Holmes of this town was announced this morning. She took a quantity of prussic acid at the home of her sister, Mrs. Swift, last evening, and died soon after. Miss Holmes called at the home of her sister about bed time and went to a room on some pretext. After remaining in the room a few minutes she went to her sister and coolly said to her: "I have taken poison. I want to die and I shall die now."

Mrs. Swift promptly summoned aid, but her sister was dead in a few minutes. Miss Holmes, who was one of the most popular and attractive young ladies in Middleboro was infatuated with a man who resided here temporarily. He left town sometime ago and since then the girl had been much depressed in spirits.

WOMEN VOTED.

By Associated Press to The Sun.

Boise, Idaho, Nov. 9.—For the first time in the history of this state women have voted for a congressman and state officers. They took the liveliest interest in the proceedings. In view of the isolation of many places accurate returns are not yet available. It is therefore difficult to say what effect the vote of the women will have on the general result. It is known however that the women have not voted along partisan lines. Twelve precincts of congress give Heyburn 261; Wilson 362; Gunn, 182.

For governor, Moss, 255; Steuenenberg 481; Anderson, 620.

LORD MAYOR'S SHOW.

By Associated Press to The Sun.

London, Nov. 9.J The Lord Mayor's show was today favored with fine weather and was witnessed by the usual crowds of people. The enthusiasm was divided by the car representing the Soudan with the soldiers of the regiments which took part in the battle of Omdurman and the car representing the English-speaking races. The latter displayed, among other things Britannia and Columbia seated beneath a canopy while the American flag was borne by a British sailor. The British flag was carried by an American sailor. There was also an illustration of Admiral Tatnall's "Blood is thicker than water," and of Admiral Kimberley's repetition of the same expression to Captain Kane, after the disaster at Apia, Samoa. The car was warmly acclaimed.

CALIFORNIA RETURNS.

By Associated Press to The Sun.

San Francisco, Cal., Nov. 9.—In California 617 precincts out of 2014 outside of San Francisco gave Gage, Rep., 31,015; Maguire, Dem., 28,053. Same precincts in 1896 gave McKinley 29,458; Bryan, 20,732.

CONGRESSMEN ELECTED.

By Associated Press to The Sun.

Boston, Nov. 9.—The latest returns indicate the following vote for congressmen in the Massachusetts districts:

NO REVISION.

By Associated Press to The Sun.

Providence, R. I., Nov. 9.—The revision of the state constitution which was submitted to the electors, failed to be adopted, the country towns voting to reject. The cities of the state gave the measure a majority vote, but the necessary three-fifths was not forthcoming, there being a lack of 1050 votes to insure its adoption.

ZEIGLER WINS.

By Associated Press to The Sun.

York, Pa., Nov. 9.—Returns from New York, Adams and Cumberland, the counties comprising the 19th congressional district, show that J. D. Zeigler, Dem., is elected to congress by a majority of 857 over Lewis, republican.

REPUBLICAN DEFATED.

By Associated Press to The Sun.

Wilmington, Nov. 9.—Revised returns show that the republican nominee for state senator in Duck creek, was defeated. Also that the republicans elected one representative in Kent county previously credited to the democrats. This makes the senate democratic by 9 to 8 and the house republican by 21 to 14. The republican vote on joint ballot is the same as before reported; however 29 to 23. The control of the state senate by the democrats will prevent any partisan legislation by the republican majority even without respect to the veto power of Governor Tunnell, who is a democrat.

DEATHS.

McCRANN—Patrick K. McCrann, 60 years, died early this morning at her home, 22 Claire street, after a lingering illness. Mr. McCrann was the pioneer resident of Claire street. When he first built his residence there was not another house on the street. Deceased leaves a widow and ten children five sons and five daughters. Among the surviving sons are Lawrence McCrann, known in the "Mahatma" world as Lawrence Crane and Sergt. Patrick McCrann of the Fifth regular infantry now stationed at Fort McPherson.

GRAHAM—George, infant son of Robert M. and Hannah Graham died this morning at 103 Shaw street. Funeral this afternoon. Interment was in the Edson cemetery.

REPLY TO SPAIN

Was Submitted at Today's Session.

It Refutes the Spanish Allegation That We Have No Right to Discuss Possession of Philippines.

By Associated Press to The Sun.

Paris, Nov. 9.—Today's peace commission met at 2.15 and adjourned at 3 p. m. When the meeting opened the Americans presented to their Spanish colleagues the answer of the United States to the claims submitted on Friday last in behalf of Spain. The document in which the American answer was set forth consisted of nearly fifty sheets of typewritten matter. The American presentation of today was a refutation of the Spanish allegation that because the words "Possession," "Ownership," or "Cession," do not occur in the protocol clause touching upon the Philippine islands, the peace commissioners have no right to discuss them here, and that even if they did so it must be in the light of an alleged fact of an exterior agreement that Spain's sovereignty should not be impaired.

The Americans today also answered Spain's claim for the restitution to her of public money and customs taken by the United States officials since the recapitulation of Manila and they also made reply to Spain's claim for an indemnity on account of the alleged imprisonment by the United States authorities of Spanish troops at Manila and for their consequent restraint of being of service to Spain in the suppression of the insurrection and the preservation of property.

To these points the Americans had prepared an exhaustive reply yesterday which though not fully typewritten at the time fixed for the meeting of Tuesday would have been submitted to the Spaniards at 4 p. m. yesterday had it not been that the commissioners of Spain refused to meet at that hour, pleading other engagements as an excuse for their refusal. The Americans are surprised that the Spaniards made unalterable engagements for 4 o'clock in view of the fact that the meeting had it occurred, might have extended, as has frequently happened until after 4 o'clock.

WEAVER ELECTED

Although the Administration Was Opposed to Him.

HE FAVORED HANNA'S ELECTION TO SENATE.

Victors Have Many Sore Spots.

By Associated Press to The Sun.

Columbus, Ohio, Nov. 9.—Additional returns today do not materially change the result announced last night of over 60,000 republican plurality on the state ticket and 15 republican to 6 democratic congressmen. The republicans are celebrating the election of as many congressmen in what is known as the "off years" as they elected at the last presidential while they more than doubled the plurality of 28,000 for Bushnell for governor for last year.

The republicans have historically lost in Ohio in the "off years" except when Mr. Cleveland was president, when the democrats had the same experience because of disappointments, disaffection, etc.

Chairman Bleckner of the democratic state committee says the result was due to the administration successfully conducting the war.

The democratic managers are rejoicing over what they call the "sore spots" of the victors. It is stated that none of the state departments or institutions under Governor Bushnell contributed to the republican state committee helped defeat Huggins in this congressional district, while the plurality of Congressman Weaver of Springfield in the seventh district, the home of Governor Bushnell, was reduced from 2,250 two years ago to only 250 yesterday. When Gov. Bushnell, ex-Chairman Kurtz, Mayor McKisson and others were leading a republican bolt in the legislature last January against Senator Hanna, Congressman Weaver headed a delegation of Springfield citizens who created a scene when they called on Governor Bushnell here to protest against his course and the whole state administration is said to have been used in opposing Weaver's election.

MUSIC HALL.

The favorable notices that have met Josephine Brittain, who portrays the part of the Spanish adventuress in the melodrama "Cuba's Vow" must be very gratifying to her. It is a character that stands out very boldly and to bring out the contrast with other parts, as is the intention, requires no little histrionic ability. She is acknowledged one of the best in that line on the stage in this country and there is no denying the fact that the play itself affords her plenty of opportunity for the display of her unusual ability. At Music hall commencing Thursday, Nov. 10, for three nights.

Mr. M. A. Maguire of this city has been visiting at Milford, N. H., stopping at the Hotel Howison.

A LIFE SENTENCE

Given to Dr. John R. Hatch of Ossipee.

GOVERNOR COMMUTED SENTENCE OF DEATH.

Various Petitions for Pardons Considered.

By Associated Press to The Sun.

Concord, N. H., Nov. 9.—At the meeting of Governor Ramsdell and his council in this city today, the sentence of Dr. John R. Hatch of Ossipee was commuted to imprisonment for life. Dr. Hatch was convicted of poisoning his wife and was sentenced to be hanged.

Gen. Ira Cross of Nashua was appointed auditor of the state treasurer's accounts.

Under the law passed at the last session, the governor has requested the bank commissioners to examine and audit the accounts of the New Hampshire Asylum for the Insane.

Various pardon cases were considered at the morning session but up to noon the petition for the pardon of Dr. Joseph C. Moore had not been taken up.

Attorney General Eastman was present throughout the session.

TALKED POLITICS

Then These Men Came to Blows

AND ONE HAD HIS SKULL FRACTURED.

No Arrests Have Yet Been Made.

By Associated Press to The Sun.

Canaan, Conn., Nov. 9.—News has been received at Sharon station to the effect that a serious altercation which may result in the death of one of the participants took place there yesterday afternoon. Charles Murphy of Wassaic, N. Y., aged 30 years was struck on the head with a large stone alleged to have been thrown by George Haskins of Sharon. These two men and several others, it is said, had been drinking and disagreed upon politics. Murphy's skull was fractured and he is in a dangerous condition. No arrests have been made.

BRUCE PLEASED

Democratic Candidate Is Pleased With His Vote.

MR. FITZGERALD SHOULD LEARN A LESSON.

So Says Hon. George Fred Williams.

Candidate Bruce was seen at the Parker house, Boston, last night just before he left for his home in Lawrence. Said he:

"Governor Wolcott is not any better pleased with is vote tonight than I am with the 100,000 odd I received at the hands of the plain, hardworking people of the old bay state.

"The general result is all that I could wish for. The vote of today demonstrates that the democracy of this state is waking up and is girding on its armor for the great fight of 1900. It seems to be a republican year from what I have seen of the returns but our gains are splendid when we consider that at the beginning of the campaign our party organization was practically demoralized. In many of the towns we hadn't any organization at all.

"It is a great satisfaction to me to carry the city of Lawrence where the people know me.

"I wish to pay a tribute to my associate on the ticket, Mr. Slattery. He is a loyal fellow, a tireless and conscientious worker for our great cause and the party made no mistake when it nominated him.

"I desire to thank the state committee for its good work and also the press of the state, for the manner in which it has treated me in the campaign."

WHAT WILLIAMS SAYS.

George Fred Williams had this to say of the result:

"I am more than satisfied with the result. Mr. Bruce, according to the latest estimates, came pretty well up to the vote that was cast for me in 1896.

"This is a substantial gain, inasmuch as 1896 was a presidential year. It plainly shows the advance of our cause and the indorsement of the action taken by the state committee at Worcester.

"According to the best estimates which can now be made, Gov. Wolcott falls off 27 per cent from his vote of '96. Our gain can best be measured from this heavy falling off. We have creased our congressional representation by the election of a man who threw down the gauntlet at once on the Chicago platform.

"The whole fight against Mr. Naphen was made on account of his firm stand for the party policy, and his election is a notice to future candidates that nothing can be gained by attempting to evade the platform of the party. Had Mr. Fitzgerald taken a like ground the opposition to him would have been broken from the start, and he would not have been fighting today for his life. I hope he will learn the lesson Mr. Naphen has taught him.

"Mr. Baker and Mr. Ramsdell, who stood in a like position as Mr. Naphen have, according to reports, made heavy gains. The sum total of the situation is that the democratic policy of 1900 is fixed beyond a peradventure. Our state committee is to be congratulated on these results. Mr. Drinkwater and Mr. McNary have shown their capacity for handling the party's affairs to the satisfaction of all democrats, and they will continue the work they have begun of build up the party vote and organize the state thoroughly."

BRITISH PROTECTORATE.

By Associated Press to The Sun.

London, Nov. 9.—The Echo, an afternoon newspaper of this city, declares that the marquis of Salisbury at the Lord Mayors' banquet tonight, will certainly announce a formal British protectorate over Egypt.

JOHNSON ELECTED.

By Associated Press to The Sun.

Charlestown, W. Va., Nov. 9.—The election of Johnson, democrat, for congress in the third district, is conceded by Houston, chairman republican committee. Devener, republican is elected in the First district. Second and fourth districts probably carried by republicans. State senate republican and lower branch, democratic.

FRENCH SQUADRON

Reported to be Ready to go to Sea.

All Cruisers and Torpedo Boats are at Toulon and Ready for Action—Admiral Fournier is Summoned to Paris.

By Associated Press to The Sun.

Paris, Nov. 9.—The Echo de Paris today publishes a dispatch from Toulon which says the entire French Mediterranean squadron is ready for sea. It adds that Admiral Fournier, its commander, received a cipher dispatch yesterday evening, whereupon he signalled to the Forbin, a third class cruiser, to bank her fires and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon where all the vessels are reported ready for action and where the arsenals and shipyards have been worked all night.

Later, it developed that Admiral Fournier has been summoner to Paris.

REVISED FIGURES.

By Associated Press to The Sun.

Washington, Nov. 9.—Chairman Kerr had made at noon a revision of his figures based on the news from New York and on account of the Associated Press reporter he claimed the election of 199 democrats and fusionists which would increase the majority of the democrats to 31. The following is the democratic claim by states:

Alabama, 9; Arkansas, 6; California, 2; Colorado, 2; Florida, 2; Georgia, 11; Idaho, 1; Illinois, 11; Indiana, 5; Iowa, 1; Kansas, 3; Kentucky, 10; Louisiana 6; Indiana 3; Massachusetts, 3; Minnesota, 1; Mississippi, 7; Missouri 14; Montana, 1; Nebraska, 4; Nevada, 1; New Jersey, 8; New York, 18; North Carolina, 8; Ohio, 6; Pennsylvania, 8; South Carolina, 7; Tennessee, 8; Texas, 12; Utah, 1; Virginia, 10; Washington, 2; West Virginia, 3; Wisconsin, 1; Wyoming, 1. Total, 190.

Dispatches received from New York at republican headquarters shortly before noon were not so encouraging to republicans and it was conceded that the result would be exceedingly close. The advices from New York indicated only 15 or 16 republican representatives whereas Chairman Babcock had been calculating upon 20, and possible 21. This would reduce the republican strength to 179, a bare majority of 1 unless welled by some doubtful districts. The returns from Indiana were said to be encouraging. Representative Overstreet telegraphed:

"Incomplete returns indicate that republicans have carried Indiana by 16,000. They will control the legislature on joint ballot and have elected congressmen in first, sixth, seventh, eighth and ninth, tenth, eleventh and thirteenth. Democrats carry third and twelfth. Second, fourth and fifth are still in doubt."

These three doubtful districts, if carried the republicans would almost offset the slump in New York. There are a dozen other doubtful districts from which accessions might also be made when the complete returns are in.

Telegrams received at republican headquarters claimed the election of Pearce by 1,000 in Missouri, Calderhead in Kansas and Freer in West Virginia.

The condition of Walter E. Bagshaw private of Company G, who is confined to his home, 11 Wilson street, is much improved today.

MARCELLUS FLETCHER.

FOLLED A GREAT VOTE FOR COUNCILLOR.

Hats off to the old war-horse of the democracy!

Hooray for Marcellus H. Fletcher who ran way ahead of everybody!!

Marcellus missed Lowell by just one single solitary vote.

'Cellus didn't canvass the city or stump or he would have carried it by a large majority. He simply accepted the nomination for councillor with thanks and went right along hustling for everyone but himself.

The democracy, however, stuck to the veteran worker in the ranks to a man and if some one hadn't stayed away from the polls, he would have had the honor of running a tie vote.

The total councillor vote is as follows:

COUNCILLOR.

THE REPRESENTATIVE FIGHT.

As The Sun predicted some time ago, the democrats made a substantial gain in their representative districts, a gain which they are to hold during the coming two years. Three representatives are elected by the democrats, though the Citizen this morning questions the success of John T. Sparks, Dracut's candidate for the legislature.

The Sun's figures, those of the Mail, the registrars of voters of this city and Chairman Poore of the republican city committee all agree that Mr. Sparks is elected by a narrow majority. The Sparks fight was one in which every vote counted and the numerous Navy Yard voters who stayed away from the polls at the expense of Mr. Sparks, are deserving of severe criticism. Mr. Sparks lost six votes in Dracut through the closing of the poll at 3.30 o'clock, instead of 4 o'clock as was supposed to be the hour.

All lovers of fair play will note with satisfaction the stinging rebuke given to Mr. Ramsay by his overwhelming defeat.

In the 26th district Mr. Mansfield ran surprisingly well, getting in ahead of both Cluer and Dobbins who were cut, while Varney, the unknown, was high man.

25TH DISTRICT.

The country towns threw down party lines and ran the knife into Mr. Ramsay supporting Lieut. Quigley to a man. In the city wards, Ramsay fell behind and though the contest may result in a continued fight between the city and the towns, it is quite certain that Mr. Ramsay will never figure in them as a candidate. W. H. I. Hayes made gains Mr. Watson and Messrs Fagan and Shea received the nominal party vote. The result is as follows:

	Fagan, Dem.	Hayes, Rep.	Quigley, Dem.	Ramsay, Rep.	Shea, Dem.	Watson, Rep.
Ward Four	886	322	947	373	897	309
Ward Seven	551	825	686	749	544	708
Ward Eight	325	1132	484	978	319	1153

Dunstable	22	33	49	14	22	33
Tyngsboro	25	54	59	23	21	54
Totals	1342	3636	2709	2262	1937	2594

26TH DISTRICT.

The voting in the 26th district was somewhat of a surprise and when the results began to come in it looked for a time as if Messrs. Mansfield and Garvey would both squeze in though the votes of these two gentlemen differed, even as those of Cluer and Dobbins did. Mr. Dobbins is henceforth a dead letter politically. The vote of the district was as follows:

	Cluer, Rep.	Dobbins, Rep.	Garvey, Dem.	Hennessey, Dem.	Mansfield, Dem.	Varney, Rep.
Ward One	529	519	471	442	502	606
Ward Two	179	176	852	774	880	230
Ward Three	594	870	419	381	454	901
Ward Three	594	870	419	381	454	901
Ward Six	781	715	574	542	635	785
Totals	2453	2310	2316	2139	2471	2531

27TH DISTRICT.

Were it not for the characteristic inaccuracy of the Citizen on election figures, one might consider carefully its contentions that Mr. Sparks was not elected. But all other authorities are to the contrary and a verification of the vote will prove that he was elected by a narrow majority. Lieut.-Col. Butler Ames received a flattering vote as was expected and of course is high man in the district. The total vote:

	Sparks, Dem.	O'Connor, Dem.	Farmer, Rep.	Ames, Rep.
Ward Five	340	270	757	772
Ward Nine	792	657	569	563

SPARKS SURE.

Revised figures show that Sparks wins by 7 votes in the 27th representative district.

CARLISLE.

By Associated Press to The Sun.

The following is the result of Carlisles voting: For governor—Wolcott, 33; Bruce, 10. For representative, Ames, 31; Farmer, 31; O'Connor, 10; Sparks, 9. For senator—Patch, 29; Fisher, 15.

DUNSTABLE.

By Associated Press to The Sun.

The following is the result of the voting at Dunstable: Governor—Wolcott, 46; Bruce, 24. For representative—Quigley, dem., 49; Hayes and Watson, rep., 33 each; Fagan and Shea, dem., 22 each; and Ramsay, rep., 14.

TYNGSBORO.

By Associated Press to The Sun.

Quigley defeats Ramsay by 36 votes in Tyngsboro as follows: Quigley, 59; Ramsay, 23.

WILMINGTON.

By Associated Press to The Sun.

The following is Wilmington's vote For governor—Wolcott, 93; Bruce, 19. For congress—Knox, 89; Flynn, 22. For representatives—Farmer, 85; Ames, 89. O'Connor, 22; Sparks, 20.

NORTH READING.

By Associated Press to The Sun.

The vote in North Reading for congressman and representatives is as follows: Knox, 101; Flynn, 17. For representatives—Ames, 99; Farmer, 92; Sparks, 14; O'Connor, 13.

CHELMSFORD.

GIVES QUIGLEY A ROUSING VOTE

Precinct two, Chelmsford, gave Quigley a rousing vote, of 141 over Ramsay. The result of the representatives ballot is as follows: Quigley, 159; Watson, 94; Hayes, 90; Fagan, 73; Shea, 76; Ramsay, 48.

CONGRESSIONAL.

THIRD DISTRICT.

This district includes the southeastern part of Worcester county and Hopkinston in Middlesex county. Its only city is Worcester. Joseph H. Walker, Rep. was elected in 1896 for a fifth term by 11,508 plurality over John O'Gara, Dem. Thayer, 11,033; Walker, 11,012; Thayer's majority, 81.

SEVENTH DISTRICT.

This district includes two Charlestown wards of Boston, Everett, Malden, Chelsea and Lynn, and a few adjoining towns. William E. Barrett, Rep., was elected in 1896 by 12,150 plurality over Philip J. Doherty, Dem. Ramsdell, Dem., 12,319; Roberts, Rep., 15,559; Robert's majority, 4240.

NINTH DISTRICT.

Fitzgerald, Dem., 10,165; Gallivan, 4827; Krebs, 5401; Bradman, 440. Fitzgerald's plurality, 4761.

TENTH DISTRICT.

Naphen, 16,884; Barrows, 13815; Naphen, Dem., majority 3069.

Representative Candidate Garvey in the 26th district said this morning: "I am very well satisfied with my vote and I want to thank my friends for the support they gave me. The result throughout the city shows that the democratic party can win in the city election if we only stand together. Democrats should start in at once and boom up matters for the city election."

The result of the New York election reached Lowell before the second precinct of Tewksbury.

ELECTION NOTES

Ex-Representative Dobbins on learning last night that for a certainty he had been defeated said:

"I'll take my medicine like a little man. If the party can stand it, I can, but it will take a long time to bring the district back to what it formerly was."

Rep. Ramsay could not be found last night in any of his accustomed downtown haunts.

Rep. Butler Ames remained at home and received the news of the election by telephone.

Newspaper Row, Merrimack square, was blocked from early evening until midnight when The Sun's "Good-night" was given. The Sun, as usual, was the first newspaper to give out official figures by the stereopticon on its mammoth canvas.

The democratic headquarters in Associate building was open all night and there was great jubilation over the election of the three democratic representatives, Quigley, Mansfield, and Sparks.

At city hall there was not the usual crowd that congregates on the night of a city election but some came early and stayed late. The returns began to come in shortly after 6 o'clock, precinct 1 of ward nine being the first to arrive. The board of registrars were on hand to assist City Clerk Dadman in receiving the precinct boxes, the latter official being busy with the board of aldermen.

At the Lincoln club, the returns were received second hand from the republican headquarters.

Considerable money was won by the Middlesex street hotel clerks on the election of Quigley over Ramsay.

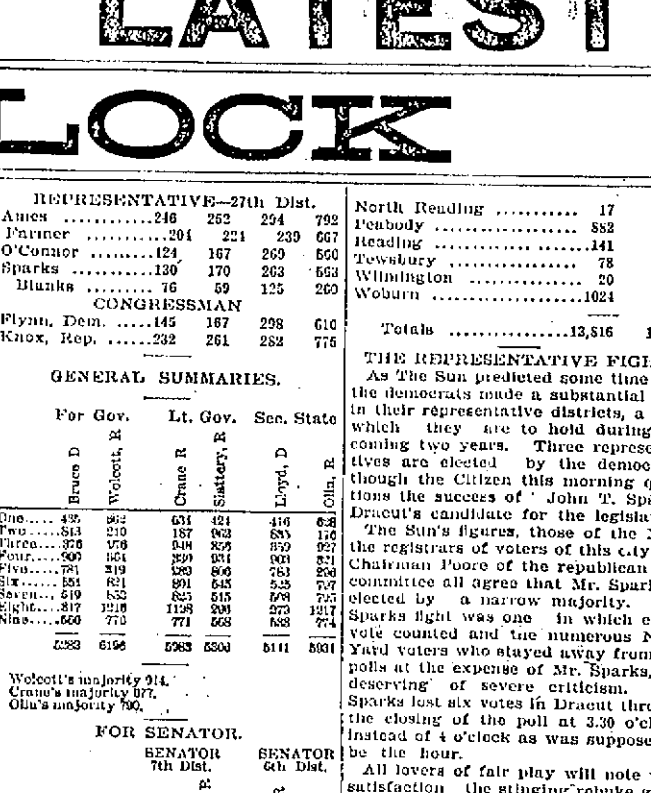

Most of the wagers made in Lowell yesterday were on the result of the New York election. Considerable money changed hands.

The lightness of the early vote gave many reason to believe that "General Apathy" was very much in evidence; but the result of the total vote shows that considerable hustling was done during the latter part of the day.

Just think of it. One of the oldest residents of ward nine, a man who has lived at his present home for over 30 years couldn't, for the life of him, tell whether the number of his residence was 11 or 17.

Secretary Bell and a small number of city committee members held forth at the republican headquarters.

Lieut. Quigley called at The Sun office last night and received the congratulations of a host of friends on his election. Among the number who felicitated him on his success as a vote-getter were the Hon. Fisher Pearson, Lieut. Gardner Pearson, Chairman J. J. O'Connor of the democratic city committee and Councilman Frank Fagan.

Called It Cancer

A Sore Rapidly Grows Worse Until Cured by Hood's Sarsaparilla.

"I had what was said by a physician to be a cancer on my breast. It grew worse very fast and I made some salve and used it, but it did no good, and none of the remedies I bought did any good until I began taking Hood's Sarsaparilla. Before I had finished the first bottle of this medicine the sore began to heal. I kept on taking the medicine until I was cured. Some time afterward I had another sore on my left cheek. I took Hood's Sarsaparilla again and it had the same good effect." MRS. MARCELINE PAQUETTE, 397 Court Street, Brockton, Mass.

CROKER HOPEFUL

Does Not Concede Election of Roosevelt.

WOODRUFF PROBABLY DEFEATED FOR LIEUT-GOV.

Quigg Lost in Congressional Contest.

New York, Nov. 8—Richard Croker said tonight:

"I do not concede the election of Col. Roosevelt, and, what is more, I say that it is remarkably queer that, while the figures as they have come to us and to others show tremendous democratic gains, and show that we have carried nearly every important city in the state yet it is said we are beaten.

"If Roosevelt gets a plurality out of today's voting it will be so small that the soldier vote will overcome it. It will require only about two-thirds of the military ballots to overcome what figures Rosevelt can show and I am satisfied that we can get them. I will not, however, concede a republican victory tonight, when the figures show so well for democracy.

"Gold democrats have hurt us by keeping alive the silver issue which we threw away but with all that we have elected congressmen in New York and have obtained in the cities an expression of belief that they should have home rule. They can get it from the democratic party."

There is a possibility that Elliot F. Danforth, democrat, will be the next lieutenant-governor, his republican opponent, Woodruff, having been slaughtered unmercifully throughout the state.

The legislature is republican. The democrats made a great fight to secure control of that body, it being the ambition of Senator Murphy's life to be re-elected to the senate.

Quigg's defeat in the 14th district by Chanler, while not unexpected, will create surprise outside the state. Mr. Quigg, the last time he ran for congress had a majority of nearly 10,000. Mr. Chanler's canvass was managed by the old campaigning force of former Mayor Hugh J. Grant and a most remarkable canvass has torn the district almost wide open.

Mr. Quigg discovered too late that he had lost his personal popularity and many republicans and independent voters who supported him before voted and worked against him, because of the part he took in the municipal campaign a year ago, in keeping General Tracy in the field, thus turning the city over to Tammany.

FINAL RETURNS.

By Associated Press to The Sun.

Philadelphia, Nov. 9.—It was nearly 6 o'clock this morning before the returns from the last Philadelphia ward were received and the net result was a great surprise. Stone, rep., carried the city by a plurality of 85,000, which with his plurality in the state outside of Philadelphia county will probably run the republican plurality for the head of the ticket up to 150,000 over Jenks, dem.

Late returns from the 12th congressional district show that Stanley Davenport, dem., has probably been elected by a small plurality over Morgan B. Williams, rep., the present member. The other congressional candidates remain unchanged from last night's reports.

BRIGGS CHOSEN.

By Associated Press to The Sun.

New York, Nov. 9.—The third congressional district, Edmund H. Briggs, dem., is elected over Prendergast, rep., and in the fifth district, Frank Wilson, dem., over Bennett, rep.

CO. M SOLDIERS

FIND IT HARD TO WHILE AWAY THEIR TIME.

Co. M soldiers find it hard to while away their time which passes very slow at the armory. They are looking forward to the first country walk that has been promised them by Lieut. McNulty. Various amusements are adopted to pass away the time. Card playing, bowling and racing are the principal pastimes. For the latter the drill shed is used and it furnishes a course of about 50 yards. Racing is confine to recruits, however. Several of the Santiago men tried it and the strain proved too much for them. They were sick for some time afterwards.

Yesterday the boys were allowed passes to go out and vote. Captain Mitten, Lieut. Gillow and Lieut. McNulty were on hand for a short time. They left the building to cast their ballots about the middle of the forenoon.

The menu for the day follows:

Breakfast—Oat meal, fried sausage, potatoes, rolls, bread and butter, coffee.

Dinner.—Roast beef, boiled dinner, rice soup, custard and mince pie, pudding and coffee.

Supper.—Meat hash, tripe fried in batter, potatoes, bread and butter, rolls, tea and coffee.

The Lowell High school football eleven will play the Lawrence High school football team at Glen Forest tomorrow afternoon.

A first class lot of furniture will be sold at Keyes' auction rooms, Thursday at 2.30.

BIG OVERCOAT DEAL.

Watch tomorrow's papers and profit by the greatest overcoat sale ever seen in Lowell.

Mr. O'Hearn's visit to New York last week will be a profitable affair for the people of Lowell,—prospective overcoat buyers.

Read O'Hearn & Dowd's announcement tomorrow and be sure to see the beautiful line of fine overcoats that have fallen into their hands.

CAN KNOX DELIVER THEM?

Congressman Knox, as usual, got much support in this city from aspirants for liquor licenses and their friends by promising to give them licenses next May. He delivered his goods last year, which proved that he was backed up in his promises by the license commissioners, but whether he can deliver them this time or not is open to question. There may be no licenses to deliver to anyone next May.

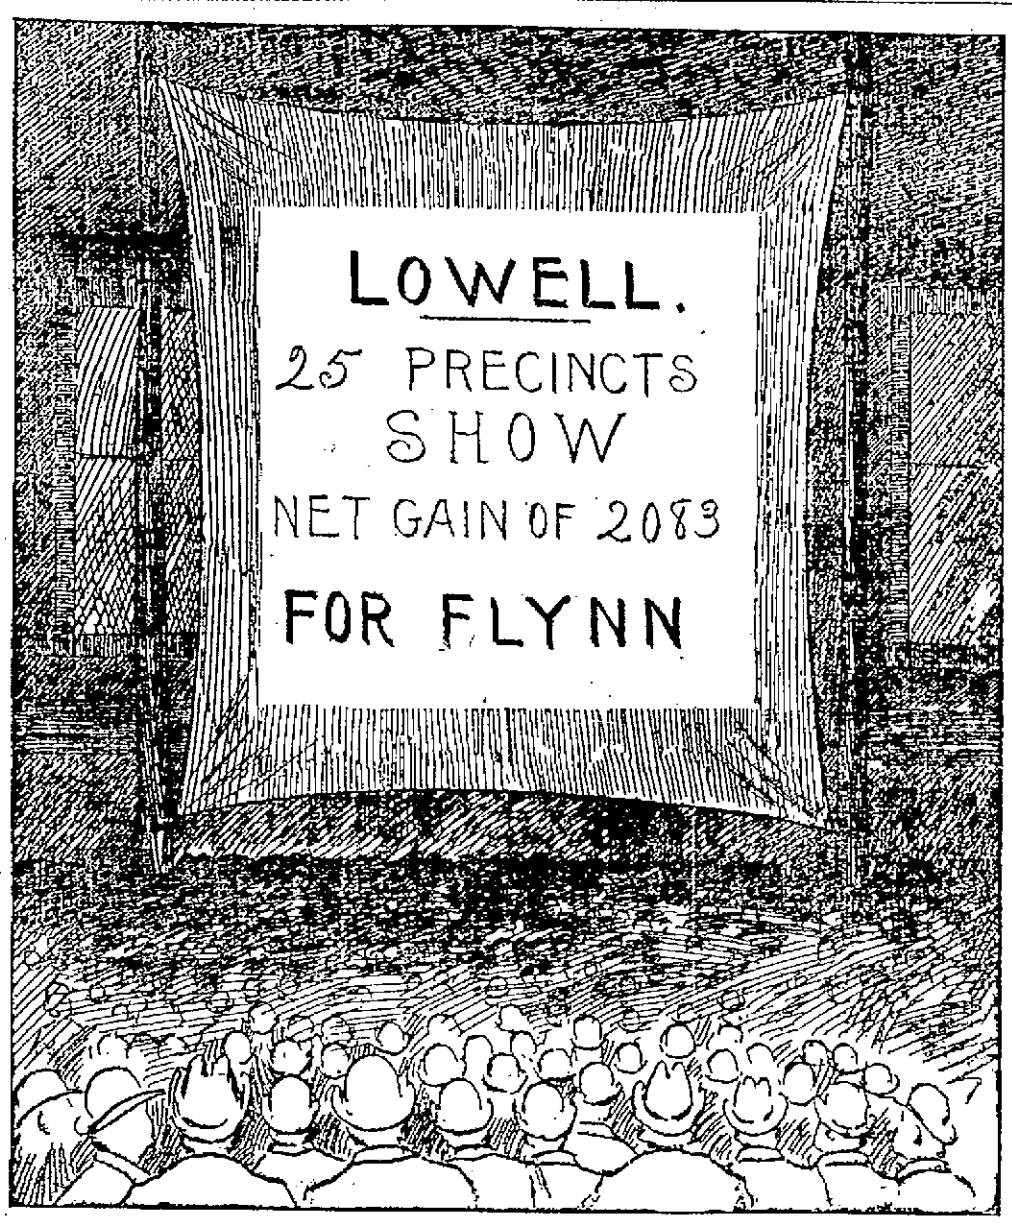

TWO ARRESTED

FOR LARCENY OF CARPENTERS' TOOLS.

Charles McGillin and Charles McKenna while under the influence of liquor, were arrested on a charge of larceny by Lieut. Webster and Officer Peter A. Cawley yesterday. McGillin was in a Central street pawnshop endeavoring to dispose of carpenters' tools comprising a plane, a bit, stock and a spirit level. McKenna was standing guard on the outside of the pawnshop when the arrest was made. Both claimed that the tools were given them by a stranger. They will be charged with drunkenness (it being their third offence) pending a claimant as to the ownership of the tools.

The furniture that will be sold at Keyes' auction Thursday comes from one of the best families in Lowell.

CHEMICAL ENGINE

Is Wanted by Residents of Belvidere.

THE ENDICOTT MEMORIAL TABLET ACCEPTED.

A Committee on Conference Appointed.

There was just a quorum present at the beginning of the regular session of the board of aldermen last night but during the evening, however, all the members showed up with the exception of Alderman Holbrook, who is ill.

Several petitions were referred to appropriate committees.

It was voted in concurrence to accept the gift of the socalled Endicott Memorial Tablet from the First Trinitarian Congregational church, the same to be placed in Memorial hall.

The proposition to approve in concurrence a lease of certain land near Lincoln square, now occupied by the lands and buildings department to A. F. Dudley was opposed by Alderman Peirce and on his motion action was deferred until the next meeting.

A petition present by Alderman Dimon on behalf of residents of Belvidere asking that a chemical engine be stationed near the junction of Fairmount, Rogers, and Laurel streets was referred to the committee on fire department.

The matter of the use of the old school room in the Fourth street engine house by the members of the fire department for recreation purposes was referred to the committee on lands and buildings.

The board then voted to authorize the appointment of a committee in conference to consider the proposed new method of assessing taxes, and the mayor appointed Aldermen Libby, Goward and Rivet.

Alderman Peirce gave notice of the vote of the street committee to have a hearing Thursday night at 7.30 on the petition to extend Aiken street from Ford street to Merrimack street.

At 8.25 o'clock the board adjourned.

NEGATIVE SIDE WON.

At the Pawtucket church last evening a debate was held by the society. The subject was "Resolved, that all telegraph lines in the United States should be owned and controlled by the government." The speakers for the affirmative were W. T. S. Bartlett and C. F. Miles; for negative side were E. J. Ellingwood and E. S. Bourne. The negative side won. The judges were Mrs. Trevors, Mrs. Putnam, and Miss Chase. The newly elected president, Mr. Douglas Rivet, appointed the committees on debate for the ensuing year. They are as follows: Mr. Richardson, Mr. Cutler and Mr. Hoyle. The chairman of the debate was Rev. Mr. Leland.

Supt. A. K. Whitcomb of the public schools will address the teachers of Brockton next Monday afternoon on "Physical Defects."

COL. CHAS. H. ALLEN

HOW HE IS APPRECIATED BY THE SECRETARY OF NAVY.

The friends of Col. Allen of Lowell will read with interest the tribute to his ability paid him by the secretary of the navy, the Hon. John D. Long, which will appear in the Boston Sunday Herald, Nov. 3. In that issue The Boston Herald will publish for the first time the story of the naval battles of the Spanish-American war with an introduction by the secretary of the navy. The article will be illustrated by pictures of each of the engagements by Mr. L. A. Shafer and Mrs. V. H. Bailey. These illustrations outrank anything heretofore published. The Boston Herald of Nov. 13 will again demonstrate the claim of that paper to the title of New England's Greatest Newspaper.

THE BATTLE IS OVER.

The battle is over and the victory won. We have heard nothing but politics for the past few weeks and now that the smoke of the battle is over, we hear another startling announcement that will be of great interest to every lady and gentleman in Lowell. The O'Donnell & Gilbride company intend to inaugurate this week one of the greatest sacrifice sales and I might almost say give-away sales that ever took place in this city. The season has been so backward and their stock so heavy that it is almost an utter impossibility to carry such a mammoth stock. They have decided that these goods must be exchanged for cash to the people of this city. Former prices will not be considered in inaugurating this great special mark-down sale. Now ladies, there is something else in store for you. Saturday of this week this firm proposes to give a souvenir to everybody that attends their sale whether they purchase or not. Remember that this is going to be one of the greatest reduction sales this firm has ever made. See tomorrow's paper; read their immense ad. and see if there is not an opportunity to save dimes and dollars with almost every purchase at the O'Donnell & Gilbride company's sale.

LAST NIGHT'S FIRE.

A small blaze occurred last night in the dwelling house, 852 Central street, owned by John Fahey, and occupied by R. T. Mower. The damage was not great. Insured with T. C. Lee & Co.

Dr. M. G. Parker gave an illustrated lecture on Alaska last evening before the John Eliot Literary and Social union. Its mountains, hotels, rivers and gold fields were illustrated by a large number of excellent views and the process of mining was intelligently explained.

The heirs of the late Ellen McCue desiring their several interests in their mother's estate, have determined to sell the parcel of real estate, Nos. 5, 7, and 9 Garnet street, next the corner of Middlesex street to whomsoever will bid the highest at positive auction sale tomorrow on the premises, rain or shine, promptly at 3 o'clock in the afternoon, we promise to sell without limit or reserve of any kind whatsoever, to the highest bidder at public sale the four tenement house of sixteen rooms, water closets, sewerage and city water as above located. The building is in good order and repair, is well rented; the lot has a frontage of 31½ feet, an area of 1418 square feet with a small concrete yard on one side. The income from the property is $28 a month or $336 a year. Garnet street leaves Middlesex street just opposite the new block of stores recently erected by the Appleton Manufacturing Co. The property is mighty well located, pays a good increase on the price it will sell for, has excellent future prospects, is well down town and practically on one of the most important thoroughfares and busiest business streets of Lowell. Now don't stay away from this sale and allow this property to sell for less than you would be willing to pay for it. J. E. Connut & Co. in charge.

A CHURCH HOME

The First Trinitarian Edifice Now Complete.

ITS BEAUTY ENHANCED BY DECORATION

For the Fair Now In Progress There.

The fair held by the First Trinitarian church people in the renovated edifice on Dutton street last night opened auspiciously with a large attendance.

Beautiful decorations had been placed on the many ornamental figures which took up prominent positions and the tables were draped with the national colors in bunting and flags. Last evening for the first time the public were given the opportunity to view the new church.

The second floor with its Nile green walls and ivory trimmings and old rose ceiling, presents a handsome appearance and the effect is greatly enhanced by many incandescent electric lights. In the drawing of the plans, effort was made to take advantage of every inch of space without the appearance of crowding and in this the architect has met with success.

In the rear of the pulpit platform is the choir loft the only one of the kind in a Protestant church in this city and also the place for the organ. The organ will be in the centre of the loft and the row of seats are facing it and gradually sloping towards it, the last rows being on the same level as the organ itself. There are 100 chairs in the choir loft and they will be taken up by the members of the chorus choir, the children on one side and the adults on the other.

All the rooms are beautiful the finish being elegant, the whole interior being attractive and handsome.

When the building was purchased by the Trinitarian church, from the old Mechanics' association, there were many relics in the attic and these became the property of the society, including Billy Phalanx the mascot which was with the Sixth all through the Porto Rico campaign Billy looks very wise as the visitors crowd around him and shows not the slightest fear. Cassimero Rivas, the young native of Porto Rico who returned with the members of Company C to Lowell was present last night as a guest of honor.

The following executive committee has general charge of the affair: E. N. Wood, chairman; C. R. Durrant, F. M. Bill, A. F. Fyre, Mrs. J. B. Yorke, Mrs. C. T. Upton, Mrs. C. O. S. Wheeler, Mrs. George Boardman, Mrs. James Stuart Murphy, Mrs. George Ames, Mrs. L. A. Butman, Mrs. Edward Nichols.

The sales tables were tastefully grouped around the auditorium and were officered by the following ladies, each with a large number of assistants.

Domestic table, decorations red and white: Mrs. George Dole and Mrs. Luther Holt.

Apron table, lemon and white: Mrs. George Boardman.

Flower table, Nile green and white; Mrs. Ethel Kelly.

Fancy table, rose pink; Mrs. F. P. Crawford, Mrs. J. W. Coburn.

Handkerchief table, white and Nile green with silver thisel: Mrs. George Ames. This table is looked after by the junior Y.P.S.C.E.

Candy table, lavender and white, with arch of hydrangeas; Mrs. Emma Riddick, Mrs. J. D. Hartwell.

Lemonade table, national colors, Clifford Carey with several young men assistants.

In the large rom below tables were spread for the kettledrum which was in charge of Mrs. C. O. S. Wheeler and Mrs. Millard Davis. Mrs. C. G. Sherman managed the kitchen most efficiently. The cake table was looked after by Mrs. George Farnham and Mr. A. J. Bates.

At each of the 12 tables there was a squire and dame as follows: Mr. and Mrs. C. T. Upton, Mr. and Mrs. C. O. S. Wheelr, Mr. and Mrs. O. A. Brigham, Rev. and Mrs. George F. Kenngott, Mr. and Mrs. George Ames, Mr. and Mrs. J. V. Pepin, Mr. and Mrs. William Wright, Mr. and Mrs. O. F. Frye, Mr. and Mrs. D. A. Eaton, Mr. and Mrs. Charles Grant, Mr. Estabrook and Miss Cornell. Mr. E. N. Wood and Miss Grace Wood.

GREAT GRUMBLERS.

GRUMBLING WILL CEASE IF LOWELL PEOPLE FOLLOW THIS CITIZEN'S ADVICE.

When the kidneys are sick, they grumble.

You hear them clear through the back.

You feel them clear through the body

They grumble when overtaxed.

Know how the kidneys grumble?

It's a simple thing; your back will tell you.

Backache is the first grumbling warning.

The kidneys give it and you heed it not.

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble, and many miseries.

Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill.

The experience of Lowell citizens proves this.

Here's a case in point:

Mr. R. J. Gilmour, residing at 54 Jenness street, who superintends the loading and unloading of cars at the Boston & Maine freight railroad depot, says: "My occupation necessitates a good deal of outsideas well as office, work and many hours on my feet. Months ago, I found my back began troubling me and that my kidneys were weak. A little cold or extra exertion increased the difficulty. There was too frequent action of the kidney secretions which weakened and annoyed me. I heard of Doan's Kidney Pills and got a box at Ellingwood & Co.'s, Merrimack and Central streets. I had taken but a few doses when I found the urinary trouble was gone and that the backache had entirely left me. I suffered from neither and am justified in backing Doan's Kidney Pills. There are many, I have no doubt, on our road, suffering as I did, and I shall be glad to tell them or others that Doan's Kidney Pills are the right thing for complaints like mine."

A Big Cap Purchase

A prominent Cap manufacturer of New York, who made up his mind to go out of business, came to us last week and laid before us his stock sheet. "What will you give," said he, "for my entire stock?"

The quantity was a large one, but the price at which we secured the stock will condense the usual business of ten days into two or three days.

Every Cap in the whole lot is as bright as a new pin. No sluggish styles.

BIG SALES instead of BIG PROFITS is our method this season and the result is business vim, vigor and snap far beyond our most sanguine expectations.

SIXTH REGIMENT

Will be Mustered Out of U. S. Service.

ORDER SENT TO LIEUT. COL. WEAVER.

The News is Pleasant to the Soldiers.

The work of examining the men of the Ninth Massachusetts regiment was resumed by the surgeons yesterday morning at the east armory, Boston.

The regular routine duty of mounting guard took place early and after breakfast the men were allowed to leave the armory for the purpose of casting their votes.

The captains of the various companies are all busy on their muster rolls, and this morning Capt. Joubert of Co. F, Lawrence, Capt. Mitten of Co. M, Lowell, Capt. Cannon of Co. K, Clinton, and Capt. Morris of Co. L, Natick were ordered to Boston with their clerical forces and will complete the work in this city.

These muster rolls must be in the hands of the paymaster by Monday next or possibly the regiment will be mustered out without receiving its pay.

This, Lieut. Ketchum of the Second Artillery, who is in charge of the work, will try to prvint. At the south armory everything is extremely quiet and while the rations are prepared for the full complement of men on the rolls, less than one-half embrace the opportunity of partaking of the same.

Col. Weaver, the chief mustering officer is still receiving his mail a day late from the war department on account of it being still sent to South Framingham, although the department was notified of his change of headquarters over a month ago. He has been notified by the war department that he is to muster out the Sixth Massachusetts, commencing the physical examination on January 3, the final muster out coming 20 days later.

It was thought in many quarters that the Sixth would be retained in the service and its members were looking forward with no little interest to again taking the field, but judging from the notification from the war department it has all the Massachusetts troops required.

A new flag has been substituted for the one that floated over the armory all summer. Armorer Carr raised it for the first time the day that the Sixth returned home, and it was hoisted again on Sunday when Co. M went on duty at the armory.

Eden C. Walker, who has been at Fort McPherson, Ga., for several months in the service of the army returned with his wife to Lowell yesterday. He has received his discharge from the service. He enlisted in the hospital corps and was for some time employed as a nurse. Lately, however, he has had a clerical position at Fort McPherson. Mr. Walker believes it probable that Elgin Bill and Herbert Lunce and other Lowell men in the hospital corps service will have to serve out their time.

Capt. George Garity has filed the roll of his provisional company at city hall to be forwarded to the adjutant general's office. It is substantially the same roll as the one which was approved by the mayor and aldermen some time ago but it is now filed in case there is, for any reason a call for another company.

Private John Conners of the Seventh Heavy Artillery, but better known to his large number of friends in this city as "Roger" Conners, was in Lowell yesterday on a 24-hour furlough to enable him to vote.

CHEATED

The merchant who pays for advertising and doesn't get it cries out that advertising doesn't pay. He is wrong. Advertising pays if you get it. If you pay for any commodity that is never delivered, you lose money on it, just the same as you lose on advertising that you pay for but never get.

When merchants learn to buy their advertising space in the newspapers as they buy their merchandise—by measure and weight—it will pay them. Buy space by the inch per thousand of circulation and see that you get what you pay for. Then you will never be cheated in advertising and it will pay you. The Sun will give you more advertising for your money than any other paper in Lowell.

LOWELL'S GREATEST NEWSPAPER

THE SUN DISTANCED ITS COMPETITORS AS USUAL.

The people of Lowell will probably appreciate the fact that The Sun was the only paper that presented the election returns by a stereopticon last night as fast as they were flashed over the wire from every part of the country in which an election was held. The result of the contest in the Fifth district was first told by The Sun and shown on canvas to a vast multitude of spectators. And so with the returns from New York, Pennsylvania, and other points outside the state. The results of the local election were also cast upon the canvas at the earliest possible moment, so that the people who watched the figures as given out from the Sun building had the first reliable news of the election. The Sun, as usual, distanced its competitors just as it does every day in matters of news. Its enterprise yesterday and last evening is but another proof that The Sun is Lowell's leading newspaper.

SIMPLER BALLOT NEEDED.

It must be noticeable to everybody who studies election returns and especially the number of blank ballots, that the form of the ballot in this state is very complex and confusing to the average voter. But a few years ago there was such a mix-up that thousands of republicans threw their votes away by getting the names of candidates mixed, and so it is in every election. A voter will by mistake or misapprehension cast his vote for somebody for whom he did not intend to vote and against somebody for whom he did intend to vote, while many candidates are not voted for at all solely on account of the complex form of the ballot.

In many states of the union, in fact, in the majority of the states, the ballot is much more simple than in Massachusetts. The principal form and the one which is considered the simplest has the candidates of each party in one column properly headed with a circle at the top on which one cross can be placed if the voter wishes to vote the entire ticket. Then beside the name of each candidate in that column is a square in which a cross can be placed for any particular candidate in case the whole of that ticket has not been voted. In this manner the names of the candidates of each party form a vertical column, and there is no difficulty whatever in voting for the entire ticket or for any part of it. It is time that some such form of ballot were adopted in Massachusetts, because the present form of the ballot is a serious obstruction in securing the full vote of the people. No candidate gets all the votes intended for him while some candidates benefit and some lose as a result. In order to secure fair play for everybody and to facilitate the expression of the voters' choice on the ballot, it is necessary that a different form, one more simple, such as suggested here should be adopted. Massachusetts claims to be ahead of other states in many things, but she is far behind in this particular matter, and it is one of much importance. The voters may be intelligent but even the most intelligent of them in some cases make mistakes on the ballot on account of its complexity.

THE MILLS IN POLITICS.

In yesterday's selection and in the manner of bringing people to the polls, it was plainly evident that the mills of this city were working hand in hand with the republican party, and consequently against the democratic party. Their work was done under the guise of courtesies extended to those accredited by the republican city committee, while the favors thus granted were refused to democratic operatives. The courtesies extended employes were facilities for leaving the factory at any moment and proceeding to the polling booth. Hundreds of voters were called for in this way by the republican city committee and conveyed to their respective precincts, while there were hundreds of democrats who from one kind of pressure or another were prevented from going to the polls. Men who held positions of importance, such as firemen, engineers, and others who could not leave their posts until substitutes were provided, found it very difficult to get out to vote, and many of them were actually prevented because they could not leave their work. If the democratic voters had taken The Sun's advice and voted before going to work, they would have avoided this difficulty and nobody could then baffle them in the exercise of the franchise.

The action of the mills in this respect is considered an outrageous interference with the freedom of the operatives to vote as they please. It is but another reason for opposing the corporations by every fair means when they show such a desire to dominate elections. They have always acted secretly in co-operation with the republican party, and they have never failed to work the legislature through the lobbyists whenever their interests were involved in any measure that came before either branch of the general court. The action of the corporations in yesterday's election will prejudice the people of Lowell against them more than ever so that in the long run the gentlemen who offered their services so freely to Chairman Poore of the republican city committee will have reason to regret their action.

MISTAKEN IDENTITY.

Daniel Kennedy of Lynn who was supposed to have been murdered in Deering, Me., and whose supposed remains were brought to Lynn and there interred with due ceremony, has returned to the bosom of his family after a trip to the west, probably to the Alaskan gold fields. Cases of mistaken identity of this tragic character are very frequent. That which occurred recently at Taunton when Mr. Perkins brought to the railroad station what he supposed to be the remains of his daughter but which proved to be the mutilated remains of Emma Gill who however, closely resembled Miss Perkins, was perhaps the most pitiful ever heard of in this district but the old man's sorrow was soon supplanted by joy on finding that his daughter was at home, alive and well. Such experiences are dangerous to those who are troubled with heart disease.

President McKinley is not the only patriot in the republican party. There are others such as Senator Hoar who differ widely with him in his policy on the Philippines. The democrats were denounced as trying to pull down the flag that Dewey raised at Manila until men like Senator Hoar come out and endorsed the democratic position on that question.

The mules that were drafted into the army service in Cuba stood the seige as well as could be expected, notwithstanding the fact that they had no medical treatment, as the veterinary surgeon of the army was in charge of the hospitals and the corps of surgeons. Alger's selection of a surgeon turned out to be most fortunate for the mules.

The time must come when this nation will have a merchant marine as well as a fleet. The building up of such a seafaring commercial force will be the first help to the business of this country.

SCARLET FEVER.

A teacher in the West Sixth street school reported to Supt. Whitcomb yesterday that she thought one of her pupils, a boy named Scott, residing on Albion street, had scarlet fever symptoms. The matter was next reported to the health authorities and an investigation followed, which proved that the teacher's fears were correct and the boy was promptly isolated in his home and placed under medical care.

The speaking tubes in the city hall are undergoing repairs, an expert electrician having charge of the work.

There has been much difficulty experienced with these tubes, owing to an echo which emanates from said tubes when any one is speaking, making the hearing difficult.

Many favor the speaking tube telephone system such as is now in use in the buildings of the city farm and which is giving great satisfaction.

The system, if adopted would give immediate and satisfactory service from the mayor's and the city messenger's office to each department and all the little obstacles now existing obviated. So said a city official to a Sun man about the city hall.

THE ARENA OF POLITICS

RAILWAY TYRANNY.

WHY DO THE PEOPLE SUBMIT, WITH A REMEDY AT HAND?

The Government Is Robbed by the Railway Ring, and We Are All Made to Pay It Tribute—The Superior Sense of the Australians.

Dr. O. F. Taylor, editor of The Medical World, published in Philadelphia, continues to make Our Monthly Talk department a power for good in the reform field. The following is taken from the November number:

The kindly light in the darkness guides the mariner on his way and warns him from dangerous rocks. Who placed the lights in dangerous places, and who maintains them every night through all the year, and every year? The government. And they serve every ship of whatever nationality that comes within their range. And the story is only begun. When fog gathers and becomes so dense that the lights cannot penetrate it, fog horns are blown and their dismal sound is the sweetest music to the sailor in danger of being dashed upon the rocks. As the ship approaches port, buoys, lighted buoys, bell buoys, whistling buoys, etc., guide safely to the wharf or place of anchor. But years ago the government removed specially dangerous rocks, deepened channels, etc., and every year one of the largest appropriations that congress makes is the river and harbor appropriation, for the improvement of rivers and harbors. These public duties in relation to transportation by water are recognized by every country. Look about your house, upon your dinner table, etc., and you will see to what extent articles from beyond the sea enter into our daily life.

What would a country be without public roads? Imagine a town or city without public streets!

Not many of the necessities and comforts of life are produced in your immediate vicinity.

Think over all these things, and then say if you think that transportation is properly a public question. Say if you think it is an important question. When you say yes to these propositions, reflect over the fact that the mud roads and here and there a graveled road belong to the public, upon which the horse, mule and ox may be used as motive forces, while the roads of iron and steel, with the puffing, swift and never tiring locomotive, are owned and operated by private companies for private profit. Distant communities are as interdependent upon one another as adjoining communities once were, and the railroads absolutely control this interdependence. Should such control, such an important public function, be intrusted to private corporations which exist only for profit? Most other countries have long ago discovered that private control of so important a public function is inimical to the public welfare. When will we make this discovery? How long after we have made the discovery will we proceed to act upon it? The abuses are many, as most of us know, but whose fault is it? It is natural for the owners of the railroads to work for their own interests. Why don't the people work for their own interests? Not bright enough? Don't know how? Too slow?

How long will we continue to pay the railroads from eight to ten times more per pound for hauling the United States mails than the express companies pay for having their packages hauled? How much longer will we pay a rental for the postal cars equal each year to the cost of the cars, and this in addition to the monstrously high price paid for hauling the mail, while the express companies pay no rental at all? The railroads like this sort of thing, and will continue it so long as we will permit it. Those who protest against this injustice the railroads regard as disturbers, dangerous agitators, "socialists, anarchists!" They like the present condition, and they want it to continue undisturbed. But, doctor, how do you like it? Would you like to have penny postage? You can't have it while such exorbitant rates are paid to the railroads. Would you like to have a cheap and convenient package post, at about one-third the rates we have to pay to the express companies? You can't have it while such an unreasonable rate is paid to the railroads. Don't you think it is worth while to see or communicate with your senators and congressmen upon this subject? The railroads "see" them with passes. Suppose you vote for a man that can't be "seen" in this way. Write about this in your local newspaper.

The railroads hold a controlling power over the price to be paid to the farmer for his produce and the price to be paid by the consumer. Usually the rates of transportation are high until the bulk of the crop is in the hands of speculators; then the rates go down. Just why this is done, "inquire within"; that is, on the inside of the ring. If you can penetrate the deep and dark secrets there. But to those who have given attention to this subject all is as transparent as daylight. The speculators either belong to the railroad ring or "stand in" with the railroad ring. Thus the members of our most useful producing class, the farmers, are drained. When the farmer is prosperous, we all are prosperous. When the railroads rob and drain the farmers, they rob and drain us. Read Mr. Cowles' "A General Freight and Passenger Post," and Mr. Lloyd's "Wealth Against Commonwealth" for astounding accounts of discrimination and other unfair means by which the railroads contribute to the ruination of many small business concerns and build up trusts and monopolies. According to the common law, common carriers should serve the public with rigid impartiality. Rates should be constant and uniform. But instead freight rates are subject to change at any moment, and sometimes actually do change as often as several times a day, and though the law now says that rates must be uniform to all, the law is successfully evaded by rebates, false entries, etc.

Almost without exception, railroads in this country have been capitalized at from double to quadruple their actual cost. These fraudulent issues of stock and bonds have been sold to investors (who should have looked carefully into the facts before investing), and the effort is to make the railroads pay dividends or interest on this fraudulent capital. Reduce the capitalization to the actual cost and great reductions in rates could be easily afforded.

In this connection the following from the Indianapolis News may be of interest:

"Australia is a strange country and many strange things have come out of it and many good things also. The people there are, like ourselves, trying experiments in government; some of their experiments have turned out most happily; note the Australian ballot system and the Torrens land law. But anything in the way of progressive government that Australia has done in the past is likely to be overshadowed by a novel proposition that is at present being seriously discussed. In Australia the government owns the railroads, and they have been a paying branch to the government. It is proposed now to make a uniform charge on the railways for both freight and passengers, irrespective of distance. The advocates of the proposition want the railways to carry a passenger one journey as far as he wants to go for one shilling, and to haul freight from any point in the interior to the seaport for the uniform rate of five shillings a ton. That the proposal is not so crazy as it would seem at first sight may be seen when it is known that, besides owning the railways, the government owns the most of the land in the interior, which it rents out to woolgrowers. The rental of these lands is very low, owing largely to the long and expensive carriage to the market for wool and mutton, and it is said by the advocates of the uniform railway rate that the lessees of the government lands would gladly pay more rent if the proposed reduction in freight were made. Estimates have been prepared showing that the enhanced revenue from the government lands would more than compensate for the deficiency in operating the government railways. It is also pointed out that the low railway rates would have a happy effect in settling the interior of the country. Finally, the advocates of the scheme argue that, as the railways are built with public money, and as the enhanced rental of the public lands will pay interest on the public debt and at the same time create a sinking fund that will in time wipe it out, there can be no objection to the rather startling innovation they wish to introduce."

Will Silver Be Dropped?

The cat is out of the bag. What many observant people have noticed is naturally taking place. The silver issue is being gradually dropped, and that by the most radical and influential Democrats at headquarters. The slogan in 1900 will be, "Down with the trusts!" The Washington correspondent of the Kansas City World, Mr. R. H. Hazard, telegraphs his paper a long story, which contains the following among other things: "From the Democratic national committee headquarters here the tip has been quietly given out, 'Drop silver,' and it will be dropped accordingly." It is pointed out that the Democrats in the big eastern states are repudiating the white metal and that other states will follow. "Even as conservative a leader as Samuel Gompers of the Federation of Labor," writes Mr. Hazard, "a man who seldom speaks on party questions, said to me yesterday: 'The laboring men of the country are sick of the silver cry. They are ready, though, to take up the fight against trusts. If the Democrats will make that their issue in the next general election, they will get the bulk of the labor vote.'" It is concluded that the agitation against trusts, the showing up of the ill treatment of soldiers and the killing of miners by soulless corporations will force silver to the rear.—Cleveland Citizen.

That's Different.

Nebraska failed to cast its electoral vote for Major McKinley, but there will be nothing in connection with the great assemblage at Omaha this week to indicate that the state will ever again be guilty of such a dereliction of duty.—Globe-Democrat.

The president's reception was nonpartisan. The republicans of Nebraska are gentlemen and ladies, and when the president visits them they give him a cordial welcome and forget all about his disgraceful politics and still more disgraceful policy. The members of the reform party of Omaha cannot yet speak above a whisper as a result of their exceeding politeness and cordiality. We will always cheer the president of the United States, but if he were a candidate for re-election today he would be buried under by 50,000 or more majority in the state of Nebraska.—Omaha Nonconformist.

The G. O. P. and Pensions.

It is claimed with a good deal of gusto by the pseudo prosperity papers that the g. o. p. is entitled to all the credit for the pension laws. Yes, your party made it possible for the retired army officers to draw princely salaries of from one hundred to several hundred dollars per month, while the poor and deserving soldier privates who slept on the ground are grudgingly given the beggarly and miserable pittance of $4 to $12 per month.—Courtland (Neb.) Herald.

Prussian Railways.

The net receipts of the Prussian railways in 1897 were 503,899,060 marks against 469,468,683 marks in 1896. The profits were 7.15 per cent in 1897 against 6.25 per cent in 1896. The receipts exceeded the estimates by 68,761,260 marks, or 14.40per cent.

THREE DEMOCRATS

The N. E. Delegation to Next Congress.

GOV. ROGER WOLCOTT, Re-elected.

Naphen Elected in the Tenth—Fitzgerald in the Ninth—Thayer in the Third District.

Boston, Nov. 9.—The vote of the state is nearly complete, and gives Governor Wolcott (Rep.) a plurality over A. B. Bruce (Dem.) of 78,117. The Democratic vote in 311 cities and towns out of 352 was 102,700, which was somewhat larger than the total vote of Williams in 1896, and 24,000 ahead of his vote of last year. Governor Wolcott's vote is 60,000 behind that of 1896 and 16,000 ahead of the vote of 1897. The congressional delegation will stand 10 Republicans and three Democrats, a gain of two by the latter, while the legislature will stand practically the same as last year, and will re-elect Lodge as senator.

The returns from the congressional districts were much slower in coming in than those for governor. There were many surprises, and the losses by the Republicans showed the result of vigorous work by the Democrats in nearly every district. While all but one of the Republicans were up for re-election, each had his majority of 1898 materially reduced, while Barrows, in the Tenth and Walker in the Third district were defeated. In nearly every case the Republican vote fell off greatly from that of 1896, although many of the candidates ran on nearly even terms with the vote for governor. While Lawrence, in the First district, ran fairly well, Gillett, in the Second, was badly cut, and his opponent gained over the vote of 1896.

Knox, in the Fifth, until the small towns came to his rescue, fared very badly and at one time it appeared as if he had been defeated.

The Republicans also hoped to carry the Ninth district with the aid of the Independent Democratic candidate, but here again they were disappointed, while in the Seventh, where Barrett had a wide margin in 1896, the warm fight of Mayor Ramsdell made great inroads into the Republican ranks, although he was treated to a surprise in his own city, which he lost by over 500 votes.

The Republican vote in the Eleventh district fell off, while the Democratic candidate, Baker, gained considerably. The vote in the Fourth district also fell off, but both sides suffered nearly equally.

In the Twelfth district Brady ran ahead of the Democratic vote of 1896; Lovering went behind his own of that year.

Greene, in the Thirteenth, ran well, while his opponent lost ground.

While Governor Wolcott was re-elected by an increased plurality over last year, the Democrats made surprising gains in nearly every congressional district, and not only succeeded in increasing its representation from one to three, but defeated Joseph H. Walker of Worcester, supposed to have been one of the strongest opponents in the whole state. The election of John R. Thayer in Walker's district, the Third, was as much a surprise to the Democrats as to the Republicans, and proved to be the sensation of the whole campaign.

THE GRANITE STATE.

Concord, N. H., Nov. 9.—The returns at hand for New Hampshire show that the Republicans have a lead indicating at least 7000 for their candidate for governor, and half that for each congressional district.

Senator Jacob H. Gallinger, chairman of the Republican state committee, issued this statement: "The indications at midnight show the election of Rollins for governor by from 5000 to 10,000 majority, and that the Republicans will have from 18 to 20 of the 24 state senators, and nearly the same majority in the house as two years ago. Both Republican congressmen are elected. No returns have been received from councillor districts, but, basing the councillor vote on that for governor, I should say that all five Republican councillors are elected. It is possible that the state senate may stand the same as two years ago—21 Republicans and 3 Democrats.

The Republicans gain a senator in the Twenty-fourth district, where Yeaton is elected over Norris, and there are no present indications that we have lost more than one senator.

The following statement was made by F. W. Rollins, Republican candidate for governor: "I calculate that I am elected by from 7000 to 10,000 plurality, and that the general ticket throughout the state has been elected by a handsome margin. The house will be very strongly Republican, and the senate overwhelmingly so."

Senator Chandler: "There is a sweeping Republican victory in New Hampshire for governor, both congressmen, and the legislature; carried by popular majorities about one-half of those of 1896, when he had the greatest gain made in any two congressional districts in the Union. The Republicans of the state have had special troubles to overcome, but the complete result shows that the state approves the war with Spain, and the conduct of President McKinley in its prosecution."

AS ANTICIPATED.

New Haven, Nov. 9.—Connecticut's election resulted exactly as forecasted, and complete returns from all of the 168 towns in the state show a substantial Republican victory, in which the state ticket, headed by George C. Lounsbury of Ridgefield, for governor, received majorities of about 16,000; four Republican congressmen, all present incumbents, were returned; a general assembly, Republican, with a joint ballot vote of 247 against 79 Democrats elected, and Republican sheriffs in all of the eight counties chosen.

Comparison of the gubernatorial vote of this year with that of 1896 show that the Republican majorities of 50,000 in the presidential year were greatly reduced. In the congressional districts, three Republicans were returned with ease, while in the Second district, which had been considered doubtful, Mr. Sperry (Rep.), contrary to predictions, won over James H. Webb, his rival, by nearly 3500.

The day passed quietly and with no disorder at the polls or elsewhere. Remarkably fine weather brought a vote which was vastly larger than the leaders had expected.

RHODE ISLAND RETURNS.

Providence, Nov. 9.—The voting was light throughout the state, as the election of both Republican candidates for congress was a foregone conclusion. The revised constitution has probably been rejected. The country districts voted heavily against it, and unless the vote in the cities proves larger than expected it will not be approved.

PROBABLY THE TERESA.

Washington, Nov. 9.—A message received at the navy department from Captain Crowinshield, chief of the navigation bureau, who is in New York, called attention to the report that the Spanish cruiser Maria Teresa had been seen off Cat Island. The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan, now at Norfolk, be sent at once to make search for the derelict. The telegram was sent to the commandant of the Norfolk navy yard directing him to place the Vulcan in command of Captain McCalla and send her with all dispatch to look for the Teresa. A similar order was cabled to Captain Converse at Guantanamo, directing him to send the big wrecking tug Potomac from that place northward on the same quest. She goes in charge of Commander J. E. Craven.

It is the belief of naval constructors that the Teresa took water aboard almost altogether through the decks, and not through the hull as would appear from the first accounts of the loss of the ship. These decks were rude temporary constructions and were entirely unsuitable for rough weather. The fact that the reports indicate that the ship settled by the head and that water ran into the coal bunkers and thence into the fire rooms goes to bear out the constructors' theory.

The Vulcan was one of the vessels which was towing the Teresa when she was supposed to have foundered.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department if the vessel did not founder outright within a very few hours after having been cut adrift she would almost certainly have fetched upon the shoal beach off Cat Island, for the wind and tide set directly on that beach. If so, the location is much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered with rocks and the wreckers worked at great disadvantage.

BURGLARS WORKED UNMOLESTED

Ware, Mass., Nov. 9.—Burglars worked in the store of E. H. Howe at Enfield yesterday morning, wrecking the safe and securing watches and money to the amount of $200. The postoffice funds were left intact. The family living over the store were thrown from their beds by the force of the explosion, but no one dared to molest the burglars, who later cracked the safe in the store of Jared Gould, securing a considerable amount of cash.

AFTER FOREIGN CONCERNS.

Cincinnati, Nov. 9.—The grand jury sitting in Covington, Ky., yesterday returned indictments against 53 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

CLEANING HAVANA'S STREETS.

Havana, Nov. 9.—Street cleaning in this city has been undertaken on new lines by Acting Mayor Angulo. The principal feature of the new plan is utilizing the fire department as a street cleaning brigade. The main streets of the city are to be flooded by hose attached to the hydrants at the street corners and they are then to be cleaned down by the firemen.

MANSLAUGHTER CHARGED.

London, Nov. 9.—The coroner's jury which has been investigating the death Oct. 19 last of Harold Frederic, the correspondent of the New York Times, rendered a verdict of manslaughter against Kate Lyon, a member of the late Mr. Frederic's household, and Mrs. Sitle, a Christian scientist.

END OF CAMP MERRIAM.

San Francisco, Nov. 9.—The United States transport Newport, bearing General Miller and staff and first battalion, Twentieth Kansas regiment and the Wyoming light battery, sailed last evening for the Philippines. This expedition is the last ordered to the Philippines, and Camp Merriam in this city is now a thing of the past, the only troops left here being those of the California department.

POLICE BOARD.

At a meeting of the board of police, Tuesday night, the license of James Mitchell as private detective was revoked.

Herman G. Stacey was appointed a special policeman for Cushing street and vicinity.

The common victualler's license of Allison Moore, at 140 Market street, was revoked.

Leave to withdraw was granted Louis Rives, a job wagon license at 573 Market street.

Allison Moore was granted a common victualler's license at 23 Kirk street and one to Charles C. Green at 62 Thorndike street, and a job wagon license was granted Ed. Judge at 59 Ludlam street.

Isaac Harris, a job teamster, was ordered to appear before the board on Tuesday evening of next week to answer charges against him.

MONTHLY SOCIAL.

The Independent circle held their usual monthly social at the residence of Mrs. William Brown, 92 Grand street last night. There was an excellent supper followed by music both vocal and instrumental. A quartette whose members were Mrs. E. G. Russell, soprano; Mrs. Barnes, alto, Reuben Brissett, tenor, Charles Dorr, bass, gave a number of selections and Arthur Barrett, piano, Frank Harrington, cornet, Bennett, clarionet, George Tucker, cymbals, etc., pleased those present as well as outside who listened to music. Mr. James Beede gave some harmonica solos, accompanied on the piano by Mrs. E. G. Russell.

CRICKET CLUB ELECTS.

The Plush Mill Cricket club held its first annual meeting Monday night and elected officers for the ensuing year as follows: President, John H. Mills; vice president, F. G. Humphries; secretary, B. Southam; financial secretary, Harry Harrison; treasurer, J. W. Hall; executive committee, William Sykes, Alfred Hayward, John Dobbs, James Terry, William Fleseey.

The club is in a good condition and expects to have a first class team for next season.

CHEATED

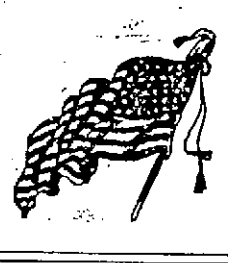

The merchant who pays for advertising and doesn't get it cries out that advertising doesn't pay. He is wrong. Advertising pays if you get it. If you pay for any commodity that is never delivered, you lose money on it, just the same as you lose on advertising that you pay for but never get.

When merchants learn to buy their advertising space in the newspapers as they buy their merchandise—by measure and weight—it will pay them. Buy space by the inch per thousand of circulation and see that you get what you pay for. Then you will never be cheated in advertising and it will pay you. The Sun will give you more advertising for your money than any other paper in Lowell.

LOWELL'S GREATEST NEWSPAPER

THE SUN DISTANCED ITS COMPETITORS AS USUAL.

The people of Lowell will probably appreciate the fact that The Sun was the only paper that presented the election returns by a stereopticon last night as fast as they were flashed over the wire from every part of the country in which an election was held. The result of the contest in the Fifth district was first told by The Sun and shown on canvas to a vast multitude of spectators. And so with the returns from New York, Pennsylvania, and other points outside the state. The results of the local election were also cast upon the canvas at the earliest possible moment, so that the people who watched the figures as given out from the Sun building had the first reliable news of the election. The Sun, as usual, distanced its competitors just as it does every day in matters of news. Its enterprise yesterday and last evening is but another proof that The Sun is Lowell's leading newspaper.

SIMPLER BALLOT NEEDED.

It must be noticeable to everybody who studies election returns and especially the number of blank ballots, that the form of the ballot in this state is very complex and confusing to the average voter. But a few years ago there was such a mix-up that thousands of republicans threw their votes away by getting the names of candidates mixed, and so it is in every election. A voter will by mistake or misapprehension cast his vote for somebody for whom he did not intend to vote and against somebody for whom he did intend to vote, while many candidates are not voted for at all solely on account of the complex form of the ballot.

In many states of the union, in fact, in the majority of the states, the ballot is much more simple than in Massachusetts. The principal form and the one which is considered the simplest has the candidates of each party in one column properly headed with a circle at the top on which one cross can be placed if the voter wishes to vote the entire ticket. Then beside the name of each candidate in that column is a square in which a cross can be placed for any particular candidate in case the whole of that ticket has not been voted. In this manner the names of the candidates of each party form a vertical column, and there is no difficulty whatever in voting for the entire ticket or for any part of it. It is time that some such form of ballot were adopted in Massachusetts, because the present form of the ballot is a serious obstruction in securing the full vote of the people. No candidate gets all the votes intended for him while some candidates benefit and some lose as a result. In order to secure fair play for everybody and to facilitate the expression of the voters' choice on the ballot, it is necessary that a different form, one more simple, such as suggested here should be adopted. Massachusetts claims to be ahead of other states in many things, but she is far behind in this particular matter, and it is one of much importance. The voters may be intelligent but even the most intelligent of them in some cases make mistakes on the ballot on account of its complexity.

THE MILLS IN POLITICS.

In yesterday's selection and in the manner of bringing people to the polls, it was plainly evident that the mills of this city were working hand in hand with the republican party, and consequently against the democratic party. Their work was done under the guise of courtesies extended to those accredited by the republican city committee, while the favors thus granted were refused to democratic operatives. The courtesies extended employes were facilities for leaving the factory at any moment and proceeding to the polling booth. Hundreds of voters were called for in this way by the republican city committee and conveyed to their respective precincts, while there were hundreds of democrats who from one kind of pressure or another were prevented from going to the polls. Men who held positions of importance, such as firemen, engineers, and others who could not leave their posts until substitutes were provided, found it very difficult to get out to vote, and many of them were actually prevented because they could not leave their work. If the democratic voters had taken The Sun's advice and voted before going to work, they would have avoided this difficulty and nobody could then baffle them in the exercise of the franchise.

The action of the mills in this respect is considered an outrageous interference with the freedom of the operatives to vote as they please. It is but another reason for opposing the corporations by every fair means when they show such a desire to dominate elections. They have always acted secretly in co-operation with the republican party, and they have never failed to work the legislature through the lobbyists whenever their interests were involved in any measure that came before either branch of the general court. The action of the corporations in yesterday's election will prejudice the people of Lowell against them more than ever so that in the long run the gentlemen who offered their services so freely to Chairman Poore of the republican city committee will have reason to regret their action.

MISTAKEN IDENTITY.

Daniel Kennedy of Lynn who was supposed to have been murdered in Deering, Me., and whose supposed remains were brought to Lynn and there interred with due ceremony, has returned to the bosom of his family after a trip to the west, probably to the Alaskan gold fields. Cases of mistaken identity of this tragic character are very frequent. That which occurred recently at Taunton when Mr. Perkins brought to the railroad station what he supposed to be the remains of his daughter but which proved to be the mutilated remains of Emma Gill who however, closely resembled Miss Perkins, was perhaps the most pitiful ever heard of in this district but the old man's sorrow was soon supplanted by joy on finding that his daughter was at home, alive and well. Such experiences are dangerous to those who are troubled with heart disease.

President McKinley is not the only patriot in the republican party. There are others such as Senator Hoar who differ widely with him in his policy on the Philippines. The democrats were denounced as trying to pull down the flag that Dewey raised at Manila until men like Senator Hoar come out and endorsed the democratic position on that question.

The mules that were drafted into the army service in Cuba stand the seige as well as could be expected, notwithstanding the fact that they had no medical treatment, as the veterinary surgeon of the army was in charge of the hospitals and the corps of surgeons. Alger's selection of a surgeon turned out to be most fortunate for the mules.

The time must come when this nation will have a merchant marine as well as a fleet. The building up of such a seafaring commercial force will be the first help to the business of this country.

SCARLET FEVER.

A teacher in the West Sixth street school reported to Supt. Whitcomb yesterday that she thought one of her pupils, a boy named Scott, residing on Albion street, had scarlet fever symptoms. The matter was next reported to the health authorities and an investigation followed, which proved that the teacher's fears were correct and the boy was promptly isolated in his home and placed under medical care.

The speaking tubes in the city hall are undergoing repairs, an expert electrician having charge of the work.

There has been much difficulty experienced with these tubes, owing to an echo which emanates from said tubes when any one is speaking, making the hearing difficult.

Many favor the speaking tube telephone system such as is now in use in the buildings of the city farm and which is giving great satisfaction.

The system, if adopted would give immediate and satisfactory service from the mayor's and the city messenger's office to each department and all the little obstacles now existing obviated. So said a city official to a Sun man about the city hall.

THE ARENA OF POLITICS

RAILWAY TYRANNY.

WHY DO THE PEOPLE SUBMIT, WITH A REMEDY AT HAND?

The Government Is Robbed by the Railway Ring, and We Are All Made to Pay It Tribute—The Superior Sense of the Australians.

Dr. O. F. Taylor, editor of The Medical World, published in Philadelphia, continues to make Our Monthly Talk department a power for good in the reform field. The following is taken from the November number:

The kindly light in the darkness guides the mariner on his way and warns him from dangerous rocks. Who placed the lights in dangerous places, and who maintains them every night through all the year, and every year? The government. And they serve every ship of whatever nationality that comes within their range. And the story is only begun. When fog gathers and becomes so dense that the lights cannot penetrate it, fog horns are blown and their dismal sound is the sweetest music to the sailor in danger of being dashed upon the rocks. As the ship approaches port, buoys, lighted buoys, bell buoys, whistling buoys, etc., guide safely to the wharf or place of anchor. But years ago the government removed specially dangerous rocks, deepened channels, etc., and every year one of the largest appropriations that congress makes is the river and harbor appropriation, for the improvement of rivers and harbors. These public duties in relation to transportation by water are recognized by every country. Look about your house, upon your dinner table, etc., and you will see to what extent articles from beyond the sea enter into our daily life.

What would a country be without public roads? Imagine a town or city without public streets!

Not many of the necessities and comforts of life are produced in your immediate vicinity.

Think over all these things, and then say if you think that transportation is properly a public question. Say if you think it is an important question. When you say yes to these propositions, reflect over the fact that the mud roads and here and there a graveled road belong to the public, upon which the horse, mule and ox may be used as motive forces, while the roads of iron and steel, with the puffing, swift and never tiring locomotive, are owned and operated by private companies for private profit. Distant communities are as interdependent upon one another as adjoining communities once were, and the railroads absolutely control this interdependence. Should such control, such an important public function, be intrusted to private corporations which exist only for profit? Most other countries have long ago discovered that private control of so important a public function is inimical to the public welfare. When will we make this discovery? How long after we have made the discovery will we proceed to act upon it? The abuses are many, as most of us know, but whose fault is it? It is natural for the owners of the railroads to work for their own interests. Why don't the people work for their own interests? Not bright enough? Don't know how? Too slow?

How long will we continue to pay the railroads from eight to ten times more per pound for hauling the United States mails than the express companies pay for having their packages hauled? How much longer will we pay a rental for the postal cars equal each year to the cost of the cars, and this in addition to the monstrously high price paid for hauling the mail, while the express companies pay no rental at all? The railroads like this sort of thing, and will continue it so long as we will permit it. Those who protest against this injustice the railroads regard as disturbers, dangerous agitators, "socialists, anarchists!" They like the present condition, and they want it to continue undisturbed. But, doctor, how do you like it? Would you like to have penny postage? You can't have it while such exorbitant rates are paid to the railroads. Would you like to have a cheap and convenient package post, at about one-third the rates we have to pay to the express companies? You can't have it while such an unreasonable rate is paid to the railroads. Don't you think it is worth while to see or communicate with your senators and congressmen upon this subject? The railroads "see" them with passes. Suppose you vote for a man that can't be "seen" in this way. Write about this in your local newspaper.

The railroads hold a controlling power over the price to be paid to the farmer for his produce and the price to be paid by the consumer. Usually the rates of transportation are high until the bulk of the crop is in the hands of speculators; then the rates go down. Just why this is done, "inquire within"; that is, on the inside of the ring, if you can penetrate the deep and dark secrets there. But to those who have given attention to this subject all is as transparent as daylight. The speculators either belong to the railroad ring or "stand in" with the railroad ring. Thus the members of our most useful producing class, the farmers, are drained. When the farmer is prosperous, we all are prosperous. When the railroads rob and drain the farmers, they rob and drain us. Read Mr. Cowles' "A General Freight and Passenger Post," and Mr. Lloyd's "Wealth Against Commonwealth" for astounding accounts of discrimination and other unfair means by which the railroads contribute to the ruination of many small business concerns and build up trusts and monopolies. According to the common law, common carriers should serve the public with rigid impartiality. Rates should be constant and uniform. But instead freight rates are subject to change at any moment, and sometimes actually do change as often as several times a day, and though the law now says that rates must be uniform to all, the law is successfully evaded by rebates, false entries, etc.

Almost without exception, railroads in this country have been capitalized at from double to quadruple their actual cost. These fraudulent issues of stock and bonds have been sold to investors (who should have looked carefully into the facts before investing), and the effort is to make the railroads pay dividends or interest on this fraudulent capital. Reduce the capitalization to the actual cost and great reductions in rates could be easily afforded.

In this connection the following from the Indianapolis News may be of interest:

"Australia is a strange country and many strange things have come out of it and many good things also. The people there are, like ourselves, trying experiments in government; some of their experiments have turned out most happily; note the Australian ballot system and the Torrens land law. But anything in the way of progressive government that Australia has done in the past is likely to be overshadowed by a novel proposition that is at present being seriously discussed. In Australia the government owns the railroads, and they have been a paying branch to the government. It is proposed now to make a uniform charge on the railways for both freight and passengers, irrespective of distance. The advocates of the proposition want the railways to carry a passenger one journey as far as he wants to go for one shilling, and to haul freight from any point in the interior to the seaport for the uniform rate of five shillings a ton. That the proposal is not so crazy as it would seem at first sight may be seen when it is known that, besides owning the railways, the government owns the most of the land in the interior, which it rents out to woolgrowers. The rental of these lands is very low, owing largely to the long and expensive carriage to the market for wool and mutton, and it is said by the advocates of the uniform railway rate that the lessees of the government lands would gladly pay more rent if the proposed reduction in freight were made. Estimates have been prepared showing that the enhanced revenue from the government lands would more than compensate for the deficiency in operating the government railways. It is also pointed out that the low railway rates would have a happy effect in settling the interior of the country. Finally, the advocates of the scheme argue that, as the railways are built with public money, and as the enhanced rental of the public lands will pay interest on the public debt and at the same time create a sinking fund that will in time wipe it out, there can be no objection to the rather startling innovation they wish to introduce."

Will Silver Be Dropped?

The cat is out of the bag. What many observant people have noticed is naturally taking place. The silver issue is being gradually dropped, and that by the most radical and influential Democrats at headquarters. The slogan in 1900 will be, "Down with the trusts!" The Washington correspondent of the Kansas City World, Mr. R. H. Hazard, telegraphs his paper a long story, which contains the following among other things: "From the Democratic national committee headquarters here the tip has been quietly given out, 'Drop silver,' and it will be dropped accordingly." It is pointed out that the Democrats in the big eastern states are repudiating the white metal and that other states will follow. "Even as conservative a leader as Samuel Gompers of the Federation of Labor," writes Mr. Hazard, "a man who seldom speaks on party questions, said to me yesterday: 'The laboring men of the country are sick of the silver cry. They are ready, though, to take up the fight against trusts. If the Democrats will make that their issue in the next general election, they will get the bulk of the labor vote.'" "It is concluded that the agitation against trusts, the showing up of the ill treatment of soldiers and the killing of miners by soulless corporations will force silver to the rear.—Cleveland Citizen.

That's Different.

Nebraska failed to cast its electoral vote for Major McKinley, but there will be nothing in connection with the great assemblage at Omaha this week to indicate that the state will ever again be guilty of such a dereliction of duty.—Globe-Democrat.

The president's reception was nonpartisan. The reformers of Nebraska are gentlemen and ladies, and when the president visits them they give him a cordial welcome and forget all about his disgraceful politics and still more disgraceful policy. The members of the reform party of Omaha cannot yet speak above a whisper as a result of their exceeding politeness and cordiality. We will always cheer the president of the United States, but if he were a candidate for re-election today he would be buried under by 50,000 or more majority in the state of Nebraska.—Omaha Nonconformist.

The G. O. P. and Pensions.

It is claimed with a good deal of gusto by the pseudo prosperity papers that the g. o. p. is entitled to all the credit for the pension laws. Yes, your party made it possible for the retired army officers to draw princely salaries of from one hundred to several hundred dollars per month, while the poor and deserving soldier privates, who slept on the ground are grudgingly given the beggarly and miserable pittance of $4 to $12 per month.—Courtland (Neb.) Herald.

Prussian Railways.

The net receipts of the Prussian railways in 1897 were 503,899,060 marks against 460,468,669 marks in 1896. The profits were 7.15 per cent in 1897 against 6.35 per cent in 1896. The receipts exceeded the estimates by 63,761,260 marks, or 14.40 per cent.

THREE DEMOCRATS

The N. E. Delegation to Next Congress.

GOV. ROGER WOLCOTT, Re-elected.

Naphen Elected in the Tenth—Fitzgerald in the Ninth—Thayer in the Third District.

Boston, Nov. 9.—The vote of the state is nearly complete, and gives Governor Wolcott (Rep.) a plurality over A. H. Bruce (Dem.) of 78,117. The Democratic vote in 311 cities and towns out of 352 was 103,700, which was somewhat larger than the total vote of Williams in 1896, and 24,000 ahead of his vote of last year. Governor Wolcott's vote is 60,000 behind that of 1896 and 16,000 ahead of the vote of 1897. The congressional delegation will stand 10 Republicans and three Democrats, a gain of two by the latter, while the legislature will stand practically the same as last year, and will re-elect Lodge as senator.

The returns from the congressional districts were much slower in coming in than those for governor. There were many surprises, and the losses by the Republicans showed the result of vigorous work by the Democrats in nearly every district. While all but one of the Republicans were up for re-election, each had his majority of 1896 materially reduced, while Barrows, in the Tenth and Walker in the Third district were defeated. In nearly every case the Republican vote fell off greatly from that of 1896, although many of the candidates ran on nearly even terms with the vote for governor. While Lawrence, in the First district, ran fairly well, Gillette, in the Second, was badly cut, and his opponent gained over the vote of 1896.

Knox, in the Fifth, until the small towns came to his rescue, fared very badly and at one time it appeared as if he had been defeated.

The Republicans also hoped to carry the Ninth district with the aid of the Independent Democratic candidate, but here again they were disappointed, while in the Seventh, where Barrett had a wide margin in 1896, the warm fight of Mayor Ramsdell made great inroads into the Republican ranks, although he was treated to a surprise in his own city, which he lost by over 500 votes.

The Republican vote in the Eleventh district fell off, while the Democratic candidate, Baker, gained considerably. The vote in the Fourth district also fell off, but both sides suffered nearly equally.

In the Twelfth district Brady ran ahead of the Democratic vote of 1896; Lovering went behind his own of that year.

Greene, in the Thirteenth, ran well, while his opponent lost ground.

While Governor Wolcott was re-elected by an increased plurality over last year, the Democrats made surprising gains in nearly every congressional district, and not only succeeded in increasing its representation from one to three, but defeated Joseph H. Walker of Worcester, supposed to have been one of the strongest opponents in the whole state. The election of John R. Thayer in Walker's district, the Third, was as much a surprise to the Democrats as to the Republicans, and proved to be the sensation of the whole campaign.

THE GRANITE STATE.

Concord, N. H., Nov. 9.—The returns at hand for New Hampshire show that the Republicans have a lead indicating at least 7000 for their candidate for governor, and half that for each congressional district.

Senator Jacob H. Gallinger, chairman of the Republican state committee, issued this statement: The indications at midnight show the election of Rollins for governor by from 5000 to 10,000 majority, and that the Republicans will have from 18 to 20 of the 24 state senators, and nearly the same majority in the house as two years ago. Both Republican congressmen are elected. No returns have been received from councillor districts, but, basing the councillor vote on that for governor, I should say that all five Republican councillors are elected. It is possible that the state senate may stand the same as two years ago—21 Republicans and 3 Democrats.

The Republicans gain a senator in the Twenty-fourth district, where Yeaton is elected over Norris, and there are no present indications that we have lost more than one senator.

The following statement was made by F. W. Rollins, Republican candidate for governor: "I estimate that I am elected by from 7000 to 10,000 plurality, and that the general ticket throughout the state has been elected by a handsome margin. The house will be very strongly Republican, and the senate overwhelmingly so."

Senator Chandler: "There is a sweeping Republican victory in New Hampshire for governor, both congressmen, and the legislature; carried by popular majorities about one-half of those of 1896, when he had the greatest gain made in any two congressional districts in the Union. The Republicans of the state have had special troubles to overcome, but the complete result shows that the state approves the war with Spain, and the conduct of President McKinley in its prosecution."

AS ANTICIPATED.

New Haven, Nov. 9.—Connecticut's election resulted exactly as forecasted, and complete returns from all of the 168 towns in the state show a substantial Republican victory, in which the state ticket, headed by George C. Lounsbury of Ridgefield, for governor, received majorities of about 16,000; four Republican congressmen, all present incumbents, were returned; a general assembly, Republican, with a joint ballot vote of 217 against 79 Democrats elected, and Republican sheriffs in all of the eight counties chosen.

Comparison of the gubernatorial vote of this year with that of 1896 show that the Republican majorities of 50,000 in the presidential year were greatly reduced. In the congressional districts, three Republicans were returned with ease, while in the Second district, which had been considered doubtful, Mr. Sperry (Rep.), contrary to predictions, won over James H. Webb, his rival, by nearly 3000.

The day passed quietly and with no disorder at the polls or elsewhere. Remarkably fine weather brought a vote which was vastly larger than the leaders had expected.

RHODE ISLAND RETURNS.

Providence, Nov. 9.—The voting was light throughout the state, as the election of both Republican candidates for congress was a foregone conclusion. The revised constitution has probably been rejected. The country districts voted heavily against it, and unless the vote in the cities proves larger than expected it will not be approved.

PROBABLY THE TERESA.

Washington, Nov. 9.—A message received at the navy department from Captain Crowinshield, chief of the navigation bureau, who is in New York, called attention to the report that the Spanish cruiser Maria Teresa had been seen off Cat Island. The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan, now at Norfolk, be sent at once to make search for the derelict. The telegram was sent to the commandant of the Norfolk navy yard directing him to place the Vulcan in command of Captain McCalla, and send her with all dispatch to look for the Teresa. A similar order was cabled to Captain Converse at Guantanamo, directing him to send the big wrecking tug Potomac from that place northward on the same quest. She goes in charge of Commander J. E. Craven.

It is the belief of naval constructors that the Teresa took water aboard almost altogether through the decks, and not through the hull as would appear from the first accounts of the loss of the ship. These decks were rude temporary constructions and were entirely unsuitable for rough weather. The fact that the reports indicate that the ship settled by the head and that water ran into the coal bunkers and thence into the fire rooms goes to bear out the constructors' theory.

The Vulcan was one of the vessels which was towing the Teresa when she was supposed to have foundered.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department if the vessel did not founder outright within a very few hours after having been cut adrift she would almost certainly have fetched upon the shoal bench off Cat Island, for the wind and tide set directly on that beach. If so, the location is much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered with rocks and the wreckers worked at great disadvantage.

BURGLARS WORKED UNMOLESTED.

Ware, Mass., Nov. 9.—Burglars worked in the store of E. H. Howe at Enfield yesterday morning, wrecking the safe and securing watches and money to the amount of $260. The postoffice funds were left intact. The family living over the store were thrown from their beds by the force of the explosion, but no one dared to molest the burglars, who later cracked the safe in the store of Jared Gould, securing a considerable amount of cash.

AFTER FOREIGN CONCERNS.

Cincinnati, Nov. 9.—The grand jury sitting in Covington, Ky., yesterday returned indictments against 53 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

CLEANING HAVANA'S STREETS.

Havana, Nov. 9.—Street cleaning in this city has been undertaken on new lines by Acting Mayor Argulo. The principal feature of the new plan is utilizing the fire department as a street cleaning brigade. The main streets of the city are to be flooded by hose attached to the hydrants at the street corners and they are then to be cleaned down by the firemen.

MANSLAUGHTER CHARGED.

London, Nov. 9.—The coroner's jury which has been investigating the death Oct. 19 last of Harold Frederic, the correspondent of the New York Times, rendered a verdict of manslaughter against Kate Lyon, a member of the late Mr. Frederic's household, and Mrs. Mills, a Christian scientist.

END OF CAMP MERRIAM.

San Francisco, Nov. 9.—The United States transport Newport, bearing General Miller and staff and first battalion, Twentieth Kansas regiment and the Wyoming light battery, sailed last evening for the Philippines. This expedition is the last ordered to the Philippines, and Camp Merriam in this city is now a thing of the past, the only troops left here being those of the California department.

POLICE BOARD.

At a meeting of the board of police, Tuesday night, the license of James Mitchell as private detective was revoked.

Heman G. Stacey was appointed a special policeman for Gushing street and vicinity.

The common victualler's license of Allison Moore, at 140 Market street, was revoked.

Leave to withdraw was granted Louis Rives, a job wagon license at 256 Market street.

Allison Moore was granted a common victualler's license at 23 Kirk street and one to Charles C. Green at 52 Thorndike street, and a job wagon license was granted Ed. Judge at 20 Ludlam street.

Isaac Harris, a job teamster, was ordered to appear before the board on Tuesday evening of next week to answer charges against him.

MONTHLY SOCIAL.

The Independent circle held their usual monthly social at the residence of Mrs. William Brown, 92 Grand street last night. There was an excellent supper followed by music both vocal and instrumental. A quartette whose members were Mrs. E. G. Russell, soprano, Mrs. Barnes, alto, Reuben Brisett, tenor, Charles Dorr, bass, gave a number of selections and Arthur Barr, piano, Frank Harrington, cornet, Bennett, clarionet, George T[illegible] cymbals, etc., pleased those present well as outside who listened to music. Mr. James Beedo gave harmonica solos, accompanied on piano by Mrs. E. G. Russell.

CRICKET CLUB ELECTS.

The Plush Mill Cricket club held its first annual meeting Monday night and elected officers for the ensuing year as follows: President, John H. Mill[illegible], president, F. G. Humphries; secretary, B. Southam; financial secretary, Harrison; treasurer, J. W. Hay[illegible]; committee, William Sykes, Alfred [illegible]yard, John Dobbs, James Terry, William Flescey.

The club is in a good condition and expects to have a first class team next season.

NIGHT EDITION

SIX O'CLOCK

LOWELL RETURNS

Knox Carried the City by a Small Majority.

Ramsay and Dobbins go Down in Defeat—Flynn and Marcellus Fletcher Lead the Ticket—Other Returns.

Soon after the polls closed, The Sun had its stereopticon ready to cast the returns on canvas in front of the building so that the multitude anxiously awaiting the results on Merrimack square could get them at the earliest possible moment.

A crowd numbering about ten thousand filled the square and almost blocked travel until the more important returns had been cast on the canvas.

As Flynn's gains were put out, the crowd cheered and cheered itself hoarse. The democratic gains in the 26th district were also greeted with cheers and so were the announcement of every sign of democratic gain. It was mainly a democratic crowd which could not be aroused to enthusiasm by the antics of the rube Courier man with a megaphone.

The early returns which came over The Sun wire were of course incomplete but they were the first indications of the final result. They are in part given below:

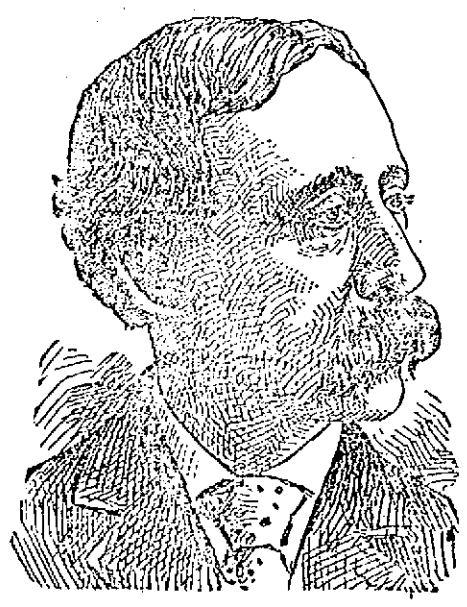

The announcement that Roosevelt was elected in New York was a great damper on democratic ardor and afterwards came the news that Fitzgerald was elected in the ninth, Naphen in the tenth and Thayer in the third defeating Congressman Walker.

But the news of Senator Flynn's defeat was all the more regretted considering that he made such an excellent run. Ramsdell also went down in defeat at Lynn after one of the most gallant fights ever made in any district.

The local election had many surprises for the republicans and considerable comfort for the democrats. Ramsay went down in defeat before Lieut. Quigley, as did Dobbins before Mansfield, while John T. Sparks of Dracut is elected by a small margin. Marcellus Fletcher made a most phenomenal run, his oponent beating him by but a single vote in the entire city. Ramsay's defeat has caused rejoicing at Chelmsford and nearly everywhere Lieut. Quigley is greeted as the representative of the whole people, for all combined in electing him. The local and suburban returns follow with such outside contests as are of most interest to the people of Lowell.

POLICE COURT

Charles J. McKenna and Charles McGillicam were only charged with drunkenness this morning, but it is posible that when they reappear Nov. 11, to whence they were continued, they will answer another complaint, as when arrested by Lieut. Webster and Officer Cawley yesterday, the men had in their possession kits of carpenters tools which the police believe were stolen from some residence.

All because of a custom of the Syrians for the members of a household to arise if in a sitting position on the arrival of a visitor, Kekal Tecklas was arrested on a complaint of a countrywoman for threatening. It appears that Tecklas and the complainant bear each other no love, at least the latter does not care to cultivate any further acquaintance with Tecklas. A few nights ago Tecklas visited the boarding house of the plaintiff, and in accordance with the unwritten law, every one arose with the exception of the complainant. This evidently angered Tecklas, and according to the testimony, he rushed at the woman and clutching her by the bosom he attempted to throw her to the ground, but was interrupted in his attempt by three friends of the complainant.

John H. Clark, alleged larceny, was again continued to Nov. 20.

Thomas Maynard was found guilty of threatening his wife and was held in $100 to keep the peace for six months.

WILLIAM O'LOUGHLIN

INJURED AT LOWELL BLEACHERY.

William O'Loughlin, aged 16 years, residing at 19 Kinsman street and employed in the Lowell Bleachery, had his arm caught in machinery at 11.35 o'clock this forenoon and was removed to St. John's hospital in the ambulance. It was feared that his arm would have to be amputated but an examination by the hospital surgeon proved that no bones were broken. The unfortunate lad is a son of Patrick O'Loughlin, a well known employe of the Lowell Gas company.

CONG. KNOX.

TAKES HISRE-ELECTION TO MEAN AN INDORSEMENT OF McKINLEY.

Lawrence, Nov. 8—Congressman Knox said tonight that he felt grateful to the voters of the district. He thought that his re-election was an indorsement of President McKinley's administration. He said that he thought the republicans would have lost the district had the voters not admired President McKinley's patriotic stand and that they wished to sustain him.

BODY FOUND.

By Associated Press to The Sun.

Vineyard Haven, Mass., Nov. 9.—G. P. Wilcox of Pasque Island discovered the body of a man washed ashore on that island early this morning. Mr. Wilcox is of the opinion that it is the body of Mark Watson of New Bedford who in company with two others was recently drowned while making the trip from New Bedford to Hens and Chickens' lightship.

SECRETARY KERR

Shows That Democrats Control the House.

HE FIGURES 192 MEMBERS ELECTED.

The Figures Given are All Right.

By Associated Press to The Sun.

Washington, Nov. 9.—At the headquarters of the democratic congressional committee, the utmost confidence was expressed that the democrats had carried the house of representatives. Secretary Kerr said:

"I am prepared to increase the figures I gave you three hours ago. We have elected 192 members of the next house. This, to my mind, is beyond doubt. We have taken nothing for granted but are figuring on absolute advices. Here is a statement of the members we have elected from various states:

"Alabama, 9; Arkansas, 6; California, 3; Colorado, 2; Florida, 2; Georgia, 11; Idaho, 1; Illinois, 11; Indiana, 6; Iowa, 1; Kansas, 4; Kentucky, 10; Louisiana, 6; Maryland 2; Massachusetts, 3; Michigan, 3; Minnesota, 1; Mississippi, 7; Missouri, 14; Montana, 1; Nebraska, 3; Nevada, 1; New Jersey, 3; New York, 16; North Carolina, 8; Ohio, 5; Pennsylvania, 8; South Carolina, 7; South Dacia, 2; Tennessee, 8; Texas, 12; Virginia, 10; Utah, 1; Washington, 2; West Virginia, 1; Wisconsin, 1; and Wyoming, 1. This makes a total of 192, and I am perfectly satisfied that there will be little variation from these figures."

FUNERALS.

PROCTOR—The funeral of George W. Proctor will take place from his late residence in Chelmsford Centre Thursday afternoon at 2 o'clock.

FORD—The remains of David S. Ford arrived in Lowell this afternoon from Danforth, Me., where he died Oct. 24, and the interment took place in the Edson cemetery.

JOHNSON—Sad and impressive services were held this afternoon in the Edson cemetery over the remains of Charles S. Johnson, aged 27 years, who died in Worcester. Rev. Smith T. Ford performed the Baptist rites of the dead and a large gathering of the friends of deceased were present. The funeral took place at three o'clock from the residence of Mrs. Johnson, 13 Lagrange court and the cortege consisted of friends and relatives and a delegation from Court General Shields, F. of A., of which deceased was a leading member. The bearers were George Welch, John Riley, Harry Saunders, Thomas Rourke, Walter Coughlin, and Mr. Doherty. P. H. Savage had charge of the funeral arrangements. Among the floral tokens of esteem received were: Mammoth pillow from the widow of deceased; spray of chrysanthemums, Bashaw family; spray of pinks and roses, Ambrose family; spray of pinks, Mason family; mammoth anchor on mound inscribed "Friend" Harry Saunders.

CRUISER BUFFALO.

By Associated Press to The Sun.

Newport, R. I., Nov. 9.—Cruiser Buffalo, Commander J. N. Hemphill, which left New York a few days ago for Manila, put in here during the night to await orders. She had on board a considerable number of men, about 750 for the ships of Admiral Dewey's fleet but a number deserted before the vessel left New York. It is not known yet whether the Buffalo will proceed to the Pacific by way of the Suez canal or around Cape Horn.

SUPT. WHITCOMB

LECTURES TO THE TEACHERS OF BROCKTON.

A very interesting and instructive address was given before the Brockton teachers' association Monday afternoon by Supt. A. K. Whitcomb of the public schools of Lowell. He spoke concerning physical defects in children and some means of finding them out.

Mr. Whitcomb spoke of the great number of children who have defective eyesight. Many of them have never known that they did not see as other children and their parents are often ignorant of any defect in vision which their children have. Those who have had anything to do with making an examination of the children in the public schools however, are aware of so many defects that it seems astounding when one first knows of it. Mr. Whitcomb said he was told that there was not time in dealing with public schools to give attention to individuals. In answer to that, Mr. Whitcomb said that when last heard from the Almighty was giving His attention to individuals.

Mr. Whitcomb said that the schools are mainly responsible for the defective vision with which so many children are cursed. He said a professor in Yale college raised the question in all seriousness whether education is worth what it costs in the matter of eyes. Mr. Whitcomb said that he had a little daughter who teased to be allowed to attend school when a little over five years old. She was allowed to go. She has led her class many times, but defective eyesight is the price she has had to pay for having attended school so young. Mr. Whitcomb said he would to God that his daughter could neither read nor write rather than she should have such defective eyesight as she now has.

Mr. Whitcomb believed that a large amount of blackboard work in the schools is dangerous. He believed that the children's eyes were worth more than their lessons and the teachers should act accordingly. He said a pound of education was not worth an ounce of health.

Defective hearing, he said, is not caused so much by school life. It is also noticed by teachers that defective eyesight is prevalent among children, but the tests have shown that there are a much larger number of children with defective hearing than anyone believes until tests are made. He said that the teachers were at fault if the scholars did not understand them. The teachers should know the defects which the children have and should take them into consideration in their work of instruction.

THE WEATHER.

By Associated Press to The Sun.

Boston, Nov. 9.—Forecast for Boston and vicinity: Colder tonight; Thursday threatening, probably with rain; northto northeast winds.

SCUDDER ELECTED.

By Associated Press to The Sun.

New York, Nov. 9.—Townsend Scudder, democrat, is elected to congress in the first district over Belford, republican.

COLLINSVILLE.

The now famous Tigers of Collinsville are very anxious to get a game with the Tremonts of Lowell or any other team in the vicinity whose weight on an average is 120 pounds. Jack Brennan has been elected manager by acclamation and will receive any answers to the challenge hereby given. Address J. Brennan, Collinsville, Mass., P. O. Box 10.

The concert and ball recently held by the Jolly Eight club at the Willow Dale pavilion last week out-distanced all the similar events held by this popular organization, in a financial way; and the sociability of the affair was a grand success, also. A large delegation of Lowell young folks attended, and the Cadet orchestra of Lowell furnished the music. For several years past the Jolly Eight social parties have been looked forward to by all the young people of the town.

The next party to be held will probably take place in a few weeks at the club rooms.

Mr. and Mrs. Jas. Bradley of Wilder street are entertaining a visitor. It's a boy.

BIG ODDS GIVEN

On Corbett as Against Fugilist Sharkey.

THE FIRST WAGER OF $1000 TO $700.

The Prominent Sports Interested in the Fight.

New York, Nov. 8.—As the date for the big heavyweight contest between Corbett and Sharkey, draws near, interest in sporting circles over the match increases daily. Many small bets have been made at even money, but Corbett is a slight favorite, according to the heavy betters. The largest bet made so far is $1,000 to $700. Geo. Considine made the wager with Bookmaker O'Neil, who took the short end. W. H. Brady, when informed that Considine had $1,000 on Corbett, asked for $250 of the $1000. It is probable that after today, when the election wagers are decided, the Corbett-Sharkey mill will be the betting event of the season.

Tom Sharkey continues to jog along with his routine schedule in preparing himself for his match with Corbett. He says he is well down to his fighting weight and is in perfect condition for his encounter. He rises at 7 o'clock and takes a spin on his wheel. He is back in time for breakfast, and then rests until 10 o'clock. After that comes a two-hour tramp along the shore roads about Fort Hamilton. He is back to his quarters at 12 o'clock and after cooling off, he is well rubbed down.

At 2.30 Sharkey starts in on his afternoon work. He uses the old Bay Ridge clubhouse on Second avenue and Fifty-fifth street for his indoor exercise. First on his schedule is boxing, and he puts in about half an hour of continuous sparring with Armstrong and his trainers in turn. Then he takes a whirl at the punching bag and he is an artist at the leather ball. He passes from the bag to a wrestling bout and keeps this up until his opponent is exhausted and can no longer stand the gaff. His attention is then turned to the wrist machine and other pulling devices and this is followed by a brisk rub down and his real hard work ends.

Tom fills in the balance of the day with bicycling, sprinting and strolling along the roads. Sharkey now weighs about 175 pounds stripped and while his face gives evidence of hard, persistent work, his frame does not appear fine drawn in the slightest.

The twenty-five round contest between George Dixon and Dave Sullivan which is scheduled to take place at the Lenox club on Friday night, is the most important fight at the weight decided in this vicinity for a long time. They are both fighters of exceptional ability who never lose a moment's time from the sound of the gong, and sports are sure to see an interesting contest with these boys as principals. The bout in itself means much to both men. Should Sullivan defeat Dixon, it will prove that he is the natural opponent to face Ben Jordan. If Dixon is successful and he believes he will be, for he is in the most superb condition for this contest, he will be entitled to a return match when the latter comes to this country next month.

The betting men are divided as to their chance and although much money has been wagered it has all been at even money. The preliminary on the same evening will introduce Walter Burgo of Boston and Bob Gormully of Harlem at ten rounds.

Tim Callahan, the clever Philadelphian bantam, and Teddy McGovern have been matched to fight twenty rounds at the Greenwood club on November 19. Callahan was too ill to fill his engagement with Rice on Saturday night, but says there will be no disappointment when he meets McGovern. Both boys are pretty evenly matched and as a victory means much to either man there will be some hot fighting when they come together. McGovern was matched to fight Jimmy Barry at Coney Island on the 14th, but the Greater New York club did not come to terms and the match fell through. The Greenwood club has made an offer for the contest, but McGovern decided to take on Callahan first. The winner of the Callahan-McGovern fight will meet Barry.

Johnny Gorman and Young Diamond have been matched to go ten rounds as a preliminary to the twenty-round bout between Larry Becker and Geo. McFadden at the Excelsior boat club of Paterson on December 5.

BOSTON'S DRY DOCK.

SECRETARY OF THE NAVY LONG MAKES PUBLIC ITS PRINCIPAL.

The big dry dock which the government is about to build at the Boston navy yard will be a type of all the other granite docks to be built by the government at other navy yards. Secretary Long has published the following particulars of the features of the dock for the guidance of bidders:

The dock will be of the following dimensions: Length, 750 feet; width on the floor, 80 feet; width at top, 114 feet; width at entrance, 95 feet; depth to floor, 40 feet; draught of water on the sill, 30 feet.

The dry dock will be located parallel with the present granite dry dock and distant about 300 feet. It will be constructed of granite or concrete faced with granite. If built entirely of granite there will be used in its construction about 576,000 cubic feet of rubble masonry. If the dock is built of concrete, faced with granite, there will be about 250,000 cubic feet of cut granite and about 1,710,000 cubic feet of concrete.

The caisson will be steel gate in the form of a vessel 95 feet long, about 36 feet deep and about 25 feet beam.

The pumping plant will consist of 3 centrifugal pumps, about 45 inches in diameter driven electrically. The pumps will be submerged to the level of the dock floor and driven by the engines and motors from the power room above, through the intervention of vertical shafts. No boiler plant will be installed within the dock, as the power will be generated at the central electrical plant of the yard.

The dock contract will be let in one sum for the entire line of work, complete and in working order, including all incidental work and accessories necessary for the construction and completion of the dock and the cofferdam. When the work is advertised it will be for a dock constructed upon full plans and specifications prepared by the bureau of yards and docks and 60 days will be allowed bidders for the preparation of their offers for the work.

The materials entering into the construction of the dock must be of the best quality of their respective kinds. Preference will be given to no particular locality, and in the case of stone to no particular quarry, and any materials which are of the best quality and meet the standards laid down in the specifications will be accepted for the work.

Bids will be asked for a dock built entirely of granite, and also for one built of concrete, faced with granite.

The work will be publicly advertised in a few weeks.

TAKING RETURNS.

The usual crowd assembled at city hall last evening to gather the returns as they came in to the city clerk's office. The first return, that of precinct 1 of ward nine came in first at 6.15 o'clock and precinct 2 of the same ward came in half an hour later. Then after a pause of half an hour, the others began to come in and they came with a rush, the last getting in about 10.30 or thereabouts. The reporters occupied a room adjacent to the state aid office and the returns were read to them by Registrar of Voters John Farley. It was the registrars, by the way, who first discovered that John T. Sparks was a winner and they stuck to their contention despite the claims of republicans and republican papers. There was no excitement at city hall.

EMPIRE STATE

Elected Roosevelt for Chief Executive.

COL. ROOSEVEL, Elected Governor of New York State.

The Assembly Also Republican—Stone Elected in Pennsylvania—Results in Other States—Democratic House in Congress.

Forty-two states held elections yesterday. Three states, Maine, Vermont and Oregon, have already held their elections.

In 16 of the 42 states, Alabama, Arkansas, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Rhode Island and Virginia, only congressmen were voted for.

Twenty-three states, West Virginia, California, Connecticut, Delaware, Florida, Indiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, New York, North Dakota, Pennsylvania, Tennessee, Texas, Utah, Washington, Wyoming and Wisconsin, each elected a legislature that will choose a United States senator.

The following states elected governors: California, Colorado, Connecticut, Idaho, Indiana, Kansas, Michigan, Minnesota, Nebraska, New Jersey, New York, Nevada, New Hampshire, Massachusetts, North Dakota, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin and Wyoming.

Official returns from all over the country indicate that 85 Republicans and 103 Democrats have certainly been elected to seats in the national house of representatives. The same districts two years ago returned to the lower house of congress 105 Republicans and 89 Democrats. Based solely upon the estimates in these districts, a Republican loss of 20 and a Democratic gain of 21 is indicated. These estimates concede to the Democrats all of the congressional districts in Greater New York except one, the Fifteenth. Following is the probable Fifty-sixth congress:

State.	Dem.	Rep.	Pop.
Alabama	9	1	..
Arkansas	6	..	..
California	2	3	2
Colorado	1	1	..
Connecticut	..	4	..
Delaware	..	1	..
Florida	2	..	..
Georgia	11	..	..

Totals	169	173	15

ABOUT TWENTY THOUSAND.

New York, Nov. 9.—The indications are that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote, when received, will probably show a falling off as compared with that for Governor Black in 1896, of about 14 per cent. In the municipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. This latter result was helped in some measure by the result in the borough of Brooklyn (Kings county), which in 1896 gave Black a plurality of 23,634, but yesterday gave a Democratic plurality of about 16,850. Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the practical reversal of pluralities, which, it is possible, is attributable to the lukewarmness of the friends of Jacob Worth, who was deposed from the chairmanship of the county committee as a consequence of his opposition to the plans of Senator Platt in the mayoralty contest last year.

The returns from many counties up the state are incomplete. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above the Bronx river of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York.

The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the plurality for Roosevelt will be increased.

The figures on congressman are not accessible yet, but there are indications that the Democrats have made some gains in New York city districts. The majority of Congressman Quigg in the Fourteenth district was wiped out and William Astor Chanler was elected.

Little is known as to the votes for state senators and assemblymen. The Republicans had in the last legislature a majority of 28 on joint ballot, and leaders of the party profess confidence that there will be no material diminution of that majority. A Republican legislature will mean the election of a Republican to the United States senate in place of Senator Murphy.

Every condition was favorable to the polling of a full vote in all parts of the state. In this city there was no fulfillment of predictions of trouble at the polls. The state deputies authorized by act of the last legislature were most in evidence in the East Side districts, where the cheap lodging houses are located. The number of arrests made was below the usual record of a general election, and in many cases the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order.

Enough returns from assembly districts have been received to show the probable election of 80 Republicans and 61 Democrats, with nine districts doubtful or not heard from. Conceding all the latter to the Democrats the Republicans will still have a majority of 10 in the assembly and 14 on joint ballot. This computation, if borne out by official returns,

AUGUSTUS VAN WYCK.

will mean the election of a Republican to the United States senate in place of Edward Murphy, Jr. (Dem).

The state senate will probably stand 27 Republicans and 23 Democrats. The last senate contained 35 Republicans, 14 Democrats and 1 independent.

NEW JERSEY REPUBLICAN.

Trenton, Nov. 9.—New Jersey has been carried by the Republicans, and Foster M. Voorhees, the Republican candidate, is elected governor by about 12,000 majority. Essex county, which was concededly the fighting ground of both sides, has gone Republican by about 7000, and both houses of the legislature will be Republican. This will insure the election of a Republican to succeed James Smith, Jr., (Dem.) in the United States senate. Ex-Congressman John Kean is conceded to be the choice of the Republicans as Senator Smith's successor. The Democrats have elected two of the eight congressmen. Salmon in the Fourth district and Daly in the Seventh.

Only one state senator has been elected by the Democrats. This will make the senate stand 14 Republicans to 7 Democrats. The assembly will probably stand 60 Republicans and 20 Democrats. This is allowing to the Republicans the two from Middlesex county, which is very close.

STONE IN PENNSYLVANIA.

Philadelphia, Nov. 9.—Because of the large ticket and the extensive cutting by independent voters, the returns from Philadelphia and Pennsylvania are slower than usual. Enough is known, however, to indicate that William A. Stone (Rep.) is elected governor by a large majority. The vote of Dr. Swallow in the state will probably be under that of last year, when he received 116,569 for state treasurer. Philadelphia is the Swallow stronghold, however, and a large vote here may increase his total beyond last year's figures. The vote on the legislature ticket in the counties where the opponents of Senator Quay have fused with the Democrats is very close. The returns so far indicate that 25 Republicans and three Democratic congressmen have been elected.

UNDECIDED AS YET.

St. Paul, Nov. 9.—Both parties are claiming the result on the state ticket. On the legislature the Democrats have all along conceded the victory to the Republicans. Returns on congressmen are insufficient to decide, although it is probable the Republicans have at least four delegates, probably more. Apparently the result will be decided by the country, as the two cities are about a standoff.

St. Paul, Nov. 9.—The Democratic state committee claims the election of Lind for governor, but will give no figures. The Globe-Democrat claims that he is elected by 10,000. The Republicans simply say that the result is still in doubt; that the returns are too meagre to decide the result. They also claim all the congressmen, although the Democrats are positive they have the Seventh district and possibly two others.

PINGREE RE-ELECTED.

Detroit, Nov. 9.—Chairman Campau of the Democratic state committee concedes the re-election of Governor Pingree by a plurality of perhaps 50,000. Chairman Nash of the Republican state committee says: "The official count will give Governor Pingree a plurality of 100,000, a gain of over 16,000 over his plurality received in the presidential election. The legislature will be strongly Republican. As to whether it will be Pingree Republican I cannot as yet say." All the Michigan Republican congressional candidates appear to be elected, although the Democrats still have hopes of carrying the Second district and do not concede the Third, Eighth and Tenth.

The Democratic committee claim that one-third of the members of the legislature will be Democrats.

SURELY REPUBLICAN.

Milwaukee, Nov. 9.—Enough returns have been received to insure the election of the entire Republican state ticket by at least 20,000 plurality and a legislature overwhelmingly Republican.

NOT YET SETTLED.

Indianapolis, Nov. 9.—Chairman Martin of the Democratic state committee says the returns are not as yet sufficiently complete to determine as to the state. The Republicans have probably elected congressmen in the Sixth, Eighth, Tenth, Eleventh and First districts, though the last is not conceded. The Democrats claim the Second, Third, Fourth, Fifth, Seventh, Ninth, Twelfth and Thirteenth districts. The legislature is still in doubt. It will be impossible to give reliable figures until late today. Both parties claim all.

Chairman Martin of the Democratic committee expresses himself as confident that the Democratic state ticket is elected by about 15,000 majority, together with a majority of the legislature. The Republican chairman makes the same claim for his side.

TWO DISTRICTS IN DOUBT.

Columbus, O., Nov. 9.—Incomplete returns indicate that the Republican plurality in the state ticket will exceed the plurality of 51,109 for McKinley in 1896, and probably double the plurality of 28,105 for Bushnell for governor last year. The Republicans will elect 15

ECONOMY.

Economy is a three fold idea, and the ingredients that make up the combination are right prices, right qualities, right styles. Low prices without good quality and correct styles would not make any article economical. This is our definition of economy, no matter how much others may argue that one or more of these points are not essential. Our whole system of merchandising is today built upon this foundation and will be carried out upon these lines today, tomorrow and forever.

A visit to our store will convince you that our stock is the finest selected and our price the lowest to be found in the city.

EMPIRE STATE.

(Continued.)

of the 21 congressmen, and four districts will be carried by the Democrats. Two districts, the Third and Twelfth, are in doubt.

SAYERS AN EASY WINNER.

Austin, Nov. 9.—A heavy vote was polled all over Texas. The Democrats swept the state, and Sayers (Dem.) for governor will, it is expected, lead the ticket by 200,000 majority. Hawley (Rep.) will be returned from the Galveston district.

THE VOTE IN ALABAMA.

Birmingham, Ala., Nov. 9.—Returns indicate the election of every Democratic congressman in the state. The vote was exceedingly light in all districts except the Fourth and Seventh.

ALL DEMOCRATS.

Atlanta, Nov. 9.—All the Democratic candidates to congress are elected. Returns show that the Democrats have carried all of the 11 congressional districts of the state. This leaves the Georgia delegation politically unchanged.

LOUISIANA DEMOCRATIC.

New Orleans, Nov. 9.—Reports received assure the election of six Democratic congressmen from Louisiana. The Louisiana delegation is therefore solidly Democratic, as before.

SILVER CONGRESSMEN.

Richmond, Nov. 9.—Virginia returns a solidly Democratic delegation of 10 members. The feature of the election was the breaking away from General Walker in the Republican stronghold of the district, where he was defeated by Rhea. The congressmen are all silver men.

DEMOCRATIC LEGISLATURE.

Helena, Mont., Nov. 9.—Late returns make sure the election of A. J. Campbell (Dem.) to congress by a plurality of 7000. The state legislature will be Democratic.

DEMOCRATS ELECT DELEGATION.

Arkansas, Nov. 9.—Congress: First district, P. D. McCulloch (Dem.) elected; Second, J. S. Little (Dem.) elected; Third, Thomas C. McRae (Dem.) elected; Fourth, W. I. Terry (Dem.) elected; Sixth, S. Brundidge (Dem.) elected.

REPUBLICAN GAINS.

Fargo, N. D., Nov. 9.—Reports from over the state are very meagre, but indicate slight Republican gains over 1896. An estimate on the state gives the Republican ticket 4500 majority.

DEMOCRATIC GAINS.

Richmond, Nov. 9.—Scattering and unofficial returns indicate Democrats return congressmen from the eight districts claimed; further returns from ninth district not sufficient to approximate result. Returns from Tenth shows heavy Democratic gains and indicate election of Quarles (Dem.), if so, a gain of one congressman for the Democrats.

RETURNS COME IN SLOWLY.

Chicago, Nov. 9.—The indications are that the Republicans have elected their entire state ticket, but the figures are coming in slowly from outside of Chicago, and nothing can be estimated with accuracy. The Democrats in many counties have shown gains over the vote of 1896, and they have apparently secured several congressmen in Cook county and some outside of it.

GRAY WILL BE RETIRED.

Wilmington, Del., Nov. 9.—Returns received from the state thus far indicate that the Republicans have elected their state, congressional and legislative tickets. This estimate, if verified by the full returns, indicates the election of a Republican successor to United States Senator Gray and a gain of one Republican congressman. The adherents of Edward H. Addicks claim that he will control a majority of the Republicans elected to the legislature, and he will be the next senator from Delaware.

IN MISSISSIPPI.

Jackson, Miss., Nov. 9.—Mississippi congressional results: First district, John M. Allen (Dem.) elected; Second, Thomas Spight (Dem.) elected; Third, Thomas C. Catchings (Dem.) elected; Fourth, Andrew F. Fox (Dem.) elected; Fifth, John S. Williams (Dem.) elected; Seventh, Patrick Henry (Dem.) elected.

COCKRELL SAFE.

St. Louis, Nov. 9.—Chairman Cook claims the election of the entire Democratic state ticket by a plurality of 35,000, the election of 13 and possibly 14 congressmen, and the return of a safe majority to the legislature, insuring the re-election of United States Senator Cockrell.

At Democratic state headquarters enough returns had been received from 40 out of 114 counties in Missouri to indicate that the Democratic state and congressional tickets have received majorities equal to those of 1896.

A DEMOCRATIC GAIN.

Baltimore, Nov. 9.—Semi-official returns make it reasonably certain that Maryland has returned four Republican and two Democratic congressmen, after an extraordinarily close election. This is a Democratic gain of two. The districts obtained a majority of the popular vote in Baltimore city for the first time in six years.

BUT FEBLE RESISTANCE.

Jacksonville, Fla., Nov. 9.—The vote in this state, judging from returns now in, is from 10 to 20 percent lighter for both parties than in 1896. The whole Democratic ticket is elected. The light vote is due to the feble resistance offered. The constitutional amendment, requiring that bonds of state officers be in sound surety and guarantee companies was carried overwhelmingly. The Republicans and Populists will not elect altogether over five members of the legislature, if that many. The legislature elected will choose a successor to Senator Samuel Pasco.

A TURNOVER, PROBABLY.

Lincoln, Neb., Nov. 9.—Scattering precinct returns indicate a political surprise in Nebraska, for they forecast the almost certain election of Hayward (Rep.) by a majority of not less than 5000. This will be a reversal of the verdict of 1896 by nearly 15,000. The count thus far is wholly on governor, so far as the state ticket is concerned, and as it is the belief that Hayward is running ahead of his ticket slightly, it should make the results on the remaining state officers very close. The most surprising feature is the strength displayed by Republican legislative candidates in some counties.

DEMOCRATS GIVE IT UP.

Des Moines, Nov. 9.—The Democratic state committee concedes the state to the Republicans by 25,000, and claims to have elected Weaver in the Sixth district by 1000 to 1200. The Republican state central committee claims the state by more than 50,000, and the election of every Republican congressman by large majorities.

GAGE'S BIG VOTE.

San Francisco, Nov. 9.—Returns from scattering counties indicate that Gage (Rep.), for governor, is polling a larger proportionate vote than that cast for McKinley. The Republican state committee claims that Gage has been elected governor by 30,000 plurality.

FUSIONISTS AHEAD.

Denver, Nov. 9.—Returns from some of the 1820 precincts in this state indicate that Thomas (fusion) is elected over Wolcott by 29,000 to 40,000. Thomas seems to have carried this county by 8000.

CLAIMED BY BOTH.

Topeka, Nov. 9.—Chairman Albaugh of the Republican state committee claims the state for Stanley (Rep.) for governor by 6000, and Chairman Riddle of the fusion committee claims the state for Leedy, fusion, by 11,000.

M'MILLIN AND NEWLANDS.

Reno, Nev., Nov. 9.—Indications point to the election of McMillin (Rep.) for governor and Newlands (silver) for congress.

DEMOCRATIC TICKET SUCCESSFUL.

Columbia, S. C., Nov. 9.—The Democratic state ticket was elected without opposition. A very light vote was cast.

DEMOCRATIC LANDSLIDE.
By Associated Press to The Sun.

Wilmington, N. C.,—New Hanover, democratic by about 1000 majority; Richmond by 300 to 600, gain 1500. Democratic state senator in doubt but democrats think they have elected him. Bellamy elected to congress by a large majority; looks like a democratic landslide.

REPRESENTATIVES ELECTED.
By Associated Press to The Sun.

New Bedford, Mass.—Lowe rep., Ross, dem., representatives elected in the 7th district, Bristol district. Bruce, 827; Wolcott, 2132.

The town of Fairhaven, 13th congressional gave Greene, rep., 150; Luce, dem., 24. Bruce 24; Wolcott, 196.

LYNN FOR ROBERTS.
By Associated Press to The Sun.

Lynn, Mass., Nov. 8.—Roberts (rep) for congress carries the city over Ramsdells (dem.) by 539 votes.

NEW HAVEN.
By Associated Press to The Sun.

New Haven, Nov. 8.—Congressional, 1st district, E. S. Henry, (rep.) elected; 3d district, Charles A. Russell (rep.) elected; 4th district, E. J. Hill (rep.), elected.; 2nd district doubtful.

TWO CONGRESSMEN.
By Associated Press to The Sun.

Providence, R. I., Nov. 8.—Congress, 1st district, Melville Bull, rep., elected; 2nd district, A. B. Capron, rep., elected.

TAUNTON ELECTIONS.

NATIONAL TEXTILE UNION.

MEETING OF THE EXECUTIVE COUNCIL HELD IN BOSTON YESTERDAY.

The executive council of the National Union of Textile operatives held a meeting in Boston Sunday and among the subjects discussed was that of sending a delegate or two through the south to try to induce the operatives there to organize trade unions.

A member of the council said that he was of the opinion that the unions in this section should take up the matter or organization in the south before it does any more work in New England. He talked with the accuracy of a man filled up with trades union facts and while he admitted that there was plenty of work yet to be done in New Bedford and other parts of New England he was well prepared to show that the most urgent work is awaiting at the southern textile circles.

Certain prominent trades unionists in New England who are not in politics, have collected a mass of figures to prove that unless something is soon done to check continuous running of mills in the south, a change will have to be made in the wage schedule of the northern mills, or they will have to go out of the business.

Matthew Hart, the secretary of the New Bedford Weavers' union, is a member of the council; he is convinced that immediate action should be taken to organize the mill operatives in the southern textile centres. He talked of the matter in the vein of one who is prepared to side with the men who are urging southern organization as a means of improving trade.

He said he thought he Weavers' union in Fall River so strong in a financial way that it would not ask any outside aid in fighting a one-mill strike and while the temper of the working people remained as it now is no outside assistance would be required in the labor of resisting reductions in wages.

MRS. TOOMEY RECOVERING.

Mrs. Winifred Toomey, residing at the corner of Pond and Concord street, who was poisoned by eating canned salmon last Friday evening, is recovering. She is still confined to bed but she is reported out of danger. Her neice who also partook of the salmon, has entirely recovered.

SOLDIERS' BANQUET.

For Wednesday evening a meeting is called by Mayor Bennett to take initial steps towards providing a banquet to Lowell soldiers who have recently returned from the Spanish war. The committee comprises Mayor Bennett as chairman with the same members who had charge of the demonstration to the Sixth regiment on their return to Lowell from Porto Rico.

The reception is not to be given alone to the Lowell members of the Sixth and Ninth regiments as many are led to believe but to all Lowell soldiers who enlisted from this city as well as those members of out-of-town companies but who are still resident of Lowell.

MUSIC HALL.

A great show was the verdict of the large audience which gathered at Music Hall last evening to witness Blondell & Fennessey's farce comedy entitled, "A Cheerful Idiot." The Blondells in the leading roles were clever and kept the audience in an uproar. Ed Armstrong as Mr. Quakerdy repeated his success of the previous evening. Michael Flinn in his dancing specialty responded to several encores. De Veaux and De Veaux in their musical act, made a decided hit. Armstrong and Porter were pleasing as were the Blondells in their specialties. This afternoon and evening closes the engagement.

FOR AMERICA CUP

To Race the Colonia and Emerald

A NEW YORK YACHT CLUB SCHOONER.

Features of the Boats in Preparation.

New York, Nov. 8.—While the trials of the big ninety-footers and the race for the America's cup will attract the attention of the public next Sunday, yachtsmen anticipate one of the best seasons ever known in the history of the sport, and already any number of orders have been placed for steam and sailing craft of all sorts of sizes and descriptions.

Yachtsmen in view of the possible visit of the big schooner Rainbow and the mammoth two-sticker which Watson is building for Mr. Coates, will be pleased to hear that a well-known member of the New York Yacht club has decided to build an eight-five foot steel racing schooner from designs of Gardner and Cox. The new boat, while properly in the class of Ariel and Marguerite, will be raced against the Colonia and Emerald.

According to Designer William Gardner, the new yacht will be an enlarged Quissetta of the centreboard type, of about thirteen feet draught, the limit of her class. If the new boat is anything like as good in proportion as the Quissetta, the Colonia will have her work cut out for her and there should be some splendid schooner racing this summer.

In addition to the schooner, Gardner and Cox have designed big steam yachts for Eugene S. Tompkins of Boston; J. G. Cassatt of Philadelphia, and Richard Stevens of Hoboken.

The Tompkins boat is 140 feet on the water line, 170 feet over all, 20 feet beam 8 feet draught and will have a speed of 17 knots. She has triple expansion engines of the four-cylinder type, which are to be driven by four Almy boilers. The Cassatt boat is of the ocean cruising type, 140 feet on the water line, 168 feet over all, 21 feet beam, 11 feet draught and will have a speed of 12 knots. The boat for Mr. Stevens will be 123 feet on the water line, 160 feet over all, 20 feet beam, 8 feet draught, and will have a speed of 15 1-2 knots.

CRISP GOSSIP.

Claire street was one of the fastest built streets in this city. That is, more buildings have been erected on that particular street in the city in proportion to the time an order was introduced and passd in the city council that Claire street be accepted as a public highway. Two years ago where now stand rows of neat appearing structures, was the old "Thompson's field," as it was known to the small boy in that part of the city.

Judge Hadley remarked yesterday that it was an ideal election day. The sky was cloudless and the temperature neither too warm nor too cold. "Many state election days have seen several inches of snow on the ground, as the older residents will remember," the judge said.

A curious story is told by a volunteer of the Sixth Massachusetts regiment, just back from Porto Rico, says a contemporary. He got leave to go into Ponce one day and he at once started out to get some jelly, a sweet he had been hankering for for weeks. He hunted about the shops for some time before he found a place where such things were kept. On a high shelf he saw what he was after. Pointing to the row of jellies he made the Spanlard pull down a couple of tumblers. The price was stiff and he thought he couldn't afford more than one tumbler. While the dealer was preparing to wrap the tumbler in a paper a label pasted on the bottom of the glass caught his eye. He saw something written on it and taking the tumbler in his hand he saw in his own mother's writing. "Contributed by Mrs. ——." The signature was his own mother's. He tried to have the dealer explain where he got the jelly but couldn't. It had probably been stolen from a batch of supplies landed from one of the American transports.

SOCIAL AND FRATERNAL.

Garfield Colony, Pilgrim Fathers held their regular meeting last night and for the good of the order had a very interesting entertainment and the usual social time. Arrangements are being made for an entertainment to be held in two weeks.

In honor of the women and friends who are assisting in the arrangements for the Foresters' bazaar, Court Merrimack gave a dance in its hall last night There were 60 couples present. J. J. Kelly was general manager, Thomas P. Brennan, floor director and D. P. Shea chief aid. Keyes' orchestra furnished the music.

SENSATIONAL CUT PRICE SALE!

The mild weather of the past month has greatly affected the business of Cloak manufacturers, and caused them to become overstocked with goods. On Tuesday last we closed out the entire stock of M. Marx & Co. of New York, consisting of over one thousand three hundred high grade Jackets, Capes and Suits at less than half price. This is the story in a nutshell:

January Prices in November.

Jackets for $3.95.

One lot of Boucle Jackets, high collar, latest style; regular price $6.50; this sale $3.95.

For $4.98.

One lot of Two-toned Boucle Jackets, high collars; regular price $8; this sale only $4.98.

For $8.95.

20 Fine Kersey Jackets, in blue, brown, navy, green or red, Melton or Boucle; regular price $15 to $20; this sale $8.95.

50 High Grade Jackets, all new styles. Prices range from $12 to $25 each. Two weeks ago these Jackets would have cost you double the price.

Golf Capes.

25 Golf Capes, of fine, heavy, double faced Boucle, all the latest colorings; regular price $12.50. For this sale $8.98.

Ladies' Suits.

New Jackets from $2.95 to $22.50, about half regular prices. Special values in Ladies' Tailor Made Suits, all new and stylish, $9.98 to $13.50; worth double these prices.

Burt's Goods are not included in this list. All lines of this make have already been marked down from $5.00 to $3.50.

We stand back of every pair, just the same as though the profit had not been removed. To be sure there are outs which have caused the discounts like extreme sizes, narrow toes, past season's styles and little trifles that injure nothing but the sale. The high grade material and fine quality workmanship are just as noticeable in these condemned lots as will be seen in our season's stock. There is $2000 to be saved by the prudent ladies of Lowell in selecting their footwear this week.
